NUMBER 25

Editorially Speaking

By V. G. SMYLIE

In 19 days members of the student body will go to the polls and name their officers for 1941-42—maybe. They will if anyone files for the positions that will be left vacant.

If you are planning to run, why not make the fact known and beat the other fellow to the draw by filing first?

Students sit in the library. Squinting while trying to concentrate.

While those who could brighten the light. Meanwhile procrastinate.

Two questions arose at Student Council meeting Wednesday which need the consideration of every student in Frogland.

First, shall a blanket tax of \$2 be levied on each student next year to provide for a first-rate celebrity series? If this levy is approved the lectures committee would have a working fund of over \$2000 where in the past it has been forced to manage with approximately \$400.

According to the Council, the chief objection of the Administration is that such a levy would make it impossible for some students to remain in school, and tend to drive potential enrollees away. Also the University would have to "foot the bill" for scholarship students.

The first argument is hardly feasible when one considers that the average dormitory student spends at least \$550 per year and the average town student at least \$250 to stay in school. To imagine that \$2 extra, without taking into consideration the advantages to be derived from its expenditure, would drive students away is superfluous.

As for the latter point, the University now allows the lectures committee the aforementioned \$400. Why not pay the fee for scholarship students with that sum?

Question two concerns parking on University Drive in connection with the existing traffic hazard. City officials are of the opinion, and rightly so, that parking on both sides of the drive tends to make accidents more likely. They have assured the Administration that one side of the street will be zoned off upon request, but school officials feel that it is a matter for the students themselves to decide.

These two questions are to be put to a vote of the student body in the near future. After hearing discussions of both at recent Council meetings and studying the problems to the best of our ability, this corner urges that both be approved. Think them over comprehensively.

Candidates Slow to File Petitions for Office

Wanted! Candidates for student body offices.

With the general spring election but 19 days off, only two candidates have filed for positions—Miss Margaret Ramage and Miss Betty Claire Pray, both for Skiff editor. Still uncontested are the offices of student body president, vice-president, secretary-treasurer, Horned Frog editor and head yell leader, as well as nine Council posts.

To be eligible for election, candidates must fulfill the requirements provided for in the student body constitution for their respective offices. Petitions containing at least 35 signatures should be turned in to Vance Gorman, Malven Stevenson or V. G. Smylie by noon, Wednesday, March 26. A political rally is slated for 11 o'clock that morning in chapel.

"Hayfever" at 8 P. M. For Woman's Branch Student Loan Fund

Climaxing six weeks of rehearsal, the Dramatic Club will present Noel Coward's "Hayfever" in the Auditorium at 8 o'clock tonight.

This gay and colorful play, which is concerned with the antics of the unconventional Blisses and their more normal week-end guests, is given for the benefit of the student loan fund of the Fort Worth Woman's Branch of the Ex-Students' Association.

The Dramatic Club last year established a policy of giving one benefit performance a season. The entire proceeds from "The Widow in Green," produced last year, were given to the Brite Organ Fund. This year the Ex-Students' Association and the Dramatic Club are conducting their own individual ticket sales.

Admission to the play is 25 cents. Tickets can be bought at the door or from any member of the club.

The leads in the play are taken by Miss Ceville Moore, the actress mother, and her two children, Miss Jane Manning and James Woodson. Other members of the cast are Misses Rosella Porterfield, Mary Elizabeth Crosno and Sara Ann Cabell, and Clarence Easter, John Frank Lucas and Billy Jennings.

The following committees have been appointed to handle the show: stage managers, Eddie Walker and Jimmy Moore; publicity, Miss Earline Beck, Miss Lois Meador and Pat Steel; properties, Miss Winta Beth Crawford and Miss Frances Coates; tickets, Miss Crawford, Homer Baughman and Arthur Fullerton Faguy-Cote; ushers, Misses Gerry Schmidt, Mary Thomason and Dorothy Howze.

TCU's Round-Up Representative— Sulphur Springs Favorite Is Campus "All-Around" Girl

Take an instinctive love for chocolate pie, a yen for dancing and tennis, ability as a leader and the status of a football player's steady. Mix all this together and the result is none other than Florrie Buckingham, senior from Sulphur Springs.

Yes, Florrie is what one might term an "all-around girl." At present she is secretary-treasurer of the student body, president of Ampersand, and holds membership in Sigma Tau Delta, the Bryson Club, Dramatic Club and Alpha Psi Omega, honorary dramatic society.

Her first three years in college, Florrie was secretary-treasurer of her class, and all four years has won a

number of years.

"A few years ago we put all of the freshmen in English classes according to their grades on the freshman test.

"However," he acknowledged, "that provided too little incentive for the poorer pupils."

He believes that the trouble lies largely in the primary and secondary schools, and the pupil's own bad habits which they acquire.

As for mathematics, that is hardly a problem because math is not required now for a degree except in the courses where there would be a natural interest in it.

He nervously tapped a paper holder on the desk as he spoke of the fact that the average student today reads more, but too much of it is not permanent and enduring. To much that the present-day student reads is light, contemporary—too many magazines rather than classics, according to him.

