FORT WORTH, TEXAS, FRIDAY, MARCH 17, 1939

NO. 22

VIEWS 'N' VIEWPOINTS

By ERLE POWELL

For several years the School of Business has felt the need of some sort of club or organization to hold the department more closely together...

We are attempting to organize a T. C. U. Chamber of Commerce. The members of the School of Business feel that the things we desire to accomplish can best be accomplished through this form of organization.

Just as the Student Council is in charge of general student activities on the campus, we hope to make the Chamber of Commerce the leader in the activities of the Business School.

Because so much of the year is already past that we would be unable to assist the seniors, the chamber is being organized by junior majors in the School of Business.

The governing body of the chamber will consist of a president, two vice-presidents, a secretary and a treasurer. These officers, with several students elected from the membership of the chamber, will form a board of directors to administer the general policies of the organization and to see that the policies are carried out.

By having the Junior Chamber of Commerce co-operate with us, we feel that the students will be able to make contacts with business men that will be very helpful to them.

Graduates of T. C. U. now hold responsible positions in Fort Worth and throughout Texas. In a few years, the students of today in the School of Business will hold responsible positions in Fort Worth and all over the state.

Miss Lucille Ayers Wins 'Best Groomed Girl' Prize

Miss Lucille Ayers of Jarvis Hall won a prize for being the best groomed girl last Monday in the "Poise and Personality" class taught by Miss Hazel Hunicutt.

Club 'Prexies' Will Consider Clean-Up Plan

List of Needed Campus Improvements to Be Presented to Group.

Meeting in Jarvis

Sub-Committee, Headed by Matthews, Work Out Set of Recommendations for Campaign.

Recommendations of the sub-committee in charge of writing a definite list of needed campus improvements will be presented to club presidents, sponsors and members of the Clean-Up Committee next Tuesday night.

The group will meet in Jarvis at 8 o'clock, Prof. C. R. Sherer reports.

Headed by James Matthews, the sub-committee is composed of Miss Martha Ceil Graves, Miss Emajean Haggard, Rufus Whitley and Dr. J. L. Whitman.

Recommendations Listed Included among the recommendations are the following:

Weekly meetings of the janitorial staff of the Administration Building for the purpose of corrective criticism taken from suggestions turned in at the business office by faculty and student body members.

Proper ventilation and sanitation facilities in the boys' and girls' rest rooms in the Administration Building.

An educational program against smoking in the halls of the Administration and Brite College buildings.

Construction of another sidewalk from the Administration Building to Brite college, about 15 feet to the east of the present one.

"Lapel Mike" Suggested

Bring more interesting speakers to the student body at the chapel hour. Inaugurate the use of the "lapel mike" so that the speaker can be heard at all times.

The parking and speeding problem can be eliminated entirely by the closing of Rogers Street by gates behind Clark and Jarvis halls, leaving room for parking in the space now used for this purpose back of Jarvis Hall and in the space in front of the Basketball Gymnasium.

Business Banquet To Be on April 3

Miss Finlayson and Parker, Cassidy, Moseley, Dewees Are on Committees.

April 3 has been set as the tentative date for the banquet of the School of Business. This date will be possible if there is some hotel with this date open.

Plans were discussed at a meeting of the business students Monday. Included among them was the appointment of several committees by James Merritt, "Roastmaster."

Chairmen of the committees are: Tickets, Bob Parker; guests, Miss Dorothy Finlayson; favors, George Cassidy; decorations, Arthur Moseley; entertainment, W. O. DeWees, Jr.

A report from these committees will be made at 10 a. m. Friday in Room 1.

"Duchess"

Miss Emajean Haggard, senior beauty from Plano, who will be T. C. U.'s "Duchess" at the annual Cotton Pageant and celebration at Texas A. & M.

Miss Haggard To Cotton Ball

Miss Emajean Haggard was named by the Student Council this week to represent T. C. U. at the annual Cotton Pageant and Ball at Texas A. & M. to be held April 21 this year.

In making the announcement of Miss Haggard's appointment, Student President Guy Daniel said, "We are appointing Miss Haggard rather than holding an election because of the short time we have in which to notify A. & M. of our choice, and because of the lack of student interest shown in the election held recently to name a T. C. U. representative to the University of Texas Round-Up."

The first meeting of those eligible for membership was held last Friday and a committee was appointed to draw up a tentative constitution.

Powell was named chairman of the committee, with Bob Parker, Guy Kelly, Charlie Williams and Henry Swain as assistants.

"The new organization will be modeled somewhat after the Baylor University Chamber of Commerce," Powell reported. "We will also co-operate with the Fort Worth Junior Chamber of Commerce, although we will not be officially connected with that group."

We will attempt to get two former T. C. U. students from the Jaycees to work with Dr. Boeck as an advisory board for our organization."

\$30 in Prizes For "Writing"

Creative Contest Closes April 29—Awards to Be Made in Chapel May 11.

