Dear Sir:

At this time we wish to make you a "good-will" introductory offer. Something which we have been trying to obtain for 2 years, is now in our possession.

THE RARE : 50¢ ZEPPELIN SHEETS

This sheet is in very fine condition and a rarity in itself. It is something that every stamp collector would be proud to call his own.

This sheet will soon be worth \$300.00, but since you are one of our valued patrons, we shall let you have the pride of U.S. sheets, this exclusive ZEPPELIN sheet for only \$150.00. As far as investment is concerned, this will surely double its value in one year or less.

As our supply is limited, and we have only two sheets of same on hand, your immediate telegraphic remittance will assure you of being the proud possessor of this fine show piece for your collection. First come first served.

Very truly yours,

THE ROAD TO SAFE INVESTMENTS

THE PARAMOUNT INVESTMENT.

Well St. has made a lot of Rich people P--o--o--r. That could never have happened, if they had put their money in stamps. Get wise to yourself.

BUY STAMPS FOR SAFE INVESTMENTS
For example: TIPEX -bought at 12¢ May 9th, now worth three times face = 26¢ = 200% profit
COMPLETE SET OF JUBILEES - sold at \$20.00, 1935, now brings \$100.00 = 500% profit
PHILIPPINE CLIPPERS -face value 20¢, selling now from 75¢ - \$1.00 = 400 - 500% profit

We could go on citing hundreds of other examples, where STAMP INVESTMENTS have surpassed all others by their appreciative values. Each day we come across customers, who tell us of their losses in the stock market, and they are only too sorry that they did not know more about stamps.
