Scandal Column Brought Smiles and Tears Even in 1902

If you should find in this paper under the heading 'Just a Splash of Dirt' a notation of the fact that you had been seen necking somebody's else (Dr. Clubb says the form is correct) sweetie, or found in Jarvis parlors under the influence of liquor, just shrug your shoulders and say, 'It's an old T.C.U. custom.' Such notations are as old as The Skiff itself.

Of course, it was not always called 'Dirt.' For last year it was 'Ann Gora's Cat Nips' and the year before that 'The Gold Dust Twins.'

Back in 1902, when papa and mamma went to T. C. U., they read items about others and laughed, or about themselves and kicked. And in those days the professors got theirs too. In the issue of The Skiff, Dec. 13, 1902, we find among the locals:

'Ask President Zollers what club he joined while at Weatherford.'

'Ask Prof. Hall what he found at the depot, and if it belonged to him.'

There is no way of knowing just what club President Zollers is supposed to have joined or why he joined it, but the old-time dirt columnist senses the fact that Prexy was not extra gleeful at its appearance. He might also suggest that Prof. Hall had inadvertently taken somebody's else (Dr. Clubb still maintaining) something much to his own and the somebody's else embarrassment.

In 1904 the ever-awake Dirt columnist published the fact that 'Prof. Snow makes a joke, 'Everybody that said "It" will have to go to the show.'

In the same issue he remarks 'Does the Major talk in his sleep?' and then says in another paragraph, 'Just one little word—Jones to Miss W—'

In 1909 jokes appeared in the paper with students' names used as the

speakers. Professors were not exempt in this respect.

The issue of 1911-12 ran a column headed 'Reuben's Dope,' containing poems, bits of news and a few tattling remarks about students. The same year saw the appearance of 'Would You Believe,' in which were found choice bits of gossip, and incidentally a crack or two at the eggs in the cafeteria.

In 1916 the Dirt Column became an official part of the paper. It was

known as 'Odds and Ends by Everybody.' At the head of the column it was announced that some of the statements may be true, others not true. It asked students to drop into The Skiff box anything that they overheard or did not overhear, and promised publication. The first 'piece of dirt' was a promise by President Waits to make his chapel interesting.

From 1923-1926 Billy Ashburn gathered the scandal and dispensed it under the heads as 'Goode Hall Glimmerings,' 'Croak,' and 'Bull Frog.' This dirt editor is now Prof. Karl Ashburn of the department of economics. He says that there is a good story about his life as a dirt editor but refused to reveal the story.

In 1926-27 Miss Anna Lou Childress wrote the scandal under the name 'Sammy Peppy Peeps.' Her style was that of the famous diarist. In 1927-28 she continued her column, while at the same time the 'Kampus Kat' prowled the grounds peeping into Jarvis windows and under Goode beds, telling what he saw in his 'Kampus Kat's Kolumn.'

In 1928-29 the campus gossip appeared under the head of 'T. C. U. Chaff.' There is no clue to the writer.

So for the past 30 years The Skiff editor's work has been interrupted by visitors 'protesting' the use of their names in the 'dirt column.' Miss Ernestine Scott, the present editor, is now expecting a visit from Miss Marguerite Tandy denying that she was the one who 'ruined 'Stumpy' Butler's reputation.'

You Need Physical Education

Unfortunately the average freshman enters physical education with the idea that it is a waste of time, something to be gotten out of the way so he can graduate.

Such an idea today, however, should not be prevalent. Educators have made careful studies in the field of physical education. They find that physical education is an educational process "not only developing physical potentialities, but influencing the entire individual through employment of the physical equipment—education not only of, but through the physical mechanism."

Even though the student is interested in scholarly research, he should not omit the development of vigorous, capable physical equipment. Few people in this day of sedentary life enjoy the enthusiasm and zest in the process of living, to which everyone is entitled.

The physical education departments in colleges and universities all over the United States are striving to make that department fulfill the needs of the individual student. They realize that everyone should not be required to take the same type of exercise.

Physical education is helpful to every student. It is a necessity for those who desire to be both physical and mentally alert. You need physical education.

We Need More of Them

On the University campus there are to be found between 20 and 30 organizations. Their primary purpose has been to offer extra-curricular activities to the students in T. C. U. All that is ever heard of some of these clubs is through the society column of The Skiff—that some social is being given by the respective members.

A cry that has been heard by students during the last few years was that for new stage scenery. The Dramatic Club not only produced a play in "The Nut Farm" that deservedly drew a large audience, but presented the production with a set of new scenery, which club members constructed.

Under the direction of Prof. Lew D. Fallis, Dramatic Club members will present a Christmas play, "The Fool," for the University Religious Fellowship service Monday night. This play is being given with no admission charge.

The Dramatic Club members have always given unselfishly of their talent to further the cultural side of our University life. We need more such organizations in T. C. U.

Let's Co-operate

In the recent issue of the Lass-O, C. I. A. publication, appeared the following paragraphs:

"Mark Twain in his early days was editor of a paper in Missouri. One time a superstitious advertiser wrote him, saying that he had found a spider in his paper, and asked whether that was a sign of good or bad luck. The humorist wrote this answer and printed it:

"Old Subscriber: Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising, so that he can go to that store, and spin his web across the door, and live a life of undisturbed peace ever afterwards."

Although this incident happened a number of years ago, it might well be applied to the situation at T. C. U. today. The Horned Frog is sponsoring a number of Downtown Days in order to bring about advertising and to make Fort Worth T. C. U. conscious.

If every University student would play the part of a spider and weave a thread around those stores which do not support T. C. U., and do not patronize our publications, a great help would be afforded the business manager of both the Horned Frog and The Skiff. If the students would for only a short time boycott such merchants, a stumbling block in the way of more advertising and bigger publications would be destroyed.

Let's co-operate!

Famous Negro Player Has Role in 'The Cabin in the Cotton' at Worth

The long-awaited showing of "The Cabin in the Cotton," First National picture starring Richard Barthelmess, makes its initial appearance in Fort Worth at the Worth Theater tomorrow for a run through Tuesday. One of the most famous negro actors of the present day has a role in this production.

He is Clarence Muse, writer of several negro plays and composer of the popular number "When It's Sleepy Time Down South." Muse is famous for his role in "Porgy," one of the most sensational negro plays ever written.

A Review of Edgar Arlington Robinson's 'Nicomodemus'

With the advent of Christmas, certain well-established stories befitting the spirit of the season suggest themselves: the tragic negation of Scrooge, the quiet faith of the Other Wise Man, and the incomparable story of the Christ Child. Yet there are gems of more recent origin, evolving from the Christmas tradition in literature, which deserve recognition.

It is to this group which Edgar Arlington Robinson's "Nicomodemus" belongs, although it is not a poem written upon the birth story. Rather it is, as the title indicates, concerned with the reaction of the two most learned men of the time, Caiaphas and Nicodemus, to the word of a Carpenter who knew no fear.

Mr. Robinson has presented his characters after an epigrammatic manner, weighing each word they speak and thereby heightening the dramatic consistency of the portrayal. This is a poem of no little meaning nor casual philosophy. It is rich in thought, sincere in treatment, and characterized by an intensity which bespeaks the brilliancy of the poet's conception.

YOUTH'S CRY

Oh, let me have romance And joy without limit, Taste life to the fullest Each hour and each minute.

Give me love and adventure. Who cares for tomorrow? 'Twill come soon enough With its trouble and sorrow.

And give me but beauty; Be careless, my days, For soon will come duty, And dull grown up ways.

Oh, pray let my youth Be all dancing and song Time for paying the piper Will come before long.

Yes, let me be gay. Then I'll have, to remember The playtime of May When I come to December.

Sunset lighting up the western sky, Ere you part, your brilliant mantle spread, Soon now only night will greet the eve, Telling earth the golden day is dead.

### Christmas Functions Crowd Social Calendar Next Week

By LUCILE HATHEWAY.

Suggestions of Christmas are the features of banquets, parties and progressive dinners this week and many pre-holiday affairs are being crowded into the three days next week before the holiday vacation. Nearly all the clubs are having some sort of Yuletide function with either boxes or trees where gifts are exchanged. Groups of girls in the dormitory are planning farewell feasts and spreads.

Then for twelve days the campus, dormitories and dining room will be quiet and peaceful, while every one has gone home to rest and play. House parties, dancing and bridge mixed with Christmas trees and holly wreaths will make us all forget that we have ever to return to school for term themes and exams.

#### Frog Band Honored In Stewart Home

Opening the winter-social season for the Horned Frog Band was a buffet supper given in honor of the bandmen and their guests Sunday evening at the home of Billy Tom Stewart, band mascot.

The home was attractively decorated with the T. C. U. colors and Christmas lighting effects.

In the receiving line were Mr. and Mrs. Will Stewart, Prof. Claude Sammis, Miss Eula Lee Carter, Roy Baggett, ex-president of the band, and Tom Fleming, president. Miss Dorothy George was in charge of the guest book, which was signed by 60 guests.

The pinate, an old Mexican custom, will be the highlight of the Alpha Zeta Pi Mexican Christmas party Monday afternoon from 3 to 5 o'clock at the home of Miss Mary Louise Mobley, president, 2021 Windsor Place.

The pinate custom consists of trying to knock down a large bag of presents, candy and nuts and then scrambling for them. A nacimiento scene will be prominent in the decorations.

The playing of Spanish and French anagrams and the serving of Mexican pralines will conclude the party. Miss Maurine Justin is in charge of arrangements for the affair.

A talk by Miss Louise Briscoe on "How Portugal Came to Be?" and one by Miss Annabel Goldthwaite on "Customs and Manner of the Portuguese" featured the program when the fraternity met Wednesday evening in Brite College clubroom.

### Mr. Fred Is Man About Campus And Has Many Stories of Life

The chances are against your ever meeting Mr. Fred. He goes about the campus picking up waste papers and trash. You may see him every day, but you don't really notice him because your mind is preoccupied.

Mr. Fred's mind is preoccupied, too. He sometimes seems to forget the things he is doing and the people who are near him. The far-away look comes into his eyes and one can imagine him reviewing in memory his 65 years of life from the day when in 1884, as a boy of 16, he sailed from his home in Sweden, until he came to T. C. U. in 1920.

Leftover of Melting Pot Age. Then if Mr. Fred is inclined, he can tell out-of-the-way things, experiences which you can fit together as a jig-saw puzzle into an informal history of a past that has become a part of the American epic. Mr. Fred is a miniature left over from a day when America will still the melting-pot of the nations, when she was still opening her western lands to immigrant populations.

He has been all over the world in windjammers and has served in the merchant marine of all the great maritime nations of recent years. He ran away to the sea when he was 16 years old and continued to "go down to the sea in ships" for a quarter of a century. "I'd go again right now if I weren't growing too old," Mr. Fred said.

No Real Sailors Now, Mr. Fred. He likes the sea, and he's proud of that rich and varied experience up and down the coastlines of the world. He's afraid though that he couldn't learn to like the steamers as he did the windjammers. There are no real sailors any more. Sailors are hired to scrub the decks, paint the hull, polish the brass and be pleasant with the passengers. A real sailor in the old days was one who could go aloft and take in sail during an 80-mile gale.

Mr. Fred participated in the Spanish-American war although he was not a regularly enlisted sailor. Before the war broke out he had been shipping with the Boston Fruit Company in the Caribbean and South American trade. The Massachusetts Aid Society bought the vessel, The Belvidere, from the Boston Fruit Company and converted it into a hospital ship which was later taken over by the U. S. government.

The vessel sailed to Savannah, where it picked up three doctors and sixteen nurses. It sailed under orders for six months around the island of Cuba and never "saw a blooming patient," as Mr. Fred put it.

After the war Mr. Fred went to South America on a freighter. A great deal of saltpeter, or nitrate, was being exported from Chile to France, Germany and Italy, which, incidentally, was being made into gunpowder and munitions, for the great powers were even then preparing for the war that came in 1914. While he was in Chile, a revolution broke out, tying up the shipping. It was the occasion for a great deal of fighting among the sailors and the soldiers of federal and rebel forces.

Vessel Makes Record Run. On one trip from Icaia, Chile, to Hamburg, Germany, the windjammer on which Mr. Fred was shipping at the time made the exceptional time of 5 months and 21 days. The trip is made by steam freighters now in 21 days or less.

During the World War, Mr. Fred worked in Forest Park, being too old for enlistment. He has worked around the grounds at T. C. U. for the last twelve years.

### No Football But Plenty of Other Campus Interests

A college without a football team? Unheard of! Football and college have become so closely associated that a college or university without a football team is practically an anomaly. Yet, sure enough, there is a regular bonafide college in the Southwest without a football team and consequently without the football special trips and bonfires.

New Mexico State Teacher's College is located at Silver City, N. M., in the heart of the lower chain of the Rocky Mountains. Its mascot and college emblem is the Mustang.

The college has a student council and elects student body officers. It has an imposing array of social affairs, chief among which are the Fall Brawl, Spring Frolic, Senior Banquet, popularity contest and president's reception. It even has an Alma Mater and pep song, but — it has no football team.

Other things of interest about the school are that it permits the hazing of freshmen, in moderated form, and allows the women to smoke in their rooms. Dancing is allowed both on and off of the campus and students are permitted to keep automobiles.

Dating restrictions are more rigid than at T. C. U. All women are required to return to the dormitories by 10 o'clock on week nights and at 10:30 p. m. on weekends, unless special permission is granted until 11:30 p. m. Freshmen receive one date night per week and sophomores two, while the upperclassmen are not restricted.

### Jack Graves to Lead 1933 Frog Football Team

#### Langdon Sub-Capt.

#### Star End of Beaumont Elected at Annual Banquet

#### J. W. Townsend Awarded Rogers Trophy—Vaught Honored by Dr. Walker.

Jack Graves, sensational junior kingman on the 1932 Horned Frog championship grid machine, was elected captain of the 1933 Purple and White football team at the annual football banquet held Monday evening at the Fort Worth Club. Jack Langdon, another star junior end, was chosen as sub-captain for the coming season and will serve as captain when Graves is not in the game.

Since their sophomore year this pair of Jacks has been outstanding in their play and only because they were playing as understudies to senior members of the ball club were they branded subs. Graves received several votes on the all-conference team this year but not enough to make the first eleven.

**Townsend Most Valuable**  
J. W. Townsend, T. C. U.'s stellar ironman center, received the Dan Rogers Trophy for being the most valuable man. This is an annual award to the player chosen by a committee which is selected by Rogers. The award was a 17-jewel Hamilton watch. Townsend is the first player to receive this award who was not a captain. Captain Atkins received the trophy in 1930 and Captain Harjos Green had that honor bestowed upon him in 1931.

Dr. Webb Walker, staunch Frog supporter for the past 15 years, will present Captain Johnny Vaught with a similar watch for making the all-American team this year. Dr. Walker will give each Horned Frog player this same award who makes the all-American team in the future. Dr. Walker will also entertain the 1932 champions within the near future with a chicken dinner as his token of appreciation to them.

**Squadmen Receive Awards**  
Red Oliver was given a prize for being the best lover and the man with the most "bees."

The members of the squad were presented with two prizes from the merchants of Fort Worth. Pangburn's Candy Company gave a large box of candy to each player and Squibb's Company donated a toilet set. These prizes were secured by J. C. Griffith. Other prizes from Griffith and merchants of Fort Worth will be given to the lettermen later.

Both the varsity and freshman squads were honor guests of the evening.

### 1933 Conference Schedule Named

The Horned Frogs' 1933 conference football schedule, announced this week by L. C. Wright, business manager and athletic director of the University, will start a week later than the 1932 schedule because of the fact that Thanksgiving will come a week later.

The schedule includes three conference games on the home field and three abroad. A. & M., Rice and S. M. U. will be played on Frog Field. Arkansas will be played in Fayetteville, Baylor in Waco and Texas in Austin.

The 1933 conference schedule is:  
Oct. 14.....Arkansas at Fayetteville  
Oct. 21.....A. & M. at Fort Worth  
Nov. 4.....Baylor at Waco  
Nov. 18.....Texas at Austin  
Nov. 25.....Rice at Fort Worth  
Dec. 2.....S. M. U. at Fort Worth

### Prof. Ashburn Speaks On Principles of Jesus

Prof. Karl E. Ashburn of the economics department made a talk at the First Methodist Church of Celeste last week on "The Three Great Social Principles of Jesus."

Prof. Ashburn also published an article on "Loyalty to the Social Teachings of Jesus" in last week's edition of the *Southwestern Advocate*, the regional publication of the Methodist Episcopal Church, South.

### Sophs Postpone Banquet

The sophomore banquet, which was scheduled for last Thursday, has been postponed indefinitely because of the lack of enthusiasm on the part of the class members, according to Pat Henry, president.

### BEN'S BARQUE

By BEN BOSWELL

Texas Christian University will not play an inter-sectional game of any kind this year. The matter was definitely closed when Tennessee refused to play. It has been a long drawn-out affair that came to naught. Plans for a 1932 game should have been started two or three years ago.

As it stands, Texas Christian has let her greatest team pass without giving it a chance to gain much national recognition. When the new stadium was built, the boys and the followers of the Frogs thought that at least one big team would be pitted against the Purple. The members of the squad did not want more than one.

Texas Christian missed another chance to gain a little publicity this year. Three men were slated to take part in the East-West game in San Francisco. These invitations were cancelled by those in charge on the grounds that an inter-sectional game was to be played. It was bad enough for the boys to be deprived of the trip and the honor. But on top of all this, no game was contracted for. It was perfectly natural for the New Orleans game to fall through because of the lateness of negotiations.

I think that the school owed it to the boys to let them make the trip to Frisco. The invitation comes to few. And every football player hopes for about eight or ten years that the honor will come to him. And to be miserably deprived of it makes one wonder whether or not football is worth the time spent.

I went to Texas Christian in order that I might do my bit to help her become a nationally known school. And this year found me in a position to do it. Both Vaught and myself are Fort Worth men, and our going to California along with Madison Pruitt would have encouraged other Fort Worth men to go to T. C. U.

But the only way that I can show how the outcome of the whole thing has hurt me is to say nothing.

The position left vacant on the basketball team by the absence of Adolph Dietzel will be filled by either Speedy Allison or Slim Kinzy. Both of these men show much promise, and if they come through, the Horned Frogs will be near the top again when the cage season is ended.

Dean Hall attended the "T" Association banquet last Monday night. We were pleased and honored to have you there, Dean Hall, and we are glad for the interest you show in athletics.

The annual Dan Rogers trophy was given to J. W. Townsend, and no man that has ever won it deserves it more than does "Iron Man." Dr. Webb Walker will also give a watch to Johnny Vaught in honor of his making all-American. Dr. Walker also announced that a watch would be given to every Horned Frog that makes the all-American team in the future.

P. S.—There were some jokes told at the banquet.

### Former Frogs Playing

McCulloch, Dietzel, Stell, Wallin, Connelly in City League.

Five former Horned Frog basketball stars are earning glory for themselves as members of various teams in the Fort Worth city league. Three of them are members of the Texas Pacific Oilers quintet. The other two are members of the Sproles Transfer five.

Ray McCulloch, captain of the 1932 Frog five; Ad Dietzel, former Frog all-American pivot man, and Otis Stell, star on Dutch Meyer's freshman club in 1930, are members of the Texas Pacific club. Horace Wallin and Warren Connelly are members of the Movers five.

Dietzel and McCulloch are the high scorers of the league. Stell, Connelly and Wallin are rated as the outstanding guards in the loop. Dietzel is leading the league in scoring. Tuesday night he led his team to victory by scoring 31 points against the Foster Ice Company. This was more than half the points scored by his team.

### 26 Members of Team Awarded Varsity Letters

#### Purple T's to Fifteen Seniors, Ten Juniors, One Sophomore.

### Reserves Rewarded

#### Student Managers Receive Sweaters—21 Fresh Numerals Given.

Twenty-six varsity letters were awarded to the members of the Horned Frog football team Monday night at their annual banquet. Fifteen of the twenty-six lettermen are seniors, ten of them juniors and one sophomore. Ten members of the squad received reserve letters. Lee Glasgow and Don Smith were awarded student manager sweaters.

Twenty-one members of Dutch Meyer's undefeated and untied freshman team were awarded freshman numerals. The varsity lettermen will receive diamond studded miniature footballs as their reward for winning the conference championship.

#### Winners of Purple T Named.

The following men were winners of the varsity Purple "T": Ben Boswell, Buster Branton, Hubert Dennis, Lynn Brown, Charlie Casper, Joe Coleman, Lon Evans, Foster Howell, Red Oliver, E. L. Phelps, Pap Pruitt, Dan Salkeld, Jack Shackelford, Blainard Spearman, Doc Sumner, J. W. Townsend, Otis Tiner, Johnny Vaught, Lee Bassinger, John Kitchen, Wallace Meyers, Jack Graves, Jack Langdon, Bud Taylor, Love Perkins and Jewell Wallace.

#### Reserve Letters Given to Ten.

Varsity men who failed to play enough minutes to earn their letter but were given reserve letters are: Richard Allison, Woodson Armes, Rex Clark, Heard Floore, Wesley Green, Jimmie Jacks, Ellis Taylor, Judy Trudson, Elbert Walker and Dan Harston.

The following freshmen were awarded the '36 numeral: Willis Cannon, Dave Hickey, Talson Manton, Charles Needham, Howard Pulliam, Benny Rhodes, Bobby Stow, Melvin Diggs, E. J. Duckworth, Joe Freeman, Manuel Godwin, Louis Gordon, Wilson Groseclose, Paul Hill, Tracy Kellow, George Kline, Jimmy Lawrence, Darrell Lester, Vic Montgomery and Jim Simpson.

### Harrier Laurels To Bob Chappell

Bob Chappell has been awarded the only two crows country letters ever granted in T. C. U., last year having earned the only harrier letter and repeating the distinction this year.

Chappell was elected captain at the end of last year and led the team through a rather spotty season this year. Decatur Baptist College was on the schedule, but the team did not arrive on time; so the meet was forfeited to the Frogs. On Nov. 12, against S. M. U., he placed fourth, the only Frog to finish. He went to Austin to the conference meet Nov. 19 and again finished fourth. He was the only Frog at the meet.

As the letters were awarded on this basis, he was the only one eligible for a letter.

Every train has two ends, and the diner always seems to be at the other end.

### 1933 Frog Leaders

**GRAVES**  
The Horned Frogs will open the 1933 grid season with a good pair of Jacks in captain-elect, Jack Graves, and sub-captain-elect, Jack Langdon. These star wingmen were elected to pilot the 1933 Frog grid machine at the annual Frog banquet Monday night. Both are juniors and outstanding ends of the Southwest Conference. Graves was picked on several all-conference teams the past season.

Rhodes is working in collaboration with the physical training department but is individual instructor of weight lifting classes. Eighteen students are enrolled in these classes, which meet every Monday, Wednesday and Friday from 4 until 5 p. m.

Tuition is \$3 a semester. Students receive physical education credit for the course.

### Rah, No Goldfish Club in T. C. U. Says Finklestein

By C. E. J. F. HANNA

"A goldfish club has been organized in Roanoke College. Pledges must swallow one live goldfish during initiation."—The Skiff, Nov. 12, 1932.

T. C. U., we congratulate you. Always a leader and outstanding in your stand for better things, you have no goldfish club.

No doubt such a fact will bring thousands of students clamoring to your doors next year for there are many fond mammas and papas who disapprove of such tactics and will refuse to send their young to colleges where goldfish clubs thrive. A little spanking with coat hangers or an annual haircut they will tolerate, but a goldfish club. They threw up their hands in horror.

In the first place it is illegal. There is a law in Texas against hazing, and coercing a student to swallow a fish upon pain of not being admitted to certain social organizations is a rank violation of the state statute.

Secondly, it is sacrilegious. According to the scripture a fish swallowed Jonah alive and for a modern Jonah to swallow a fish would cause such a destruction of a Christian institution as came upon Sodom and Gomorrah.

Thirdly, there are parents who for religious reasons may object to their children eating fish on Friday and who knows but what if such an institution as a goldfish club were allowed to exist, that an initiation might be held on Friday.

Furthermore, students come to college for an education and not for such things as membership in a glee club or championship football team or goldfish club. Again we say, Congratulations, T. C. U. You have no goldfish club.

### Aid of Students Is Asked

An appeal for T. C. U. students to aid in the local Community Chest drive has been made by the Community Chest authorities. "Students who are willing to give a part of their spare time to the cause should get in touch with Mrs. Edwin T. Phillips of the Fort Worth Community Chest."

### Miss Enlow Decorates For Columbia Banquet

Miss Bonne Enlow, head of the home economics department, was chairman of a committee on decorations for a banquet for the Columbia Club given during the Texas State Teachers' Association meeting here. The blue and white of Columbia University was used in all of the decorations. Harold Rugg of Columbia was the chief speaker.

Approximately 52,000 ice cream cones are eaten yearly by students at Texas State Teachers College for women—1000 weekly, 4000 monthly.

### Johnny Vaught Is All-American

#### Pruitt, Salkeld, Boswell, Spearman, Oliver Mentioned.

For the first time in the history of T. C. U. athletics a football player from this University has been chosen on the first team of several all-American selections. Captain Johnny Vaught, blond leader of the champion Horned Frogs, has been accorded the honor on some of the outstanding all-star aggregations.

The first recognition of Vaught's ability came with the publication of the New York World-Telegram's all-American team. Vaught was placed at a guard position on the first team.

Following this the Associated Press chose the Frog leader as a guard on their first team. Five other members of the Purple eleven received honorable mention on this selection. They are Madison Pruitt and Dan Salkeld, ends; Ben Boswell, tackle; Blainard Spearman, quarterback and Red Oliver, halfback.

The United Press honored both Vaught and Pruitt by placing them on their second all-American eleven. The second team of the National Broadcasting Company contained Vaught at a guard position.

Finally, the International News Service named the Frog captain as a guard on their third team.

These tributes to athletes from Texas Christian are unprecedented in the history of all-American selections and are likewise a recognition of the high type of football played in this section.

### Frog Cagers Will Meet T. P. Oil Team

#### Dietzel, Stell and McCulloch, Former Frogs, Help Form Strong Quintet.

Coach Schmidt's cagers will get their second acid test of the present basketball season Tuesday night when they meet the strong Texas Pacific Oilers quintet in the T. C. U. gym.

The Oilers boast a flashy club of former college players of the Southwest Conference. Ad Dietzel, former Frog star who is ineligible for collegiate competition this year, is captain of the T. P. five. Dietzel is leading the city league scoring parade this year and is playing that type of basketball that won many games for the Frog cagers last year and the year before.

Ray McCulloch and Otis Stell, former wearers of the Purple and White, are members of the Oilers club; Charlie Beard, former A. & M. star, plays a guard position, recently transferring from the Sproles Transfer Club, another city league team which was defeated by the Frogs last week.

The rest of the squad is made up of former star players of the Fort Worth high school. To date the team has won two city league games and are doped to win the league crown this season.

From this game Coach Schmidt will get some idea of just how his team will play under strong pressure.

### Frogs Win First Basketball Game

The Horned Frog cagers downed the Denton teachers 21-19 last night at the Frog field house. The game was the first inter-collegiate contest of the season for the Schmidt men.

Elbert Walker met the attack with 9 points and Dutch Meyer's Pelliwogs defeated Chico High School 40-22 in a game preceding the varsity play. Willis Cannon made 14 points for the Frogs.

The Frog basketeers opened the season with a 35-to-23 victory over The Sproles Transfer team of the local major city league in a practice game played Friday night in the T. C. U. gym.

In their initial appearance the Purple five displayed a stubborn defense throughout and a flashy offense in spots. Doc Sumner and Wallace Meyers were especially outstanding on the defense, while Elbert Walker and Slim Kinzy led the Frogs in scoring with eight points each. High point honors of the game went to Warren Connelly of the Transfer team who rang in ten counters.

Coach Schmidt used eleven men in the game, experimenting with several combinations. Of this number nine were members of last year's squad, while Dan Harston and Cy Perkins got their first taste of varsity basketball.
