Mrs. Deakin

Mr. Claer was kind enough to show me the folders of photographs you indicated. I took the liberty of keeping one, a duplicate color print, of the Memorial in Claremont. The folders are so rich that I shall have to look through them in detail on my next visit. In addition, I made no more than a start at the wallet folder with flap & tie which contains information about the Memorial, the drive, etc. So, with your leave, I shall have to ask to see them later also.

Many of the photographs need identifying - the people who are included, and I shall hope to depend on you for that also.

For your courtesy in opening

the files, for your efforts to help me find what I want, for your hospitality at the luncheon, I shall always be grateful.

And for the duplicate copies of Rogers material, and the copies that I left to be done and mailed to me, I am also grateful. My address:

My deepest gratitude, and for the promise of future help.

Sincerely

Theodore Agnew

PS I hope to be able to return sometime between March 22 and 29, if this would suit you. ^{project.}
I am leaving you a copy of our Alumni Magazine with a story of the