Thirty dollars in prizes and publication of winning selections in a literary edition of Skiff Comic Magazine will be the awards given to winners in the annual creative writing contest.

Entries must be in the hands of the English faculty by April 29. Judges, not connected with the University, will decide on the winning manuscripts without knowing the authors. Decisions will be announced and prizes offered at the Creative Arts day program in chapel May 11.

Three divisions have been arranged. First is the Walter E. Bryson poetry contest, with a first prize of \$10 offered by Mrs. Artemesia Bryson. Second is the short story contest. Dr. Rebecca W. Smith is offering the \$10 first prize here.

Third is the freshman writing contest, with the following classes: Fact narrative (500, 2000 words), sketch, familiar essay. The Dallas T. C. U. Women's Club is offering a first prize of \$2.50 in each of the classes. Only students enrolled in freshman English may enter this last division.

Other prizes and honorable mentions will also be given. All entries must be original. A sheet setting forth all requirements may be obtained in the English office.

Miss Sanders and Hayes Win State Music Contests

Miss Elizabeth Sanders, a pianist, and John Hayes, a baritone, were announced as the state winners in contests in their given fields which were sponsored by the National Federation of Music Clubs. Each received a prize of \$15.

Miss Sanders also won a district prize of \$25 in a contest in which she competed with entrants from both Oklahoma and Texas. She is a music major in T. C. U. and is on the teaching staff at the Conservatory of Music. She is a pupil of Miss Jeanette Tillett.

TCU Students Of Business To Organize

Club Will Function on Order of Baylor U. Chamber of Commerce.

Committee Named

Junior Majors in Department Will Frame Tentative Constitution at 10 a. m. Friday.

Plans are being made to organize a T. C. U. Chamber of Commerce, it was revealed this week.

Erle Powell, who originated the idea of the organization, has been working with Dr. A. L. Boeck and students in the School of Business in making plans.

"The purposes of the organization," Powell says, "will be to form a club for students in the School of Business and to assist Dr. Boeck in obtaining employment for business graduates. Among the activities planned for the chamber will be the obtaining of local business men to speak to various campus groups."

"Membership in the organization this year will be limited to juniors who are majoring in business," Powell says. "Next year, members will be seniors, with a limited number of juniors admitted. Only business majors will be members."

The first meeting of those eligible for membership was held last Friday and a committee was appointed to draw up a tentative constitution.

Powell was named chairman of the committee, with Bob Parker, Guy Kelly, Charlie Williams and Henry Swain as assistants.

"The new organization will be modeled somewhat after the Baylor University Chamber of Commerce," Powell reported. "We will also co-operate with the Fort Worth Junior Chamber of Commerce, although we will not be officially connected with that group."

We will attempt to get two former T. C. U. students from the Jaycees to work with Dr. Boeck as an advisory board for our organization."

Gough Contest To Be April 13

The annual Gough Oratorical Contest will take place this year on Thursday, April 13, Prof. Lew D. Fallis has announced.

The final list of contestants is not yet complete, but seven students have already entered.

Prof. Fallis has set Monday as the deadline for turning in all speech subjects to him.

"We want to print the programs and make the final plans for the contest as soon as possible," he says. "The complete program will be announced in about two weeks."

Evening Church Services Broadcast Through KFJZ

"We want to stress that our evening services at the University Christian Church are being broadcast over KFJZ, 1370 kilocycles, from 7:30 to 8 p. m. each Sunday," the Rev. Perry Gresham says.

The evening sermon this Sunday will be "Blessed Community," and interpretive sentence reading will be done by Prof. L. D. Fallis. The choir will sing "Teach Me, O Lord," by Atwood. The morning sermon will be "Why Be Unhappy?" and the anthem will be "O for a Closer Walk with God," by Foster.

Ex-Convict Will Lecture Monday on Prison Life

R. J. Moore, the man who spent 18 years in "Prisons of Hell," will tell his story at 10 o'clock Monday morning in the Auditorium.

The topic of his lecture, which will be illustrated, is "Are we building our prisons bigger and better to house our future American youth?" He will tell of the horrors of the sweat box and iron straight-jacket.

"Why-y, Da-addy?" Star 'Snooks' In as Favorite

The Lucky Strike Program is on the air! Starring Fannie Brice, Jack Benny and Bing Crosby with Larry Clinton's orchestra featuring the singer, Bea Wain. Students selected all these as "favorites" in the poll taken last week.

Fannie Brice received the most votes—109, but the Lucky Strike Program was not far behind, with 101. Eighty students prefer Larry Clinton's orchestra and 43 want Bea Wain to do the "crooning." Benny and Crosby tied as best-liked radio stars, with 68 votes each.

Chase and Sanborn Hour takes second place in the list of program favorites, with its stars, Charlie McCarthy and Don Ameche, tying for second favorite men radio performers. Thirty-six chose Dorothy Lamour as their favorite woman star. Mary Livingston, not letting Benny get too far ahead of her, polled 29 votes.

Kay Kyser and Tommy Dorsey have the second and third best dance bands, say students. Dolly Dawn and Virginia Simms tied for second place as singers with orchestras.

One Man's Family, Maxwell House and Craft Music Hall rank high in the list of student favorites in the more serious programs. Lux Theater, Information Please and Magic Key got honorable mention.

Some of the students seem to like plays presented over the radio, Charles Boyer and Orson Welles received a number of votes. Nelson Eddy's voice still thrills many of the "fems," even if he is married. Frances Langford is a "double feature," being voted for as a favorite radio star and a favorite singer with an orchestra. Gracie Allen and Kate Smith are two other well-liked radio stars.

Dance to Honor Night Students

Two groups of Frogs will be given an opportunity Saturday night to become better acquainted when the first campus dance since the memorable vice-versa was held.

Miss Florence Wright, chairman of the social committee of the Evening College Student Council, met with members of the regular Council Tuesday to discuss plans for the affair, which will be in honor of the Evening College students.

The Ambassadors will furnish the music for the hop, which will start at 9 o'clock, with the usual admission price of 65 cents for couples and stags alike.

As a means of helping day and Evening College students to become acquainted, part of the dance will be a "goulash affair." Dance Manager Leroy Gideon says.

"In case some of you have forgotten what a goulash is," Gideon explained, "it is a dance at which either the boy or the girl may, at any time, say 'goulash' and walk away to tag someone else. In other words, both boys and girls tag, and no one gets 'stuck.' Of course, the whole dance will not be goulash—only a part."

Gideon also said that a few "Paul Jones" will be held during the evening—all as a means of helping the two groups to become better acquainted.

Eighteen Journalists To Attend Convention

Southwestern Congress to Meet in Stillwater—Well-Known Editors to Speak.

Eighteen journalism students and Prof. and Mrs. J. Willard Ridings plan to attend the annual Southwestern Journalism Congress meeting Friday and Saturday at Oklahoma A. & M., Stillwater, Okla.

Those who will go are Misses Helen Ruth Verheyden, Frances Taylor, Marjori Gibson, Ann Goodner, Helen Connor, Yvonne Buster and Mildred Smith, and Bill Day, Bill Douglas, John Goodspeed, Charlie Graves, Bill Haworth, James Matthews, Jimmy McCalliard, Ernest Peyton, Bill Sinclair, J. C. Smith and V. G. Smylie.

The entertainment program will include a dinner, tea, breakfast, dance and two luncheons. Outstanding speakers will include, among others, Walter M. Harrison, managing editor of The Daily Oklahoman and The Oklahoma City Times; Victor Murdoch, editor of the Wichita (Kan.) Eagle; and Dr. Kenneth E. Olson, dean of the Medill School of Journalism, Northwestern University.

Another highlight of the annual affair will be a motion picture tour of three graphic-arts plants which will show the processes of making a cut, making a magazine and making paper.

3 Gridders Sell Programs At Stock Show and Rodeo

Three Frog football players are working at the Stock Show selling programs. They are Bud Taylor, Bob Jordan and Forrest Kline.

21 'Students' Are Selected In Final Poll

13 Boys, 8 Girls Named As "Most Representative" in Departments.

Only 2 Repeaters

Martha Ceil Graves, Dick Crews Get Honor Second Time—Seniors Place 14 on List.

Only two students repeated this year, to win places in the "Most Representative" student election conducted by The Skiff. Seniors placed 14 students on the list of winners, with the juniors holding seven places in the 21 departments.

Miss Martha Ceil Graves and Dick Crews, both seniors, are two who also won the honor last year.

Students in eight departments were selected as the "Most Representative" in the first poll. These departments include art, chemistry, economics, government, mathematics, music, physical education for girls and philosophy-psychology.

Of the 21 students elected there are 13 boys and eight girls to win the honor.

This year the "Most Representative" students are:

KI ALDRICH, physical education for men, senior, Temple, Ki, as everyone knows, played center on the football team. Was sub-captain the past season and an all-American. Had an art for knowing which way a play was going before it started. Outran A. & M.'s fast Dick Todd in that game. Is a member of the "T" association.

VIRGINIA BARKLEY, public speaking, senior, Bishop. Virginia is president of Ampersand, secretary-treasurer of Sigma Tau Delta and secretary-treasurer of the Dramatic Club. Reading is her favorite entertainment and popcorn is "tops" in food. Foot swingers are her pet peeve.

BOBBY BASS, geology, senior, McKinney. Bobby is a member of the Bryson Club and the Natural Science Club. Besides being interested in fossils, he likes to swim and says he can "always take time out to smoke my pipe."

FENTON CLARK, physical education for women, junior, Iowa Park. She is president of W. S. A., and belongs to all of the clubs of the organization except horse-back riding. She makes a hobby out of being an outdoor-girl, as well as a major. She will answer to "Bunny" or "Sis" if you know her well enough for nicknames. The man in her life—"very muchly so"—is Mac Best.

DICK CLAYBORNE, Bible, junior, Aransas Pass. Dick is a member of the Timothy, B.C.B., Homiletic Guild, S.C.A. and the Mellorist club. He has been a law student at Baylor and cook on a freighter. His chief hobby is collecting post cards from all parts of the world. He dislikes girls that smoke.

LANDON COLQUITT, senior, mathematics, Fort Worth. Landon belongs to the Student Christian Association, Phi Sigma Iota, the Poetry Club, Alpha Chi and is president of the Parabol Club. His favorite pastime is playing the piano and he chooses for his favorite food, steak. He was one of two Texas boys chosen to enter competition for a Rhodes scholarship.

ELISE COMBES, home economics, senior, Fort Worth. Member of the Home Economics club and the Natural Science Society. A domestic type, she likes to sew, knit and cook. Her favorite food is chocolate cake and she is a wizard at making them. For recreation she likes horseback riding and skating.

DICK CREWS, philosophy, senior, Dallas. Dick is president of the senior class. He was also president of his sophomore and junior class. He is a member of B. C. B., the Homiletic Guild and Sigma Tau Delta. Has a good sense of humor and is on the dormitory personnel staff.

WAYNE DUNLAP, music, senior, Cameron, Mo. The golden-voiced tenor assistant director of the band, and on the side he composes, arranges and

Education Via The Adding-Machine

SOMEbody has said that the college student gets his education by the adding machine method. He acquires three hours here, two hours there, six hours in that course—then, bingo—he has 120 hours and he's educated.

Here is a paragraph borrowed wholesale from a learned treatise. This is what you're supposed to get from college.

"Training for a livelihood, for life and for leadership, so that the graduates are distinguished by a sense of values, a wide vision and a capacity for creative thought and judgement which require only the ripening of experience to enable them to bring a trained mind to bear on any of the problems with which they may afterward be confronted in their professional, industrial or civic life."

And this is what the graduate actually learns: Knowledge of the latest trend in styles, the comparative merit of Kay Kysar and Charlie McCarthy's radio programs, the antics of Little Orphan Annie and Andy Gump, and to keep up with football and baseball scores.

He has a scroll of sheep-skin to show that he was exposed to four years of college. He has built up a crowd of "profitable contacts." He has worked on improving his social standing and perhaps bought an engagement ring out of the last check from home. He entered without knowing what he wanted from college, and will leave without wanting what he knows.

Perhaps, you say, this is rather hard on the college graduate. All right. If you came for a cultural education, did you get the following knowledge from your work? Can you name 10 great composers and one composition of each? Have you read Dante, Voltaire, Darwin, Cervantes, Pliny or Virgil? Have you any idea of the philosophies of Plato, Confucius or Epicurus?

No, you say, you came for a practical education. Then discuss the major economic problems of today. More practical yet, give the main ideas of the Declaration of Independence. What chance do you have for a profitable job in the field you have chosen? Incidentally, have you chosen a field yet?

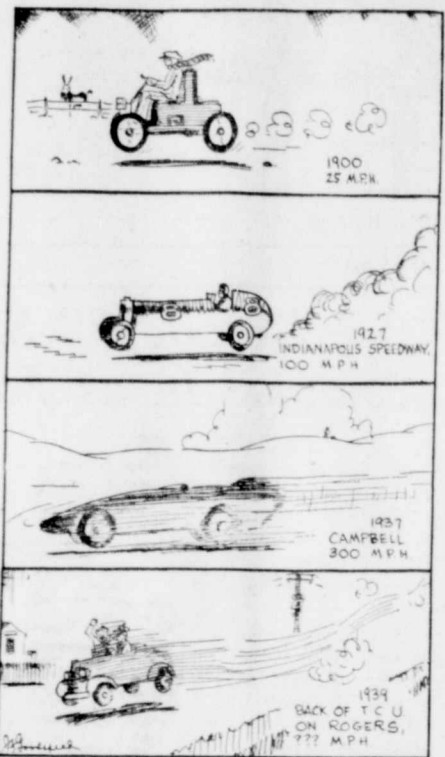

223 Can't Be Wrong

Two hundred and twenty-three students out of a student body of some 1,100 did either excellent or superior work the past fall. These honor roll students constitute about 17 per cent of the entire enrollment. These figures are slightly higher than the average honor roll quotation at T. C. U., but do not radically differ from the scale of past years.

It is interesting to note the progress of students from the time they enter until they graduate. A freshman works rather hard to make the grade, and the class is usually well represented upon the scholastic tables. Graduation into high and mighty sophomores makes for relaxation in grade ambitions, and that class is usually represented by only average numbers. At the junior stage, negligence is at its height, or so it seems. Past records, with a few exceptions, show this class as having the smallest number upon the rolls. Then comes realization, which brings on long and tedious hours of study, as well as regret for the past. Seniors usually dominate the honor roll lists, or at least have the greatest number of any class.

