Honorable Morris Sheppard,
U. S. Senate,
Washington, D.C.

Dear Senator:

Your three telegrams advising that the Public Works Administration had authorized grants for Fort Worth's City Hall, Library and Hospital Projects received during Mr. Carter's absence from the city.

Naturally, the citizenship of Fort Worth is very happy over these grants and I am sure Mr. Carter will appreciate your cooperation on the matter as well as your thoughtfulness in wiring him the news.

Yours very truly,

Secy. to Mr. Carter.
