 The Star-Telegram
 Fort Worth, Texas

Dear Amon:

This will acknowledge, with thanks, your letter of October 26 from Guam. I appreciate your thinking of me. I appreciate, also, the fact that you spent fifty cents to send me a letter.

I was glad not only to hear from you, but also to have an envelope and air mail stamps from this particular trip of the Philippine Clipper. There is a little neighbor boy of mine who is sick at the present time to whom I am going to give the envelope and stamps. He is quite a collector and this may cheer him up a little bit.

I'll bet you really did have an interesting trip, and I am only glad that you didn't get dumped into the Pacific. About the time you were planning to leave San Francisco on this trip I happened to mention it to my young son, seventeen years of age, telling him you were going to fly across the ocean to China in an airplane, and he asked naively, "What for, to get subscriptions?"

I am passing your letter around to others in the office for their information. Hope to see you soon after you get back to Fort Worth.

Kindest regards.

Sincerely yours,

Ted Dealey
