

A moving picture describing the "life history" of a barrel of oil, will be shown Monday, May 16, at 11:00 A.M. in the Auditorium of the Administration Building. Production, refining and marketing will be described. This film should be of special interest to students in Geology, Economics, Business Administration, Physics and Chemistry. Anyone interested is invited to attend. The voice of Lowell Thomas insures a good description. This film is shown through the courtesy to the Sun Oil Company,
J.L. Whitman.

The following students were absent from all classes Wednesday, May 4, in order to publish that day's issue of the Fort Worth Press:
