

April 12, 1943.

Mrs. J. E. Parker,  
Odessa, Texas.

My dear Mrs. Parker:

Your letter of April 9th, received and I appreciate very much your passing your son's message along to me about the boys concern over Amon Junior and the other boys missing and we are living in hopes that we shall be fortunate enough to have word soon that Amon Junior is a prisoner of war -- either of the Germans or Italians.

I note you mention that your son, Alvin had made the headlines and that you were being asked for pictures, etc. Evidently I missed this bit of news and would appreciate your letting me know what it is as we have found nothing in our local papers or have overlooked it.

Give my best wishes to Alvin when you write him and thank you very much for writing to me.

Sincerely,

AGC.KD
