

## For Five Class Offices

Candidates for five freshman class offices should file their names with Miss Mary Claude Scott or Miss Bobbye Rheinlander in The Skiff office before noon Thursday, according to the Student Council election committee.

The election of freshman president, vice-president, secretary-treasurer and two Council representatives will be

held (if they have been in T. C. U. before this trimester.) There are no other requirements for candidacy.

The student's name and the office he is running for is the only information needed on the petition sheet.

## Dramatics Club

**NEW STUDENTS** spring trimester. A group of those who have pushed enrollment figures to an all-time high was caught by the photographer as they were purchasing books. The four in the front row are (left to right) Ray Bristol, Marfa, sophomore; John A. Valamides, J. R. Lowry and Philip Hines, all Fort Worth freshmen.

Number 7

## Graduation Schedule Includes 3 Events

### 'Congregate' to Start Fall Social Activities

An all-student "Congregate" will open the fall term activities at 7:30 o'clock Thursday evening. Sponsored by Student Council, the "Congregate" will be in front of the Honeysuckle Arbor by Jarvis Hall, and will feature a rally and selections by the Horned Frog Band, the Choral Club and by several new and old students.

The purpose of the "Congregate" is to get students acquainted with each other and, incidentally, with the "Alma Mater" and the fight song. The program will be emceed by Norman Hoffman, vice-president of the student body.

To conclude the "Congregate," the assembly will sing "The Star-Spangled Banner" while the flag is being lowered. Refreshments will then be served in Jarvis Hall.

Following the "Congregate," the freshman class will sponsor a "Foot-Ball," a dance to be held from 8:30 to 10:30 p. m. on the tennis courts. Music will be via the juke box. Decorations are being planned by the freshman class social committee, headed by Pat Timbes and Dorothy Lewis.

There will be no charge for the dance. Cold drinks will be sold at an outdoor bar.

Friday, Sept. 7, a "Back to School" dance will be sponsored by the sophomore class. It will be held from 8 to 11 p. m. in the Basketball Gymnasium.

### Dr. Cheverton, Lindley To Resume Work in Fall

Dr. Cecil F. Cheverton and Prof. D. Ray Lindley will return to their classes in Brite College for the fall term, after a two months' vacation.

Brite College fall term classwork will begin Aug. 28, three days ahead of undergraduate courses, Dean Colby D. Hall reports.

### Misses Garner, Bright Are Sworn In by Council

Two new members were sworn in at a meeting of the Student Council Tuesday. They are Miss Martha Bright, treasurer of the student body, and Miss Fay Garner, president of the October graduating class.

### Council Cancels Meeting Because of Examinations

There will be no meeting of the Student Council Tuesday, according to President Dave Hibbard, because of examinations. The next Council meeting will be Tuesday, Sept. 4.

### Laura Kirk, 19, Is Youngest Grad In August Class

If one were to tell who is the oldest senior in the August graduating class, it might cause a libel suit, but when the youngest senior comes to light, that's another story.

Miss Laura Kirk takes top honors as the youngest candidate for graduation. She was born May 10, 1926, and is 19 years old. From McKinney, Laura will receive her A. B. in Spanish. She is president of Ampersand and Los Hidalgos, and works in the registrar's office.

Second youngest to graduate is Miss Jane Morrison, who was born Feb. 8, 1926. Jane is a business major.

Number three in the "youth parade" is Miss Jane McElroy, who was born Jan. 26, 1926. She will get A. B. with a major in biology.

### ESMWT Donates Lab Equipment

Equipment in art, radio, chemistry and physics, valued at from \$1000 to \$5000, was donated to T. C. U. with the closing of the E. S. M. W. T. courses conducted during war time, Dean Cortell K. Holsapple says. The materials were used in the government-sponsored classes.

Laboratory equipment, valuable for research in chemistry, includes an oxygen bomb calorimeter and a photometer for the analysis of colors by use of the photo electric cell. Other apparatus in the field of radio, electronics and physics includes laboratory equipment for elementary and advanced courses.