However, unlike many who think the magazines light reading, he does favor the condensed digests because they enable a person to keep up with many things and broaden his background.

He spoke proudly of T. C. U.'s rating, as well he might, because most of his associates are agreed that he has done a great work on that.

Dean Hall is active in every sort of civic affair, and is a member of the Kiwanis and Torch clubs. In spite of his other activities, he still preaches many Sundays.

It's Woman Who Pays, At Vice Versa, Anyway

Girls, do you realize that you have less than 24 hours to make that date for tomorrow night's vice versa dance?

TCU to Debate Texas Team

Resources Tax to Be Discussed at Texas Hotel Thursday Night.

"Resolved, that the state of Texas should increase its tax on natural resources" will be the subject of a debate next Thursday between a T. C. U. debate team composed of Arthur Norred and W. R. Rucker and a team from the University of Texas.

The debate will be at 8 p. m. at the Hotel Texas.

"This will be the last home debate for the 1940-41 season, and all students are invited to attend," says Dr. C. A. True, sponsor.

Yesterday, Ernest Finney and Rufus Garrett debated with a Culver-Stockett college team on the Pi Kappa Delta question.

Last Monday, Miss Pat Warnock and Guy Murphree, Rufus Garrett and Ernest Finney met John Tarleton college debaters on the same question.

"Our Southern Neighbors" I.R.C. Official Discussion

"Our Neighbors to the South" was the official discussion participated in by Dr. W. J. Hammond and 11 I. R. C. members who spent last Friday and Saturday at the annual regional convention in Baton Rouge.

Miss Vera Williams, club president, delivered a paper on "Pan American Relations" to club members from four states.

SOPHOMORE FAVORITES for 1940-41 are the three boys and three girls pictured below. They are, top row, left to right, Billy Blackstone, Hearne; Miss Jean Montgomery, Sweetwater; and George Hamilton, Fort Worth. Bottom row, left to right, are Miss Mary Ruth Scott, Washington, D. C.; Dean Bagley, San Saba; and Miss Janis Warren, Fort Worth.

Council Amendment To Stand

The Student Council decided Wednesday night to let the student body constitution stand as amended by Council action week before last unless some complaint is registered.

The object of the change is to rectify an error on the part of the constitutional committee and make both juniors and seniors, as originally intended, eligible for the offices of

vice-president and secretary-treasurer of the student body, rather than just Juniors as was provided.

Sections 3a and 4b of Article 2 now provide that the respective candidates "shall have had no less than three (3) semesters of college enrollment, and at least forty-five (45) semester hours credit previous to the semester in which elected."

A Challenge Is Issued Council Writes a Letter

This fact was made known to them. You students may wonder why this is of such importance. You will wonder no longer after you have been introduced to the facts, namely: that a person's eyes may be very badly impaired, if not ruined, because of strain while trying to read by insufficient light. Blindness is not to be shrugged off too lightly.

We have endeavored in every way possible to get this before the proper authorities. At the meeting of the Board of Trustees several weeks ago the matter was refused hearing.

When we finally did get administrative attention we were stalled off by being told always to see someone else in a different department. Last week at the meeting of the student-faculty committee, the Administration was asked again what it intended to do about the condition of the library lights. The Council's representatives were told with an air of finality that it would all be taken care of in due time.

This is a phrase which by now should be familiar to T. C. U. student councils. In the past, projects which were to be taken care of "in due time" have somehow rarely come off according to schedule. And after all, this condition has been known to the authorities for QUITE some time already. Almost a "due time," one might say.

WE feel that students' eyesight is not the sort of thing on which to economize. The facts are known as well as their significance. There is no excuse for further delay. We, your representatives, have done all that we can in the matter. Now it is up to you. You CAN do it if you WANT TO AND WILL. It remains a challenge to your initiative.

Your Student Council.

Gym Party Is First of Series Of Festivities

The Gymnasium will be open, under the supervision of Dean of Men Herman Pittman, Prof. Tom Prouse and Mrs. Helen Murphy, from 6 to 8 p. m. Tuesday for games and dancing.

"This 'open house' is an experimental initial step in discovering just how effective will be the proposed use of the Gymnasium as a student center," Dean Pittman explains.

If students evidence an interest in the "open house," additional hours will probably be arranged.

The proposal to convert the Gymnasium into a student recreational center is progressing, Dean Pittman reports. Committees to have charge of the project will be appointed in the near future.

The Ex-Lettermen's Association has voted to donate \$25 to the fund for improving the building. The benefit dance last week netted \$15 for the fund, it has been announced. General plans for financing the project are to be worked out by the new committees.

Dr. Garstang To Talk Here

University of Liverpool Archaeology Professor To Discuss Bible History

Dr. John Garstang, professor of archeology at the University of Liverpool, will speak at 8 o'clock Wednesday night in the Auditorium.

His subject will be "Foundations of Bible History."

Dr. Garstang has conducted many excavations in Egypt and Asia Minor. He is the author of several books on Egyptian history.