It would be well for T. C. U.'s undergraduates to take heed to this survey, and perhaps make "seniors" out of freshmen, sophomores and juniors.

Evolution of Auto Speeds

Let's "Clean-Up" Chapel

One of the resolutions to be submitted by a sub-committee to the clean-up committee at its meeting next Tuesday reads: "Bring more interesting speakers to the student body at the chapel hour. Inaugurate the use of the 'lapel mike' so that the speaker can be heard at all times. Dismiss chapel when an interesting program cannot be presented."

There is no doubt that the chapel situation on this campus needs immediate attention. The behavior of the students during the first half of the program March 1 was nothing short of disgusting. There is no reason for such action. It was not only disrespectful to the speaker, but to the members of the Administration.

But all the blame for the chapel situation cannot be placed on the student body. Those who arrange the programs should shoulder their share. The securing of more interesting speakers and the arranging for some programs of pure entertainment value is necessary. Often students have had to sit for an uncomfortable hour while someone delivered a boring harangue.

Quite a bit of the trouble can be traced to the failure of speakers to "talk into the mike." The acoustics of the Auditorium are too poor for such a speaker to be heard by a majority of the students. Perhaps the sub-committee's suggestion of the use of a "lapel mike" would solve the problem. At least, it could be tried.

The third suggestion is that chapel be dismissed when interesting programs cannot be arranged. The Skiff does not interpret this to mean that only programs of pure entertainment value be presented. Several of these programs during the year would add much-needed variety.

The Skiff does not believe that the committee meant that chapel should be made a stage show, but rather that interesting speakers CAN and SHOULD be obtained. Let's support the committee and this resolution, and try to make chapel more of a pleasure, and less of a necessary evil.

Not So Bad After All

No sirree! Despite all the justified concern over the campus rat situation, the positively inhuman treatment of chapel speakers, and the reckless speeding on the campus drive, politeness and civility are evidenced every now and then.

Take the tea Jarvis Hall girls are giving the faculty Friday. There is an instance of kindness and respect. The coffee Ampersand gave transfer students earlier in the year is another sociable act that shows urbane refinement. Other such examples could be cited, some of them annual affairs and others special cases.

So be it noted that with all their faults, still T. C. U. students are aware of that age old sentiment so aptly stated by Emerson—"Life is not so short but that there is always time enough for courtesy."

Command Performance

T. C. U., Fort Worth, and even the state of Texas has been honored by the selection of the Texas Christian Men's Glee Club to make a personal appearance at the New York World's Fair this summer. However, there is a lot to be taken into consideration before the eastern trip can be actually realized.

It's too bad that a little matter of funds has to be taken into consideration. "If" the Glee Club can raise enough money from the proceeds of their home concerts and "if" enough concerts can be arranged on the way to the fair, then the club can accept the invitation.

Even if the club had to reject the New York tour, we can still be proud of the fact that Texas Christian was asked to be represented. If all the "ifs" can be eliminated, the University will once more be publicized from coast to coast, and the members of the Men's Glee Club will have the "thrill of a lifetime."

Around and About

THERE was a time when a freshman wouldn't look twice at a football player's best gal—specially an all-American. But comes a lad from the Gulf country with more ambition than good sense who gives tradition on the campus a good going over. Orchids to lil' Davey for not obeying a natural impulse to commit wholesale murder. After all, paying a girl's bills gives a guy some priority, we'd say. And it's our guess that GRIFFITH will confine his activities to the shallower waters of the FRESHMAN ranks henceforth.

(Continued from Page 1)

It's here! The best film that the Worth Theater has offered in a long, long time—and that's no slim at their previous pics. The super-magical we're raving about is "Pygmalion," the screen version of George Bernard Shaw's great story. Leslie Howard portrays the screwball voice instructor who takes a flower girl from Pieddilly Circus and transforms her into a great lady. In fact, he does such a good job that he not only passes the fraud off as genuine to the Queen, but he falls in love with the gal himself. Wendy Hiller, a newcomer to these parts, turns in one of the best performances as the flower girl that we have ever seen. No jokin', it's tops.

The JUDY that's causing MURRAY GILLESPIE all the sweet sorrow these days is his steady. Gillespie must have gotten the jump on spring this year.

AFTER a gala evening at the Wayside the other Saturday eve, RUSSELL HENSCH wound up out here in his own neck of the woods. If he can't remember the name of the frail he was squirin', maybe JOE RUSSO can supply him with the necessary info.

And, culmel, suh, Ah'll meet yo' at the Tivoli this week-end. Why? Suh, Ah'll have yo' know that ole' Kaintuck will be pictured there. Yes, suh, "Kentucky," in all her glory. It's a swell picture, suh, all about a feud, with the Derby as a climax. Loretta Young and Richard Greene do the feudin', suh.

