BEST WISHES TO THE SENIORS

You are most fortunate in being permitted to complete your college course. Hundreds of thousands of young people will not be thus privileged during this war emergency. Therefore, you will have responsibilities of leadership not equalled by any other graduating class during the past quarter of a century.

Knowing you as I do, I am confident that you will gladly assume and effectually perform whatever obligations may be yours.

We deeply appreciate your good work here and assure you of our abounding good wishes.

M. E. SADLER