He is a graduate of Oxford University.

Thursday morning Dr. Garstang will speak to classes in Brite College.

'Religion, Basic Needs' To Be Walker's Subject

"Religion and Our Basic Needs" will be the sermon of the Rev. Granville Walker at the University Christian Church Sunday morning. The anthem sung by the choir is to be "Jesu, Word of God, Incarnate," by Mozart.

The Rev. Mr. Walker will call his evening message, "God's Outlook." The solo used will be sung by Miss Gloria Queen, and is entitled, "With Verdure Clad," by Haydn.

"From Earth Arises" To Be Anthology Title

"From Earth Arises" was the name decided on by the members of the Poetry Club Wednesday night for their 1941 anthology.

"Not all of the members were present, so the name will have to be approved later, but I think that is the one," says Miss Alta Wilderspin, president.

Dean Hall Will Preach In Galveston Sunday

Dean Colby D. Hall will preach at the Central Christian Church in Galveston Sunday.

Pitzer, in Wheel Chair, Down but Not Out!

"You can't keep a good man down," says an old adage, and it might well apply to J. B. Pitzer, who broke his leg in spring football practice.

J. B. is making his classes in a wheel chair now. He is carried up and down stairs by two special assistants, Dave Wafford and Don Ezell.

"I may be down but I'm certainly not out!" Pitzer reports.

Revenge Time Is Here, Gals

It has always been said that the underdog will have his day. That is about to take place on the campus. In fact, it will happen tomorrow night. Yep, you guessed it, the vice-versa dance.

So fall into line, gals, and treat the boys as mean as you like, because it will be another year before you can do this again.

And what is meant by this? Well, here are a few examples. First, you can wait until 8 o'clock tomorrow night to call him for a date. If he already has one, try another, or come to the dance stag.

Second, you can go down to the drug house and kill a few minutes before you call for him. He won't be ready anyway. When you arrive at the dance, say something about how horrible he dances every time he makes a hobble. And by all means look "bored to tears" if someone doesn't cut in the first time around the floor.

Then when you do get rid of him, stay gone for at least an hour, even if he is stuck. Remember the times he has done you the same way and don't relent.

Upon leaving the dance, walk out, unlock your car and climb in, leaving the boy to manage for himself. That is the way he does you three-fourths of the time.

If you do all the things, the boys have been doing to you for the past year, you will likely end up in the dog house with the boy friend.

So take your pick, gals. The time for revenge, if you want it, and are willing to pay the price, is here.

Judging by the size of the new hats the co-eds are wearing, it's evident that they cover an area about the size of their brains.

Addressed To Leaders

This editorial is addressed to those students who want a chance to assert their ability as leaders.

This editorial is addressed to those students who are aggressive enough to answer the challenge of leadership in the spring elections by petitioning for the offices of student body president, vice-president, secretary-treasurer, Horned Frog editor and head yell leader, as well as nine Student Council posts.

This editorial is addressed to those students who realize the practical executive experience and other benefits which may be had in the execution of any of these offices.

This editorial is addressed to those students who are sufficiently interested in T. C. U. to want to help make Frogland a better campus on which to go to school.

Is this editorial addressed to you?

The gold digger who majored in modern languages has learned to say "Ja," "Yes," "Oui" and "Si."

The Ball's Rollin' Let's Keep Pushin'

In response to the suggestion made by The Skiff concerning the proposed blanket tax for a "celebrity series," the lectures committee has already taken a poll among the faculty members. The faculty has added its ap-

proval, provided the students favor such a plan.

Nothing will be forced upon the students. The entire plan is up to the students themselves. The proposed idea calls for a small fee to be added to the tuition, provided the students vote in favor of such a plan.

It is likely that the lectures committee will still be granted its present allowance, which will make the series even more sure of success. The present allowance is not sufficient to obtain one big name, but with the sum that could be raised by the proposed levy, several big time personalities could be presented in the course of a year.

From now on the burden lies on the shoulders of each student.

Here in T. C. U. the students pick their own Student Council—pick it to pieces.

The Skiff Says "Thank You!"

"Why select the Most Representative Student? He's the guy that makes the curve system the bunk anyway."

Such is one maladjusted opinion expressed by fellows who are just getting by.

Fully understood by most juniors and seniors is The Skiff's aim in the selection of the "Most Representative" student—to reward the outstanding student in each department for meritorious work which has been a credit to the department.

One student ably expressed the general attitude toward the honor, saying, "Most Representative Student rating is second only to being listed in Who's Who in American Colleges and Universities."

The Skiff modestly says, "Thanks for the co-operation."

Some hair-do's should be hair don't.

Student Council Happenings

President Malven Stevenson called the session to order Wednesday night and Secretary Florie Buckingham read the minutes of the meeting week before last.

Councilman Dick Jay gave a report on the student-faculty committee session last week. The Administration assured members that the lighting situation in the Library was being worked on, that arrangements for mixed swimming sessions in the pool could be planned by Prof. Prouse and Mrs. Murphy and that the proposed blanket tax to provide a lecture series would be approved by an extraordinary majority vote of members of the student body. Also, it was decided that to help clear up the traffic hazard in front of the buildings, one side of University Drive could be zoned off as a no parking area with the approval of members of the student body.