A number of drawing boards, triangles and T-squares are in the supplies left with the art department.

### Library to Close 3 Nights, Open Again Next Friday

The Library will be closed evenings Tuesday, Wednesday and Thursday. Next Friday the regular schedule will be resumed: 7:30 a. m. to 10:30 p. m., except on Saturdays, when it will close at 3 o'clock in the afternoon.

### Reed C. Mulkey Gets Annapolis Appointment

Reed C. Mulkey, V-12 ex '45, was discharged recently from the V-12 Unit to accept a congressional appointment to the U. S. Naval Academy at Annapolis, Md. He was at T. C. U. for one year.

### Aug. 28 Class Will Attend Baccalaureate, Tea Sunday, Get Diplomas Tuesday Night

Three events will be included in graduation activities for the Aug. 28 class—baccalaureate services Sunday morning, a tea honoring seniors Sunday afternoon, and the commencement exercises Tuesday night.

Baccalaureate services have been held only for the June class, but a request of August seniors for a service was granted and the Rev. Don J. Ver Duin will deliver the sermon at 10:50 a. m. on "Beginning With the Impossible." Dean Jerome Moore will preside.

Seniors will meet in the Administration Building at 10:10 a. m. and faculty members at 10:30 a. m. Sunday to form an academic procession which will proceed to the church in caps and gowns. Marshals for the baccalaureate service as well as for commencement will be Dr. Joseph Morgan and Dr. C. H. Richards, Jr. Flag bearers for both events will be Dr. Gayle Scott and Prof. F. M. Lisle.

Special music will include the organ numbers, "Chant Seraphique," by Rubinstein; "Cradle Song," by Brahms; and the choir anthem, "Oh, How Amiable Are Thy Dwellings," by West.

The University will be host to the seniors, their parents, and friends, at a tea in Foster Hall, from 5 to 6 p. m. Sunday, sponsored by the T. C. U. Faculty Woman's Club, with Mrs. Cortell K. Holsapple, president, in charge.

As a prelude to the commencement (Continued on Page 2)

### \$1500 to T. C. U. For Publications

A gift of \$1500 has been presented to T. C. U. to stimulate and sponsor research and scholarly publications in the field of social science, President M. E. Sadler announces.

Leo Potishman, local grain company executive, is the donor. The money will be used to sponsor the publication on works of merit, in book or pamphlet form.

### Housing Problem Solved as Gym Becomes Dorm

The University, too, has its housing problems.

All the dormitories are filled, and students—both girls and boys—are being turned away, President M. E. Sadler reports.

"We could fill two additional dormitories Nov. 1 if they were available," he reports.

To solve a part of the problem, some 40 boys will be housed in the auxiliary rooms of the Gymnasium during September and October.

During those two months the Rev. Don Ver Duin will take up temporary residence in the Gymnasium, as a sort of supervisor for the emergency dormitory.

"This arrangement will in no way affect Ver Duin's relationship with the University Church," Sadler points out.

Dormitory aspects of the Gymnasium will be abandoned Nov. 1, when civilian students will again take over Clark Hall, occupied by the Navy V-12 Unit since July, 1943.

### Athletic Scholarships Approved by Trustees

The executive and athletic committees of the Board of Trustees have approved several athletic scholarships, in tennis, basketball and track, President M. E. Sadler has announced.

The scholarships will be for the usual amount approved for athletes and will be offered so that these three sports may be developed.

### University Asks Release From Service for 2 Profs

The University has requested the release from military service of Lt. Rebecca Smith, head of the E. S. M. W. T. department, and Capt. J. Clark Streett, Jr., assistant professor of biology.

It is hoped that both may return to the campus in time for the winter trimester Nov. 1, President M. E. Sadler says.

## Find Those White Cards—Or Get New Ones

Better hunt up those admit-to-class cards you were issued July 2. Students who registered for both terms of the summer-fall trimester on that date will need only one provide for necessary changes in fall term courses on the registration days, Wednesday and Thursday. But, admit-to-class cards must be presented at the registration meeting of all classes. Lost cards gladly will be duplicated by the registrar's office.