QUESTION of the week: Where will you always be able to find some of the band laddies—including ELTINGE PORTERFIELD, HOWARD RECTOR, BOB GLAZE and REX BEENE—at the Fat Stock show when they're not playing? Answer: at the VICE attraction (otherwise known as a burlesque).

BILL "Dictionary" HAWORTH, instead of patronizing Fort Worth's Wayside, now runs out to the Wakefield at Mineral Wells. 'Tis said to be fine.

And don't forget, everybody. Next Friday night is "Nick Nite" at the Den. Yep, NICK STUART and all the lads will be back.

"Not recommended for sissies and those who can't take it!" That's the startling notice that appears with the ads about "The Lady Vanishes," the Parkway's show for next Wednesday and Thursday. 'Tis reported that no fresh will be allowed to see this, 'cause it's too scary for 'em. Psst, don't tell anybody, Elmer, but there's going to be a sneak preview of a first-run pic over there Monday night. Go at 9 o'clock and see the regular feature—"Dawn Patrol" with Errol Flynn and Basil Rathbone—and the extra film for the same fee.

2 Departments Taking Comprehensive Tests

Students in the School of Business have been taking a battery of comprehensive tests this week to see how well prepared they are for jobs. Dr. James H. Daugherty says that business executives look over these tests before hiring students.

Aptitude tests are also being given to education students before they begin practice teaching. "These tests will be given to any student for a minimum charge," says Dr. Daugherty.

Fenton Clark Goes Home To Iowa Park With 'Flu'

Miss Fenton Clark has been ill at her home, Iowa Park, for the past week with influenza. She has not returned to school.

SOCIAL CALENDAR	
4:00 p.m.	Thursday, March 16 Home Economic Club bicycle party—Forest Park.

9:00 p.m.	Wednesday, March 22 Los Hidalgo progressive dinner.
1:00 p.m.	Thursday, March 23 Brushes Club sketching party—meet in art studio.

plays a sweet trumpet. He is a member of the WBAP staff orchestra, the 11th Medical Regiment Band, and is tenor soloist with the First Methodist Church choir. Lacking enough to keep him busy, Dunlap gives lessons both at school and at a downtown music store. Director Don Gillis declares him "the most valuable band man I have ever had."

CHESTER GLEASON, sociology, junior, Amarillo, being a member of the "Y," the Timothy Club, R.C.B., Meliorist and the Glee Club, and being president of the Timothy Club and co-sponsor of a social service group, there's not too much idle time; but Chester says he enjoys reading, particularly fiction.

MARTHA CEIL GRAVES, English, senior, Fort Worth. Reading and wishing she had more time for sports are Martha Ceil's hobbies. Physical education excuses are her greatest dislike. She plans to teach dancing when she graduates. She is vice-president of Sigma Tau Delta, secretary and treasurer of the Student Council, publicity manager of Ampersand and a member of the Bryson Club. Martha Ceil will represent T. C. U. at the University of Texas Round-Up, March 30-April 2.

COLBY D. HALL, Jr., chemistry, senior, Fort Worth. Colby is one of the best "joiners" on the campus. He is a member of the Men's Glee Club (president), Natural Science Society (vice-president), Parabola, Alpha Chi (treasurer) and the student affiliate chapter of the American Chemical Society. Photography is his hobby and his favorite food is "plenty of it." Colby plans to do graduate work—probably at Rice—after graduation in June.

BILL HAWORTH, journalism, junior, Fort Worth. Bill answers to "Hayseed," "Listen, Frogs," "Scribe," and sundry other cognomens, connected with journalism or not. He is the sports writer de luxe for The Skiff. Name your sport, and he'll quote you records, statistics and outstanding participants by the hour. He's a former track star of Stripling High School, but gave up running when he entered the University in order to write about it.

BETH LEA, art, junior, Fort Worth. She is a tall statuesque brunet, who likes portrait painting and history. Going on International Relations Club trips is her hobby. She has great hopes of being a portrait painter after studying for a time in an eastern art school.

KATHERINE O'GARA, modern language, senior, Fort Worth. She is a member of Phi Sigma Iota, Los Hidalgo, Sigma Tau Delta and the Dramatic Club. She likes music and "would love to be able to play the piano." What time she isn't studying and getting herself on the honor roll, she is secretary to Dean Otto Nielsen. Katherine transferred here in her junior year from O. L. V. Yellow is her favorite color, but she usually wears black.

CARY RALL, economics, senior, Fort Worth. Tennis and swimming will be taking up a lot of his leisure time this summer, and creative writing and reading will occupy the rest. His ultimate aim is a government position, but he plans to take several advanced degrees first. Right now he's so rushed, with that going to school in the morning and then working at the Star Telegram that he hasn't time to take part in campus activities as he would like to.

TOM ROBERSON, government, senior, Fort Worth. Tom is assistant in the government department and likes to wear socks you can hear 10 miles away. He's a football fan and likes to play golf, but doesn't have a hobby 'cause he doesn't have time. He's reputedly a good dancer, and as he says, "Not just one girl—I like them all."