The controversy concerning the changing of the student body constitution by the Council brought forth a heated debate between Jay and Hal Gardner. The body finally decided to let the change stand without holding a vote of the student body, providing there were no objections on the part of anyone. Those who voted for this move were Councilman Crossfield, Gardner, Towles, Wray, Hutton, Wright and Hitt. Jay and Carter Murphy voted in the negative, and Stevenson, Buckingham and Don Ver Duin did not vote.

THOSE COUNCIL MEMBERS ABSENT WERE VANCE GORMAN, LEONARD ROSENTHAL AND BILL CAUDLE.

Lest They Forget . . .

The student body constitution provides that any member of the Student Council missing three meetings during one semester is automatically dropped from the body.

Listed below are the members who have missed meetings so far this semester and the number of absences:

- Leonard Rosenthal 2
Vance Gorman 2
Harry Hitt 2
Bill Caudle 2
Bill Crossfield 1
Don Ver Duin 1

OPEN FORUM

Editors' Note:—The opinions expressed in this column are not necessarily those of The Skiff and the editor. All letters, in order to be published in the future, must not be longer than 250 words and within the bounds of reason and decency. All letters must be signed.

Dear Editor: The recent exchange of written assault by two members of the Student Council is the kind of petty propaganda that is obnoxious to many students. Neither one of these students is really mad at the other, and obviously the slight discrepancy in the Student Constitution did not warrant such long-winded discussions IN BIG CAPITAL LETTERS.

Of course, the truth is that both

of the Council members were guilty of what they accused each other—blowing their own respective horns. Practically every member of the body does this to a greater or lesser degree. But, they say, student government should have its place in things.

They are correct. It should have its proper place—a back seat. I mean this. What has student government ever done in actual educational trends? Student councils the country over amount to groups that make a movement for this dance or that dance; or a trip by a representative to this useless student convention or that useless student convention; and a steamroller movement in or out at the will of the clique or individual elected on sheer popularity. Student council members never think of educational trends or even educational problems. That is, they do not unless such a problem's discussion will enhance somebody's popularity or maintain somebody's ego.

But do we all have to read about the Student Council's attempt to keep its useless self in the student body hair in terms of personalities raving at each other? Let it keep meeting once a week, and let its members blow their own horns at each other. Then let them vote as everybody knew they would beforehand. Now if any student is interested in this procedure, he can read it in The Skiff's objective report. These brainless arguments should be stopped.

Yours very truly, John F. Goodspeed

Tomorrow afternoon, on Farrington Field's fine new track, the first of the Southwest's three big track meets—the Stock Show Meet—will be held. The other two—the Texas Relays and the conference meet—will be held later this spring. Twelve hundred athletes from four states will compete in this huge annual affair. In past Stock Show Meets, Horned Frog thinls clads have not done so well. The reason for this has been that the Purple runners and jumpers were not in good condition this early in the season. However, some of Coach Poss Clark's former tracksters have taken top honors in this meet. Cy Leland still is joint holder of the 100-yard dash record, which he ran in 9.6 seconds. Gail Smith won the 880-yard event in 1939. Puss Erwin compiled the shot put event in '38 and Pat Clifford still holds the prep school broad jump record that he set in '36. Top performers on this year's squad include Capt. P. C. Taylor, who will run the mile tomorrow, Robert Groselose in the high hurdles and broad jump, and Woodrow Adams, who puts the shot and throws the discus.

Halfway mark has been reached in spring football drills and Coaches Dutch Meyer and Mike Brumbelow are planning to celebrate this afternoon by having a gigantic head knocking session. A regular game will be played between the "Purples" and the "Whites." Last Wednesday's scheduled scrimmage had to be postponed because of the shortage of players. The injury list looked like the squad roster. However, most of the boys have recovered enough to get back in the lineup. Notable exceptions to this, however, are Bob Balaban, the five fresh tackle from Kansas, who injured his knee and may be out the rest of the drills. Also, Jim Woodfin, the freshman center, Billy Blackstone, vet pivotman, and a few others will miss the rough work.

Most improved player on Coach Walter Roach's baseball team this spring is Glenn "Rusty" Cowart, the little grid quarterback who fills in at shortstop in the spring. The tough little blond for the first time is not troubled with an injured knee (he had it operated on last winter). His repaired underpinning enables him to cover worlds of ground between second and third bases. Also he has changed from a "punch" hitter to a "slugger." For the past two years, Cowart has been batting in the lead-off position, but due to his long distance clouting this spring may be moved down into the more important slots, third, fourth or fifth. Incidentally, Rusty claims he is not through with football. If he isn't drafted by Uncle Sam he plans to try a year or two with the Philadelphia Eagles of the National Professional Football League. The Eagles' coach, Bert Pell, is anxious to get the Dallas lad to fill the shoes of Davey O'Brien.