New students, both high school graduates and transfers, will assemble in the University Auditorium at 9 a. m. Wednesday. At 9:45 a. m. they will proceed to the Library for instructions in its use. At 10:30 a. m. registration will begin. Returning students who have not already done so will register from 1:30 to 4:30 p. m. Wednesday.

Both new and returning students will continue with registration in

the Library from 9 a. m. to 12:30 p. m., and from 1:30 to 3 p. m. Thursday. New students will be required to take physical examinations from 1:30 to 4:30 p. m. Thursday. Women will assemble in the Mexican Lounge of Foster Hall, men in the Gymnasium. A vaccination certificate is required. A get-together for everybody will be held at 7:30 p. m., Thursday, on the campus in front of Jarvis Hall.

New freshmen will take required

psychological examinations from 2:45 to 4 p. m. Friday, Aug. 31.

Monday-Wednesday-Friday and daily classes will start Friday, Aug. 31, and Tuesday-Thursday-Saturday classes will begin Saturday, Sept. 1.

Sunday, Sept. 2, members of the Leti Club will honor new freshmen and returning sophomores with a tea in Foster Hall, to which all first- and second-year students are invited, Miss Jo Jackson, president, has announced.

### Conventional Seniors Bowl

Nobody can truly appreciate the usual feelings of the graduating senior. His feelings are provoked by a rather thick sentiment prompted by recollections of the glittering moments of past college days. No matter how trivial or harsh these remembered incidents, they somehow take on a certain mellowness as the diploma approaches.

Fitting into the general collegiate picture is the Coca-Cola Bottling Company and the corner drug store, according to run-of-the-mill editorials published by college newspapers during this critical period. Something is usually also said about missing the joyous echoes once heard in the school's corridors.

Conventional seniors are prone to shed polite tears on the emotional day of graduation—a fitting act preceded by shelling out to the business office for a diploma and a somewhat warmish cap and gown. The unconventional seniors, having worked off their degree, beam pepsodentally at the prospect of beginning their informal education.

The general spirit of both frivolity and seriousness attacks both of these graduating factions. Final examinations determine if the candidate is worthy of honor. Parties reward the successful for being deserving, and dull speeches advise them that the future welfare of the universe is on their shoulders.

Out of this flora and fauna of the graduation maze there emerges no elaborately lettered certificate that guarantees a successful and happy life. Considering the cost of a college education, in time, effort and money, this lack is really a matter to weep over.

### PICKED UP PASSING BY

Post-Rationing Daze  
All for Science??  
"Sentimental" Journey

Don Gillis, who brought fame to the Horned Frog Band as a hot musical organization, is building fame for himself as a composer, director and what not in the serious musical forms. Don, on N. B. C.'s staff in New York City, is production director of the General Motors Symphony of the Air and for the Sigmund Romberg hour. The G. M. Symphony will play Gillis' "Symphony No. 5" on its program of Oct. 14 under the direction of Dr. Frank Black. The encore—in memory of the old campus days—should be that torrid version of "Tiger Rag," directed by Gillis!

The campus is certainly different these days, since gasoline rationing is no more and blue points are a thing of the past. Girls in Foster Hall are losing no time getting back into the snack habit. Katherine Milam is adding cans of tomato juice to the hats on her closet shelves. Town students have cars again. With all the gasoline one wants, everybody forgets about the tire situation. The Hill looks as though it had never heard of riding the bus to school. But try to convince Rose Million of that. She still catches the bus from North Side for that 8 o'clock each day!

You never can tell what you will hear in the bull session—nor just how much of what you hear will leak out to the campus in general. Take, for instance, this bit of V-12 musing about Foster Hall girls. It seems that the boys were discussing make-up, when one sagely observed: "What I can't understand is how the girls in Foster recognize each other when night comes and they take off all their powder and paint!" Which makes it pretty obvious that the V-12 interest in make-up is purely academic and scientific (it says here!)

