Dear Mr. Saunders:

You are to be congratulated on your excellent souvenir program of Parker County Frontier Days Celebration. You must have done a lot of work, as well as being able to get many people to co-operate with you.

The day after I recieved your program I saw the final and championship day of the Cheyenne Frontier Rodeo. I went over early and spent the morning visiting with contestants and others around the stables. A friend got a few pictures for me.

I'll try to get information in these parts about contests. A gentleman who rides with me is a retired ranchman. He has written about local history and corresponds with many people. Maybe he can get some information.

If it is not too much trouble I would like to get the picture of bulldogging on page 20 and the man being bucked off the bull on page 21. I would also like to have a picture of King's Pistol on page 10. I can have reproductions made and return them to you.

I would like to know the name of the man doing the bulldogging. Perhaps the man being bucked would prefer to be anonymous. With King's Pistol, I would like a little legend as to his training, victories, and any other useful information.

Yours truly,

A handwritten signature in cursive script that reads "John A. Gorman".
