M. A. FULLER  
PRESIDENT

Dear Amon:

I can wait no longer to express my joy over the liberation of Amon, Jr., and for him to be in good health and without blemish is truly a Divine act.

After having gone through such torture as you have, your spirits must be elevated to a celestial degree and you may be sure that your host of friends join in your happiness.

I hope that it will not be your lot to ever again suffer any agony which would be even partially comparable, and with best wishes, I am

Sincerely,

Mr. Amon G. Carter