You can't graduate from T.

### Graduation Schedule

(Continued From Page 1)  
ment exercises on the campus at 8 p. m. Tuesday, Mrs. Q'Zella Oliver Jeffus will play the organ number, "Hymn of Glory," by Ravanello.

President Emeritus E. M. Waits will give the invocation and Prof. John Brigham will sing "Great Peace Have They." Dr. John L. McMahon, president of Our Lady of the Lake College of San Antonio, will deliver the commencement address.

#### Deans to Present Classes

Classes to receive Bachelor's degrees will be presented by Deans Ellis M. Sowell, Cortell K. Holsapple, T. Smith McCorkle, Jerome Moore; for Master's degrees by Dean John Lord; and for the Bachelor of Divinity, by Dean Colby D. Hall. Registrar S. W. Hutton will provide the diplomas and President M. E. Sadler will confer the 48 degrees. Dean McCorkle will present the honor students.

The exercises will close with the singing of the Alma Mater, a benediction by the Rev. Ver Duin, and the recessional, "Allegro Marziale," by Brahms.

Bob Reed, Thomas K. Moy, Johnnie Farris and Jimmy Patee, exes '43, are stationed together with the Army somewhere in Germany.

Capt. William F. Abney, B. S. in Physical Education '40, has been awarded the Distinguished Flying Cross at ceremonies in Italy for outstanding leadership displayed on a bombing mission against German ground force installations.

## In the Service

Joe Shosid, ex '45, is now stationed at the U. S. Maritime Training Station on Catalina Island, Avalon, Calif.

Pfc. Bolin Duraway, ex '44, is reportedly en route home from an Army hospital in the Pacific, after being wounded in action.

Willis Myers, a/s, ex '45, has returned to San Diego to receive his transfer orders.

Lt. (j. g.) Louis D. Hoblit, A. B. '41, visited the campus recently. He was on leave after 15 months' duty in the South Pacific. He has reported to Oakland, Calif., as a meteorologist at the Naval base there.

Monroe Harrelson, Ransom Jackson and C. A. Fagan, V-12 exes '45, visited the campus last week. They are stationed with the NROTC unit at the University of Texas.

Lt. Roger Neely, ex '42, visited the campus recently. He has received a discharge from the Army Air Forces, having served as a B-24 pilot in the European theater.

Lt. (j. g.) Harold McClure, '37, is at Anacostia, D. C.

Lt. Mary Evelyn Jordan, in Commerce '43, is with SPARS somewhere in Hawaii.

Lt. Martin E. Jarrell, ex with the Air Transport Command in Algeria.

Cpl. Charles Vaughn, ex '43, has been in Europe D-Day. He was recently selected to attend University Center London. He was a member of the 78th (Lightning) Division, fought through 44 cities in France and Germany.

Maj. Mac Best, B. S. in Physical Education '40, has been awarded the Bronze Star "for meritorious service in connection with military operations." He is with Strategic Air Forces in Europe. Maj. Best entered the service June, 1942, as an enlisted man.

# For Five Class Offices

Candidates for five freshman class offices should file their names with Miss Mary Claude Scott or Miss Bobby Rheinlander in The Skiff office before noon Thursday, according to the Student Council election committee.

The election of freshman president, vice-president, secretary-treasurer and two Council representatives will be

held (if they have been in T. C. U. before this trimester.) There are no other requirements for candidacy. The student's name and the office he is running for is the only information needed on the petition sheet.

## Dramatics Club

**NEW STUDENTS** spring trimester. A group of those who have pushed enrollment figures to a all-time high was caught by the photographer as they were purchasing books. The four in the front row are (left to right) Ray Bristol, Marfa, sophomore; John A. Valamides, J. R. Lowry and Philip Hines, all Fort Worth freshmen.

## Frog Flashes

The Frogs will travel in the two school busses this fall, with the exception of the Kansas City trip, which will be made by train. Besides K. C., destinations will be Waco, Fayetteville, Norman, Lubbock and Austin.

