

May 2, 1944.

Mr. Ray L. Powers,
President and Bus. Mgr.,
The Houston Press,
Houston, Texas.

Dear Mr. Powers:

Your letter of April 10 has
been received.

Mr. Carter hears from Amon
rather regularly every four to six weeks and
the tone of his letters indicates that they
are in high spirits and expect to be home
some time this year. I presume they get in-
formation from the prisoners that come in from
time to time from the various fronts. There
are 300 at this particular camp now and 40 from
Texas. They have had a very severe winter and
are looking forward to the spring and more food.

I am sure that Mr. Carter as
well as Amon Junior will appreciate your interest
in his welfare. With best wishes, I am

Yours very truly,

Secy. to A. G. Carter.
