Dear Mr. Carter:

Many thanks for the pistol lighter that was received a few days ago and which is now rendering yeoman service. While I have used it frequently and effectively, I have not had an occasion to put any "notches" on the pearly handle yet.

Again many thanks for remembering me, and when I see Mrs. Stanton I will certainly remind her that you kept your promise to send me another lighter for the one given her.

I hope the stone was received in due course and that it proved a satisfactory one to you as well as to Mr. Maurice T. Moore.

Sincerely yours,

C. E. Moore  
Special Representative