The Frog starters — or what is a good guess, at this stage of training, as the starters — will average 196 pounds. That's around 20 pounds more per man than the starting weight of last year! This season's line will top the 200-mark by a few pounds and the backfield will average about 186 to 188. Merle Gibson, at 170, is the lightest of the probable starters, but don't let that fool you. If every position is manned as well as Hoot's end, the Frogs will repeat for the flag.

The 1945 squad list begins to look like prewar stuff. The average age is greater, due to the presence of a number of ex-service men. Only three V-12 men are among the candidates. The Navy leaves the campus Nov. 1 and football greatly aided by this manpower during the past two seasons, must get back to civilians. Weight averages have taken a decided upward trend. There is even some improvement in experience, with eight lettermen and two who earned freshman numerals with the Polliwogs.

Clyde Flowers and Merle Gibson are T. C. U.'s representatives on the All-Star squad that will meet the pro champs in Chicago Thursday night. The game will undoubtedly be broadcast, so Frog fans will want to tune in to see if these men get a chance to show their stuff. It is probable that Flowers may have a better chance than Gibson. Bernie Bierman, Minnesota master of power stuff and coach of the All-Stars, is not likely to use a passing game — and pass catching is Gibson's forte. Flowers, however, should fit into a strong ground attack.

The G. I. influence on football is best summed up in the fact that there are 16 ex-service men out for football. Five of these were with the '44 outfit—Cooper, Kohler, Mason, Mullins and Rose. The 11 new G. I.'s include Ezell, Jones, Largent, Morrill, Newton, Oneal, Perkins, Sparks, Stansauk, Turner and Wallin.

The game with the University of Oklahoma, originally scheduled as a night contest in Oklahoma City, has been moved to Norman and will be played as a regular day game. The date is Nov. 3 and the day has been designated as "Dad's Day."

Five states other than Texas, which most of the boys call home, are represented on the squad. California has 3, Kansas and Oklahoma each, Minnesota and Missouri 1 each.

## Frogs, Bigger, Better, Get Rolling for 1945

### 'We're Going to Throw Ball!' Announces Happy Dutchman

The 1945 Frogs are definitely bigger than the 1944 championship aggregation. Whether or not they are better remains to be seen, but in this first week of practice there is a lot of optimism evident among both coaches and players.

Last-minute candidates Monday afternoon brought the squad total up to 49 men. This will taper off somewhat as the season develops (it always does), but there should be no doubt about enough material for three teams, with a few spare parts.

Outstanding among the "unexpected" men is Beekie Ezell (brother of Don and Dee) who won his freshman numeral with the 1939 Polliwogs. Discharged July 27, after 44 months of Army service, three years of it in the Pacific, Beekie hurried back to T. C. U. and started work on his degree in education and his football "T."

Norman Morrill, 215-pound guard who, stationed with the V-12 here then, lettered with the 1943 team, should prove useful to Line Coach Hub McQuillan. Morrill played with a Navy team last year.

Coach Meyer will call for the hats tomorrow afternoon and the Frogs will buck heads for keeps in the first intrasquad scrimmage. "We'll go at it under game conditions and try to find out what each man can do," the Dutchman says. "We want the best man in the spot where he can be the most help to the team, so we're going to see to it that every man gets a chance to show the coaches what he can do."

Other newcomers include Ray Newton, back, 200; Clayton Worthington, end, 199; Earl Stout, end, 168; Charles Perkins, guard, 190; Bubba Schmid, guard, 185; Sam Frank, back, 200; Lee Scott, guard, 165; Felix Duhon, guard, 180; Wayne Cox, tackle, 175; and Lloyd Briggs, end, 175.

The Frogs will undoubtedly be stronger than the aggregation which won the conference title last year—but every other team in the league can say the same thing!

Among the items of improved strength will be the considerably greater reserve strength. Last season from six to eight men had to go the full 60 minutes in the really tough contests. This year Coach Dutch Meyer has 'em at least two deep at every spot and can spell the first-stringers a bit.