PAUL SNOW, Jr., business, senior, Rockwall. Paul has the distinction of having gone to the Sugar Bowl both times with the Frogs. He was a mem-

Discussion, Campaign Gets SCA Attention

Financial Drive, Student Government, Race Relationships Meeting Themes.

All six discussion groups of the Student Christian Association are having a busy week, meeting for discussion on various topics and actively participating in the financial campaign of the association.

At 7:30 o'clock Thursday evening, the freshman group will meet at the home of Dr. William V. Roosa to discuss the problem of race relationships. The general group will also meet Thursday night at the home of Dr. Cortell Holsapple to discuss student government.

The social service group met Monday night and heard a talk by Mrs. S. K. Farrington on the problems of a visiting teacher in the public schools. The freshman group met at the home of Prof. and Mrs. Charles R. Sherer Tuesday night. Dr. Herbert R. Mandhenke's section met Wednesday for a discussion of various phases of Americanism, and Dean Otto Nielsen's freshman group met the same night.

May 1 Set as Deadline For Senior Ring Orders

Seniors selected their invitations at a meeting of the class Monday. The Stafford-Lowden company is in charge of the printing, and they will be available within the next two weeks.

"All seniors who wish to order a class ring should see Ward Wilkinson before May 1, because we have definitely set that date as the deadline," warned Miss Anne Whitley, secretary.

Ziegler's Oil Works Exhibited in Studio

Twelve of Prof. S. P. Ziegler's own oil paintings are now on exhibit in the art studio. The group includes still life and landscapes.

Miss Sarah Smith, an ex-student, will open a display of her canvases with a reception in the studio on March 26, Prof. Ziegler reports.

RUFUS WHITLEY, history, junior, Keller. Rufus is vice-president of the International Relations Club and president of the Frog Forensic Fraternity. He is interested in debating and was on the team that toured eight states last year. After graduation he wants to study law, particularly corporation law. He has no hobby but likes to spend his spare time discussing politics and problems of government.

CHARLOTTE ZIHLMAN, physics, junior, Fort Worth. Her hobbies are photography and hiking; dancing is her favorite recreation. She has a yen for figures and research work, as her minors are mathematics and chemistry. She wants to get her master's in physics, and to do research laboratory work.

'Pipesman' Paul Placidly Puffs 29 Prize 'Pets'

"Lips that touch a pipe shall never touch mine!" This old slogan apparently doesn't frighten Paul Snow.

In fact, if the slogan were in effect now, the blond, curly-haired Snow would be well-fortified against any possible feminine onslaught. He has 29 pipes of all descriptions, collected over a period of three years.

Of all his pipes, Snow values a meerschaum, given to him by his grandfather, most of all. The pipe was brought over from Europe and is more than 200 years old.

Another prized member of Snow's collection, which he values at more than \$100, is an old Dutch clay.

He has made an intensive study of pipes and pipe smoking and is regarded by most boys on the campus as the authority on the subject. He possesses several books and pamphlets on the technical side of pipes and says that there is more to pipes than the average person suspects.

T. C. U. Orchestra to Play On Educators' Program

The T. C. U. Orchestra will appear Friday, March 24, on a program in the Civic Auditorium under the auspices of the North Texas State Teachers' Association, which will be host at that time to the Progressive Educators of other states.

Several educators from Columbia University will also speak on the program.

Purple Sport Parade

By BILL HAWORTH

YOU can't keep a good man down—nor can you keep memories of the Frogs' 1938 football season down. The American Football Statistical Bureau recently released what is probably the most complete compilation of collegiate gridiron statistics ever made. The facts and figures are published in book form and concern every major team and individual player of those teams in America. Needless to say, the Frogs' achievement of last fall are eulogized throughout.

The national rating given the Frogs is second (Fordham is first), but an explanation states that the rating is based purely on statistics and doesn't take into consideration opponents' strength. If Frogs fans feel bad, think of Tennessee's supporters—the mighty Vols ranked twenty-fifth!

The Purple ranked first in pass offense, averaging 164 yards per game by the air route. Davey was the best passer, the figures show beyond a doubt, with a completion average of .557. His completed passes averaged a 15-yard gain, and every time he cocked his slingshot arm it was worth exactly eight yards to the Meyer men, on the average.

O'BRIEN

O'Brien also was the nation's greatest offensive player. He was eighteenth in point scoring, and incidentally, Connie Sparks was sixth in the nation. Davey led America's place kick specialists in both attempts and conversions with 28 points after touchdowns out of 35 tries. His total offensive gain of 1847 yards was tops. He ranked fourth in intercepted pass returns, bringing back six stray tosses for 86 yards, an average of 14 yards.

Davey was ninth in runback of punts and kickoffs, totaling 294 yards for an average of 11 yards per return. He had the nation's highest offensive average per game, 184 yards; and the greatest number of completed passes, 93.