The golf and tennis teams will blow the lid off spring sports for T. C. U. within the next four days. Tomorrow the linksmen will face their first competition in the Stock Show Golf Tournament. Teams from T. W. C., Texas, A. & M., Rice and other colleges around the state will compete. Capt. Bob Sikes, Ed Revercomb, Benton Beasley and Kyle Gillespie will play for the Frogs. Sikes toured the Meadowbrook course, site of the tourney, in a four-under-par 70 Tuesday. The netters meet the East Texas Teachers' team Monday on the Purple courts.

Prouse's Proteges Pleasing—

Open House, Come and Gone, Batters Noses, Records

Open House has come and gone, leaving both battered noses and battered records. The powerful Blue League Sophs won the intramural basketball championship Friday by defeating the Seniors of the Red League by a score of 28 to 14. A hustling girls' squad outscored a boys' team, wearing boxing gloves and playing girls' rules, 15 to 8. Burns Crotty outpointed Raymond Mack in the fencing tilt, to take honors in that division. The Juniors defeated the Sophomores for the water polo championship. Swimming records established this year will be set up as goals for the splash and splutter boys to shoot at next year, according to Coach Scott Mooring.

Walter Miller took the 40-yard free style in 21 seconds flat. Homer Daughman took 40-yard breast stroke honors in 29.5, while Bill Padon took the 40-yard back stroke in 28.5. Daughman, Giles Day and Frank Kizing took relay honors in 1.10. In the boxing bouts, six championships and golden gloves were awarded. Eugene Minor defeated Alister Gill for the featherweight

Frog Golfers To Tee Off

Stock Show Tournament At Meadowbrook Club Is Purple's Initial Contest.

Capt. Bob Sikes will lead the Horned Frog golfers in their first match of the season tomorrow, the Fat Stock Show Meet, at the Meadowbrook municipal layout.

The Frogs' chances of winning the medal-play tournament were lessened at the last minute when the scene was changed from Worth Hills to Meadowbrook, the home of the T. W. C. Rams. But with a little practice driving the week on the strange course, the Frogs may be able to turn the trick tomorrow.

Sikes recently toured the course in an even-par 71 using but 32 blows, four under par, on the back side. Meadowbrook which is fairly short with narrow and treacherous fairways, should be made to order for straight-shooting Ed Revercomb.

Kyle Gillespie and Benton Beasley will complete the Frogs' four-man combination which will go for the team title. Any one of them also has a good chance to win individual honors. Brents Wooten and Wallace Fitzgerald will also play for the individual title.

The driving contest will open the all-day affair at 8 o'clock tomorrow morning. Entries have already been received from North Texas State Teachers' College, Texas A. & M., S. M. U., Texas and T. W. C.

The T. W. C. group will have a strong contender for the medalist honors in Norman Rowland, who knows every blade of grass over the Meadowbrook layout. The Aggies will bring their golfing gridders, Henry Hauser.

Phil Mahaffey spent the week-end in Sterling City, his old home before moving to Fort Worth.

Miss Mary Frances Potter has quit school because of ill health.

Baseballers to Get Action

Intrasquad Tilt Is Workout For Tomorrow

After two weeks of practice hampered by bad weather, Coach Walter Roach will divide his Purple baseball squad tomorrow afternoon and hold the first of a series of intrasquad games. The first games will not go the regulation nine innings, but will last until all the candidates have had a chance to show their skill.

Roach can put two nines on the diamond of about equal strength. On one team tomorrow will probably be Ralph Tankersley, catcher; Dick Allen, first base; Sonny Grost, second base; Paul Sorrells, third base; Rusty Cowart, short; Ronny Brumbaugh, left field; Dennis Tankersley, center, and Connie Sparks, right.

Opposing this array will be a squad made up of Russell Whatley, catcher; Clarence Alexander, first base; Charlie Conway, second; Gus Bierman, third; Beecher Montgomery, short; Owen Cobb, left; Bill Crawford, center, and Billy Blackstone, right.

Preston Thompson, Ross Vanderkolk, A. J. Brumbaugh, Paul Lander, Trotter Adams and Jack Billingsley will handle the mound chores for both teams.

Cowart Looks Good

The outstanding feature of this week's work has been the play of Cowart, the little Dallas veteran. Rusty has suddenly gotten his eye on the ball and has been driving the horsehide to all corners of the field in batting drills. During infield practice, the little fellow has been thrilling spectators with his spectacular catches and throws. Cowart is striving hard to make his last year on the team his best one.

If the pitching comes through, the Frogs will have one of the best defensive clubs in the league. The infield, composed of either Allen or Alexander on first, Grost at second, Sorrells at third and Cowart at short, makes it most difficult to get a ground ball through. Dennis Tankersley, Brumbaugh, Sparks and Crawford gather in all the outfield flies.

Batting Power Good

Powerful batting punch will be well distributed throughout the lineup. Dennis and Ralph Tankersley, Allen, Sorrells, Sparks and Cowart all can wallop the ball for long distances, while Grost, Brumbaugh, Crawford and Conway are capable of getting their base knocks also.

At the present writing, the best looking flingers are Thompson and Brumbaugh. The powerful little Preston has been "cutting loose" during the past few days and has been showing much speed and control.

Brumbaugh, who had trouble with control last season, has been working carefully on this department and is much improved.

Probably the fastest hurler on the staff is Vanderkolk. The Milwaukee product can really burn the ball across the plate and with a little work could become a fine pitcher.

The intrasquad contests will continue until Roach is able to contact some independent team in the city for practice tilts.

Senior Class to Meet For Program Discussion

"A meeting of the senior class will be held within the next two weeks to discuss the class chapel program which is to be given in May," reports Chile McKinnel, president.

"All orders for class rings should be placed as soon as possible," adds the president.

A picnic at Mosque Point was given for the seniors and their dates yesterday.

Pre-Library Club Plans Visit to Medical Library

A trip to the Medical Library is next in the line of itinerary for the pre-Library Club. The meeting will be at 2 p. m. Friday of next week, rather than Tuesday.

"It Was Foul!"

Declare Fatalities Of Feminine Fray

"That's a foul for waving your hand in her face!"

"That's a foul for bad intentions!" Those were the words of Referee Mrs. Helen Murphy in the football player-girl basketball game at the Open House Friday. Needless to say, the girls won with Mrs. Murphy calling fouls on the too energetic boys every second.

One foul was called on the girls when one of the boys received a wound from a fingernail. Some where in the neighborhood of 50 fouls were called on the boys.

Girls' rules were used, with Referee Murphy finding new ones each time a boy even looked hard at members of the fairer sex. Several of the boys received nasty spills when they were run into by their charging opponents.

It was rumored that Coach Dutch Meyer offered silent prayer in hope that none of his boys—Kyle Gillespie, Billy Blackstone, Bruce Alford, Trotter Adams, Beecher Montgomery and Derrell Palmer—would be injured severely in the rough encounter.

SCA Party Plans Still Incomplete

"Final plans for the all-S. C. A. party will be announced next week," reports President Jim Gean. The club's spring activities and the financial program were discussed at the cabinet meeting Tuesday.

Upperclassmen of Dr. William V. Roosa's group will meet at 7:30 p. m. Monday at the home of Miss Anne Hutton, 2560 Greene Street. The group leaders will review the organization of the S. C. A., explaining its purpose and plans.

"Value of Clubs on the T. C. U. Campus" will be discussed when Prof. and Mrs. C. R. Sherer's freshman group meets Tuesday at their home.

Under the leadership of Miss Clara Marie Denham and Jimmy Robinson, Prof. Don Leonard's group discussed "What We Expect College to Do for us" at its last meeting.

A Fort Worth social worker addressed the social service division on "Problems of the Squatter Area in Fort Worth," when the group met at the home of Dr. A. L. Porterfield last night.

"Careers" will be the topic for discussion when Dr. H. R. Mundhenke's group meets Monday, March 24, at his home.

Intramural Practice Tilts Scheduled Wednesday

Practice games will be played Wednesday afternoon by the intramural softball teams in preparation for the first tilt of the diamond nines March 26, when the tournament gets under way.

"All teams that intend to enter this contest must be on the practice field Wednesday afternoon, in order that we may work out a schedule," says Ed Revercomb, student manager.

"Get the Hats!"

Meyer Plans All-Out Battle If 22 Are Able

If the weather is favorable and 22 able-bodied gridders are able to take the field, General Dutch Meyer is expected to sound the call for an all-out offensive drive down at the Stadium this afternoon.

Stymied by ever-increasing injuries and unfavorable weather, spring training has been moving along at a slow pace all week. Wednesday's scheduled scrimmage had to be moved to the upper practice field.

Meyer tried some of his new passing tricks which have been going well since spring training started. That the drills are still a little on the rough side was shown when Dean Bagley, the biggest little bruiser on the squad, went down with a knee injury when he was rushed hard on a pass play.

John Bond and Bob Balaban, two outstanding sophomores, also were forced to retire with injuries. All are expected to be back in uniform by this afternoon. Also expected back are Walter Strittmatter, Bob McCollum and A. C. Odell, all sophomores. James Woodfin and Eugene Willford, both center candidates, are the only two who are out indefinitely. Woodfin has a badly smashed hand and Willford is another of the "trick knee boys."

Since Billy Blackstone is still being kept out of the rough stuff, the pivot problem has fallen to Sophomore Odell and Squadmen Dave Wafford and James Mecaskey.

Coach Mike Brumbelow is still high in praise of his linemen. He can put an experienced line of lettermen on the field from end to end, with lettermen to back up most positions.

"And those sophomores have the desire to play, which makes up for lack of experience," says Mike.

In the backfield a merry race is going on for the starting posts. Big Mauler Medanich, the Pecos Purge, has moved right into a starting wingback position in only two weeks of practice. Lettermen Bill Ramsey and Charles Conway are right behind. The other wingback slot seems to lie between another sophomore, Van Hall, and Letterman Nolan Sparks, who has the call at the present.

