Bought in the Fall 1944, prior to December, 800 shares American Airlines stock. Later it was exchanged 2 for 1 which made 1600 shares. This was given to my son, Amon G. Carter, Jr., and my daughter, Ruth Carter and has since been exchanged for the new shares of 5 for 1 and they now own 4000 shares each, or a total of 8,000 shares as the result of the 800 shares purchased in the Fall 1944. This 8000 shares, together with the 92,000 shares I own makes a total of 100,000 shares.