The 1945 Frog team will be noticeably bigger than the 1944 champions. Last year the line averaged around 183, the team around 179. This season the line should be around 200, could pass that mark considerably if the really big boys turn out to be first-string. The team as a whole will average around 190.

And that passing boy, Leon Joslin, is still another reason why the current eleven should make opponents sit up and take notice.

"Make no mistake about it, we're going to throw that ball this year!" Coach Meyer reports.

The squad will have almost five

weeks of training behind it when it journeys to Kansas City, Mo., for the season's opener Sept. 22 with the University of Kansas, under the lights at Ruppert Stadium. The Frogs opened with the same team in the same spot last year, defeating the Jayhawkers 7 to 0.

It will be Oct. 20 before the campus gets a look at this year's eleven. The Texas Aggies come to Fort Worth on that date.

But the Frogs will be playing the Baylor Bears in Waco Sept. 29 and, now that gasoline is unrationed, there ought to be a real mob of T. C. U. fans in the stands down there that day.

### Hilton Hoover Is Winner In Rockwood Golf Finals

Hilton Hoover, entry from T. C. U. in the city golf tournament, won the finals this week at Rockwood Park Golf Club. He was low man among the 32 contestants in the first flight.

BUY VICTORY BONDS!

### Foster Hall "Inseparables"—

## Singing "Twins" Live, Study, Now Get Degrees Together

They're both voice majors. They're both sopranos.

They live on the second floor of Foster Hall. In fact, they've been roommates since their freshman year on the Hill.

They both sang solos in the Choral Club's presentations of "Iolanthe," "Joan of Arc" and "Bohemian Girl."

They both gave their senior voice recitals last week. They both study under Prof. Arthur Faguy-Cote.

They're August graduates, and they both intend to remain at T. C. U. to get their Master's degrees.

And just to show that the course of true friendship never runs smoothly, they were even camped together recently.

In fact, their only noticeable dif-

ference is that one is a brunette and the other is a blonde. Incidentally, one is from Waynesboro, Tenn., and the other is from White Deer, Tex.

Their names? Most people know them as Dorothy Forrester and Max Helen Pickens.

### Barratt, Dunn Tie In V-12 Softball

The teams of Ernie Barratt and Tim Dunn are tied for first place this week in the V-12 intramural softball league, both having won 3 games and lost 1. In Monday's game, Barratt's ten beat Dunn's team 5 to 3.

Lester Messer's team is in second place, and Ben Chapman is last.

## Post-Graduation Plans Get Seniors' Attention

Post-war plans make the headlines of the down-town papers, but post-graduation plans rate the super-snooper column of The Skiff this week, what with August graduation just around the corner—and exams all but here.

After graduation, JOHN R. FINEGAN, JR., intends to follow up his biology major with study at the Southwest School of Medicine in Dallas. A town student, John now works at the Scott Drug Company.

COLEEN HARTIS, art major from Baytown, says that although her plans for the future are still undecided, she may become a commercial artist. "But first," Colleen adds, "I'm going to take a vacation—a long one."

With a major in education and a minor in music, HARVE HOLLAND of Midlothian will receive his A. B. degree and return to his home town to continue as principal of the high school there.

A town student with a double major in sociology and psychology, DOROTHY KRAFT'S plans for the future include a vacation and then business college. Out of one school into another, huh?

CORTELL K. HOLSAPPLE, JR., V-12 ex '44 from Fort Worth, will receive his B. S. in absentia, as he is now at the Tulane Medical School in New Orleans, La. His post-graduation plans depend upon Uncle Sam, but, the Navy being willing, he will continue in medical school.

ANNA RAE BANTA, who will receive a B. S. in Home Economics, has her future all planned out. It includes "sleeping for about two months, and then possibly doing some research work in dietetics."

Now that the war's over and her husband will be home to stay, MRS. EVELYN GRACY BARKOW has one post-graduation idea. She wants to be a housewife. She will receive her B. S. in Commerce.

