May 17, 1949

Dear Friend:

Another dedication,

of another master carillon will take place on May 24, 1949, at 5 p.m. The First Baptist Church is the setting. Fort Worth, Texas, is the place.

Of course,

another great artist, a master of the keyboard, will be the recitalist. This time, we have the honor of presenting Dr. Alexander McCurdy, organ virtuoso and bellmaster from the Curtis Institute of Music, Philadelphia, and the Westminster Choir College, Princeton, New Jersey.

Dr. McCurdy,

is well-known for his artistic, sympathetic, and unusual interpretations of the classical, folk-tunes, and hymns on the Flemish Carillon. You, indeed, will be in for a treat at Fort Worth.

You are invited,

yes, heartily invited to be with us for this occasion. It is one of the best ways for you to hear and understand just what an instrument like the master Flemish Carillon can mean to you, your church, or college.

You will be expected,

and we will keep an eye open for you. Every consideration will be extended to see that your visit, your interest is well attended.

May we have the pleasure

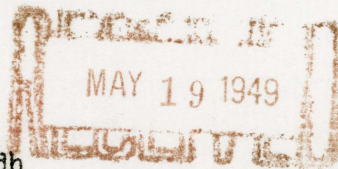

of displaying, demonstrating this wonderful carillon on Tuesday, May 24, at 5 p.m.?

Cordially,

*Neil D. Caner*
