

JNO. N. GARNER
UVALDE, TEXAS

Jan'y 3" 1946

Dear Amos:

Mr. Garner has been after me
some days to write you about what
he is doing daily, which has prevented
him from writing you himself. To tell
the truth - he is just too lazy. In
spite of having "millions" of rabbits, which
increase as fast as "Pigs is Pigs" - he is
busy with chickens, ducks, lambs & raising
our calves for the locker - he takes time
off to smoke one of your cigars a week.
all of the above is what he told
me to tell you except that he is
lazy. Really he keeps busy thinking up
things for every one else to do, so
has no time to do what he should
do. To go back to his cigars - he
prizes yours so highly, he is saving
them for his own selfish pleasure
& Mr. dinner time has come and
my strength is gone.

We both love you and think
of you from day to day -
affectionately
Ettie Garner