MAXINE BENDER from Panshandle will also get a B. S. in Commerce. She studies business—but she dreams about swimming, that being her favorite sport.

A Fort Worth girl who is interested in debating, dramatics and football, BETTY JEAN BLACKWELL is thinking about a career as a laboratory technologist after she gets that sheepskin.

Getting her degree in English, JOHNNIE RUTH BOWERS of Fort Stockton, says she may do some additional work on the Hill and become a teacher. Polish up those apples, boys.

NITA CARRINGTON, who deserted "Big D" for T. C. U., will get her degree in English. Her interest in dramatics paid off with

the role of "Nora" in the Dramatic Club's production of "The Doll's House."

Another Dallasite who moved to "Cowtown" is MARY JEAN CARTER, who will get her degree in biology.

BETTY ANN CAVENDER, who came to Fort Worth from Alexandria, La., will receive her degree in history—but her favorite pastime is not looking through history books; it's sports.

Getting her B. S. in Home Economics is BETTY LOU COBB. She is from Texarkana.

Another student of medicine is JOSEPH ENGLER, who will get his B. S. in absentia.

BONNIE JEAN WIECH is going to her home in Longview for a long vacation after graduation. She is a business administration major and has no immediate plans. Maybe the fact that she's engaged explains this.

Secretary of the August graduating class, ELENE WOOD is going to take a month's vacation after which she will work for some oil company (she hopes).

KENNETH WOMACK and LEWIS C. SHAW are in Baylor Medical School in Houston. The Navy will decide their immediate future.

From Loma Vista, Calif., HARLAN McCALLUM plans to do missionary work upon graduation. He sang in "The Bohemian Girl."

A secondary education major, RUTH MARIE WHITE of Lufkin has a vacation in mind for the future. Other than that, she has no definite plans.

BONNIE WELDON will also take a vacation. Tyler is on her list at present as she plans to visit relatives there. After that, she will work in her aunt's dress shop in Fort Worth, known as Weldon's.

An initiation for new members of the Brushes Club was held last night in the art studio, according to Miss Janet Kroll, president.

### Dr. Marshall Speaks To B. S. U. Group

Dr. Bill Marshall spoke on "Spreading Christianity in the World" at a B. S. U. banquet Tuesday at the University Christian Church. Misses Max Helen Pickens, Dorothy Forrester and Mona Moore sang "The Lord's Prayer," accompanied by Miss Roberta Waltermire.

### Home Ec Students Give Coffee

A coffee for faculty and students was given yesterday by members of the "Food Preservation" and "Nutrition" classes. Class work was on exhibit in the home economics room.

### Reed Mulkey to Wed Oklahoma Girl

The engagement of Miss Nell Harris of Ryan, Okla., to Reed C. Mulkey, V-12 ex '45, was announced recently. Reed is now at the United States Naval Academy at Annapolis, Md.

### How About An Apple?—

## "Food Preservation" Class "Puts Up" 250 Jars of Food

"There's practically enough food to feed an Army (only for T. C. U. it would be a Navy) for a week—if it were a small Army," says Mrs. Virginia Brentzel, member of the home economics summer "Food Preservation" class, as she viewed the 250 jars of canned goods that are the product of the eight weeks' work of the seven members of the class.

Miss Nada Goad joined the class just for the fun of it, but Miss Anna Rae Banta, soon to marry Roy Holt, had a definite purpose in mind, and was really looking ahead when she decided to explore the mysteries of the pressure cooker.

"And not one of our jars blew up, either," she reports.

On display yesterday at the home economics open house were the 250 jars of tomatoes, green beans, sour kraut, and just about

everything else to make a gry. Out for inspection the apple sauce, apple butter, apple preserves, apple jelly and apple juice that the girls made from us," explains Miss Enlow, "and for weeks these apples all over the place."

Ensign Richard L. Trimble, ex '44, is attending tactical school at Hollywood, Fla., on reassignment to the Naval school, St. Simon's Island.
