Mr. Herbert Joseph  
Manager, Aviation Department  
Fort Worth Chamber of Commerce  
Fort Worth, Texas

Dear Mr. Joseph:

With regard to your letter of February 7th, I want to advise you that the President of the National Air Council, Mr. F. Trubee Davison, who as you know was the first Assistant Secretary of War for Air and who has been exceedingly prominent in aviation since the first World War, will be in the southwest during the week of May 10th.

It is my feeling that the most appropriate audience would be one obtained for a luncheon meeting by the Aviation Committee of the Fort Worth Chamber of Commerce. I hope you will be able to arrange this and perhaps suggest alternate days during the week.

We appreciate most sincerely your interest in this matter and feel sure that Mr. Davison will deliver a talk both timely and interesting.

Cordially,

Charles D. Frazer  
Executive Secretary &  
Assistant Treasurer

CDF:B  
c.c. Mr. Amon G. Carter.

P.S. Since dictating the above letter, I have been advised that Mr. Davison will be scheduled for a talk in Oklahoma City on Friday, May 14th; so that date should be eliminated.
