Dear Mr. Carter:

It was the happy privilege of Mrs. Allen and I to attend the Bob Hope program Friday night, December 2, in Fort Worth, at the Will Rogers Colliseum, and it was such a great pleasure to me to hear your introductory remarks of Bob Hope.

I have not seen you personally in some fifteen or twenty years, and was surprised you have developed into such a splendid public speaker - - - no fooling, or kidding, I thought you did a magnificent job in your introductory remarks. Was surely pleased to attend this show, and especially due to the fact that it was in the Colliseum dedicated to the memory of Will Rogers, and I know your efforts in behalf of the establishment of this memorial were largely responsible for its completion, which is a fine tribute to a great friend of the southwest country, and an outstanding American citizen.

All of your efforts in behalf of the betterment of Texas and the great Southwest are very much appreciated.

Yours truly,

Jack Allen
