Mr. Amos G. Carter
Star Telegram
Fort Worth, Texas

Dear Mr. Carter:

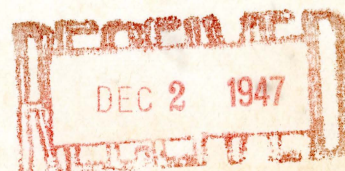

I just want to say that in my estimation your shipment of fifteen carloads of food stuffs to the distressed people of Europe is one of the finest and most altruistic projects of which I have any knowledge. Fort Worth and the nation can well be proud of a man who will be so thoughtful as to make this size of a contribution to people he will probably never meet or even see, but who may be saved from physical want and perhaps physical deterioration by this generous act.

Your splendid example should be emulated by many to show what individual Americans can do under our system of free enterprise and demonstrate to the rest of the world that America is truly interested in helping others to help themselves.

Sincerely yours,

Paul S. Hayward,
General Secretary
