Mr. Will Rogers,
925 Beverly Drive,
Beverly Hills, Calif.

Dear Will:

Enclosed, herewith, you will find a photograph showing an excellent picture of Amon Carter and Calvin Coolidge.

When Mencken returned from the Disarmament Conference there was a squib in the paper about him bringing back a twenty quart cup. I wrote him a letter and told him that I could not let him get away with the fact that he had the largest cup and told him about the Sterling silver cup given to me by 300 of my friends on New Year which holds forty quarts. You will note from the enclosed letter he has given me a lot of dope on your European trip. I hope Mrs. Rogers does not open this letter as I would regret to be the means of divorce proceedings. You certainly failed to tell me anything about the duchess.

My friend, Houston Harte, Publisher of the San Angelo Standard, is very anxious to have you fulfill a date you formerly cancelled in San Angelo. Harte is a good scout and has gotten himself in a jack-pot and I hope you will work out some way so you can fill the engagement.

Sincerely,

AGG:KD
