

Hampton April 28. 1849

Dr Sir.

I most cheerfully concur with Mr Stetson, in asking the Department to re-investigate the case of Cashman - From my long acquaintance with Mr Cashman as well as from what I learn from him, I feel great confidence, that unintentional and most serious wrong must have been done him - A full examination I believe will satisfy you of the fact

I trust the matter may be re-examined - and respectfully ask that it may be done.

Respy Yours Obedt Servt
