Dear Mr. Green

Hearty congratulations on making the Deans' Honor List for the fall semester. You should be very proud of your achievement, and I want to commend you on your fine effort.

I hope very much that you will continue your high level work, not only while you are in school, but after graduation, too. Quality is a commodity that is always in short supply and high demand.

Sincerely

A handwritten signature in blue ink that reads "Kenneth W. Herrick".