Meyer is coming up with another quintet of nifty signal callers. Kyle Gillespie is leading the pack with Bagley, Beecher, Montgomery, Harmon Hightower and Sophomore Emory Nix, close behind.

Veteran Kring seems to be pretty well in at the fullback post. Right behind him are three sophs, Bond, Fred Taylor and McCollum.

14 in Stock Show Meet

Taylor Has Best Chance to Place

Track Coach Mack Clark will put his thinly clad through their paces at 9:30 o'clock tomorrow morning at Farrington Field, when the Fat Stock Show Track Meet gets under way.

Coach Mack Clark

Fourteen varsity and freshmen tracksters will represent the Purple and White in tomorrow's contest.

Capt. P. C. Taylor has been entered

in the mile race, and is probably the only Frog entrant in the meet that has a chance to place.

Lloyd Stevens will run the 880 and Robert Groselose will try for honors in the 220-yard low hurdles.

Howard Pope, the only sprint man on the varsity squad since the loss of J. B. Pitzer because of a broken leg in football practice, will compete in the 100 and 220-yard dashes.

Woodrow Adams and Derrell Palmer will leave the shot-put, while Frank Kring tosses the javelin and Leonard Pugh the discus.

In the freshmen division, the Frogs are a bit stronger. Little Lloyd Perry is entered in the mile run. Coach Clark thinks that Perry has plenty of determination, and with a little experience should make a valuable man.

George Towles holds forth in the 440-yard run and is also entered in the 880, along with Bobby Wilson.

Johnny Pickering, the only sprinter on the freshman squad, will try the 220-yard dash, while A. C. Odell tosses the shot and J. T. Webb hurls the javelin.

Webb went to the state semi-finals with the javelin last year.

Net Matches Start Monday

East Texas Scheduled For First Tilt—Frog Squad Looking Strong

The Horned Frog tennis squad will get their 1941 season under way Monday afternoon with a dual meet with the East Texas State Teachers' College net men on the Purple courts.

The meet will consist of four singles matches and two doubles encounters.

The Frogs, under the direction of Coach Thomas Prouse, have been working out whenever weather permitted and show promise of having a strong force this spring.

The team will be based around four lettermen. Capt. Jack Billingsley, Ed Shults, Dick Vickery and Joe Russo. A fifth letterman, Carl Poll, is eligible, but will not play this year because of pressing school work. Other members of the squad are Al Wagler, Phil Mahaffey, Burns Crotty and Robert Glaze.

Shults will probably play No. 1 against the Teachers Monday with Vickery at No. 2 and Billingsley at No. 3. Russo, Wagler, Mahaffey, Crotty or Glaze will play in the No. 4 slot. Billingsley and Vickery will compose the No. 1 doubles duo, while the other team is in doubt as yet.

Miss Virginia Holstead of Shreveport, La., visited with her sister, Cleo, last week-end.

Intramural Golf Tourney To Be at Worth Hills

A golf tournament for intramural hole-in-one artists will get under way Wednesday at Worth Hills golf course.

All golfers who intend to tee off in the tournament should see Ed Revercomb, student manager, today at the Gymnasium. A medal will be awarded the winner and all contestants will receive points toward an intramural jacket.

Vice-Versa Is Opportunity For Girls To "Get Even"

By MILDRED SMITH

This is not leap year, but you couldn't tell it by looking at the campus this week-end, for the time for the vice-versa dance has finally rolled around. The girls are all running around hunting dates, or making plans to go stag.

D. M. Bob Johnston has imported a new band from our suburb, Dallas, for the occasion. He will also put up some decorations in the "barn." All the girls are requested to come formal, but will not be turned away if they are not dressed up for the affair.

Here is your chance, girls, to get back at all the mean old boys who have overlooked you the past season. And here is how.

Walk up to them on the dance floor, then shift your gaze to the far corner of the gym and proceed to tag someone else. But do it in plain sight so that he will be able to see that you have slighted him. After all, he has done the same to you. How many times in the past year?

Another thing the girl can do is to get sarcastic, or something, and send the boys horse radishes for a corsage. This might serve to remind them it is proper to send flowers when he takes you to a formal dance. Then too it might serve to show the boy exactly what you think of him.

Another thing to remember about the past is the many times the boy friend has taken you to a dance and left you the minute someone tagged you, and not to appear again until intermission. Try the same thing on him just so he will know how it feels.

After the dance is over, rush out to your car, unlock the door and climb in, leaving him to manage for himself. Then when you go somewhere to eat, be sure to tell him exactly what he can have, and then remind him continually of how much money you have spent on him.

Then on the matter of dress. Since the dance is formal, there is not much a poor girl could do that would equal the stunt pulled by a lot of boys at formal affairs. But here is one suggestion. You might put on your riding boots with your formal or leave your hair up in curlers. At that you would look better than the boys who come in sport shirts open at the neck and with cowboy boots on.

Now girls, here is one last bit of advice before you throw your life away. Take all the advice in this column, and there is not the slightest doubt but that next week you will be the most unpopular girl on the campus. But you could have fun, if you wanted to.

Until tomorrow night, we say goodbye.

HAPPENINGS ON THE HILL

By Duane Kellam

At one time or another in his career the gossip bug hits the scribe and a column like this is the result. With the VICE-VERSA DANCE TOMORROW NIGHT and bird-dogging at its peak, it has been very easy to pick up little tidbits here and there of the shadier social happenings on the hill.

ROBERT GROSECLOSE, Goode Hall's No. 1 romeo, still holds his record of receiving more phone calls from Crystal Springs than any other bird-dog in the kennel.

Here's a little notice that appeared on the Goode Hall bulletin board a few nights ago that might be of interest to someone. Quote—"L. A. MUNROE—YOUR GIRL FRIEND AT SMILEY'S CALLED AND SAID TO TELL YOU SHE HAD TO WORK TONIGHT."—Unquote. (Any blonde seen running around the campus with an axe in her hand will be shot on sight.)

DICK COWLING has been bird-dogging BETTY OGDEN lately. How the VARSITY SHOW does break up these steady deals!

TOM EVANS and RUTH ELLEN GRIFFITH must get up awful early every morning to get to school because they have been seen in the Auditorium as early as 7 o'clock some mornings. (Studying of course.)

JIMMY WOODSON and MICKY CROSONO won't be exactly acting when they play the romantic leads in Hay Fever, which comes off tonight at 8 p. m.

At the junior picnic: VANCE GORMAN and DOT HALL, VIRGINIA WILSON and BRENTS WOOTEN, ROS COVEY and FLOYCE BAILEY, ETHEL RAE CHETHAM and JAMES MECASKEY, MAXINE SHAW and BOB MECASKEY, BETTY OGDEN and A. J. BRUMBAUGH, GERTRUDE ROBERSON with KYLE GILLES.

PIE (I think) WOODY ADAMS and ELIZABETH EPPERSON, PHIL ROACH and LAURA JONES, L. A. MONROE and DOT WINGO, SUPERTIME WOFFORD and KATHRYN KINGSBERRY.

FRANCES DRENNON came back Tuesday after quote: "The most wonderful week-end a girl ever had." (She went to Randolph and Kelly fields.)

Seen at the rodeo last Friday: BOB JOHNSTON and GEORGIA LEWIS, DON LOONEY with MRS. HARRIS (you know the one who runs the Cafeteria.)

And Food Was Free— Journalism Students Rate Banquet at Gainesville

The life of a student of the "fourth estate" may have its drawbacks and drudgeries, but every once in a while something special happens by way of compensation.

Such was the lot of those lucky enough to make this trip to Gainesville Monday to edit the Gainesville Register. They were "royally entertained" in every way.

First, they walked into a pleasant clean office, filled with fresh spring flowers. The members of the regular staff greeted them cordially and proceeded to acquaint them with their duties for the day.

After a morning of interesting work, they were all invited to the hotel for lunch. Now a free meal is really "sump'n," and a journalism student has never turned one down yet. But this one was of the "super" variety.

In honor of the school and the visitors, a huge "pillow" of white carnations with the letters T. C. U. spelled out in purple sweet peas, adorned the center of the long table. On each end a vase of purple and white stock was placed.

Then the food began coming in and silence reigned supreme. Heaving a sigh of contentment, Misses Georgia Ratliff, Doris Ferguson, Margaret Ramage, Mary Lou Jordan, Claire Nelle Gleason and Edleen Armstrong, and Wallace Fitzgerald, John Goodspeed, Marvin Moore, Elmo Webb and Duane ("Scop") Kellam, sat back and pronounced it the most memorable trip in their career.

Only once was she ever denied admission to a hotel dining room and that was in Florida—but the drug store across the street welcomed "Baby" and her mistress.

Old age, pneumonia and a weak heart were just too much for "Baby."

Register. They were "royally entertained" in every way.

First, they walked into a pleasant clean office, filled with fresh spring flowers. The members of the regular staff greeted them cordially and proceeded to acquaint them with their duties for the day.

After a morning of interesting work, they were all invited to the hotel for lunch. Now a free meal is really "sump'n," and a journalism student has never turned one down yet. But this one was of the "super" variety.

In honor of the school and the visitors, a huge "pillow" of white carnations with the letters T. C. U. spelled out in purple sweet peas, adorned the center of the long table. On each end a vase of purple and white stock was placed.

Then the food began coming in and silence reigned supreme. Heaving a sigh of contentment, Misses Georgia Ratliff, Doris Ferguson, Margaret Ramage, Mary Lou Jordan, Claire Nelle Gleason and Edleen Armstrong, and Wallace Fitzgerald, John Goodspeed, Marvin Moore, Elmo Webb and Duane ("Scop") Kellam, sat back and pronounced it the most memorable trip in their career.

Only once was she ever denied admission to a hotel dining room and that was in Florida—but the drug store across the street welcomed "Baby" and her mistress.

Old age, pneumonia and a weak heart were just too much for "Baby."