On offense alone, the Christians were runners-up to Fordham. But they were first in yards gained passing, and tied with Oklahoma U. for the most passes completed, 108. The Frogs were fourteenth as a defensive club, allowing opponents 88 yards per game on running plays, or an average of 2.8 per play. They also led in running up the greatest number of first downs, 149, or almost 15 per game.

Big Durward Horner led Frog ends in pass receiving, snagging 17 for 219 yards for an average of 21.9 yards gain per completion. Billy Dewell of S. M. U. was the top receiver in the Southwest and ranked third nationally. Billy Patterson of Baylor was America's best offensive player, next to O'Brien.

This spring weather does something to you. Several of the more frisky members of the journalism department got together recently and proposed to organize a baseball team of journalism students and through this column wish to issue a challenge to any other department.

The idea originated year before last, and a game that attracted much interest among the students was played. That year, with Bull Rogers hurling for the School of Business, the journalists were defeated. Rogers set the pencil pushers down with one hit. As the idea was proposed late in the spring, that was the only game played because of exams and other spring activities conflicting.

The only rules established, which were "unofficial," provided that only departmental members were eligible and that varsity and freshman baseballers were barred. Any department wishing to accept the challenge of the journalism department should con-

Track Squad Will Compete Without Cook

15 Men to Enter 1st Meet of Southwest Program at Wortham Field.

4 Opponents Listed

Smith, Duvivant, Hall Are Expected to Tally Points in Stock Show Competition Saturday.

Minus one of its chief point-winners, big Bob Cook, the Frog track and field team will compete with the leading universities and senior colleges of the Southwest in the annual Southwestern Exposition and Fat Stock Show Track and Field Meet at Wortham Field here Saturday.

Cook, shot-put champion of the Southwest Conference, was expected to garner eight or 10 points for the Purple team in the meet but the big blond junior is abed with pneumonia and will be out of competition for at least two weeks.

Nine varsity men and six freshmen have entered in the big athletic carnival, first big track meet of the season in the Southwest. Competition, always keen in the university division, is expected to be stronger than ever this year. The meet attracts widespread attention annually. Baylor, A. & M., Texas University, S. M. U. and the Frogs are conference schools participating. The Longhorns are the defending champs.

Frogs Entered in 11 Events

Of the 14 events, Christian tracksters will be entered in 11. Ward Wilkinson, late starter in practice, will not enter his favorite event, the javelin, as he feels his arm needs more conditioning. The mile relay and the shot-put are the other two events the Frog team will not try.

The small fresh squad will enter only five events. Handicapped by the conflict of spring football training the Wog runners will be the dark-horse entry in their division but are expected to cop some points.

Several freshmen who are expected to bolster the team have not been able to practice on the cinder path because of grid work-outs.

The meet will find Coach Poss Clark in charge of the team. His throat trouble apparently healed, Poss has been shouting instructions to his lads all week.

Smith Ranks High in Conference
The Frogs' best bet for points rests with Gail Smith, the classy middle-distance runner. Right now Smith ranks with the country's best half-milers and he's determined to break the tape Saturday in the 880-yard run and the mile. That's a stiff assignment but don't be surprised if the tall blond turns the trick.

Lee Duvivant in the pole vault and Capt. Johnny Hall in the dashes are being counted upon for some tallies, although Hall has not been working out long.

Hodges Best Fresh Bet

For the Wogs Elton Hodges, the Breckenridge flash, and Ed Revercomb appear to be the best bets. Both will run the dashes and the one mile relay. Albert Weigand has been looking good in the jumps and might score some points in these events.

The complete Frog varsity and freshman entry list is:

Varsity: Capt. Johnny Hall, 100 and 220-yard dashes and discus; Gail Smith, 880-yard and one mile run; Robert Groseclose, high and low hurdles and broad and high jump; Brad Snodgrass, 100 and 220-yard dashes; P. C. Taylor, 880-yard run and one mile run; William Chappell, one mile run; Marne Sanford, high jump; Floyd McRoberts, broad and high jump; Lee Duvivant, pole vault; and Bobby Roberts, broad jump.

Freshman: Elton Hodges, 100 and 220-yard dashes and mile relay; Ed Revercomb, 220-yard dash, mile relay and broad jump; Howard Pope, 100-yard dash and broad jump; Chester Coltharp, one mile relay; Vic Weingardner, one mile relay; and Albert Weigand, broad jump and high jump.

tact a member of The Skiff sports staff.

Meanwhile, the journalists will take their exercise at the annual Southwestern Journalism Congress at Oklahoma A. & M. in Stillwater Friday and Saturday.

Pat Clifford's competitive days are not over yet. He will enter the munny pentathlon event in the Stock Show Track meet Saturday.

This event is open to any one and includes five events—the shot-put, high and broad jump, 120-yard low hurdles and 100-yard dash. During his varsity days Clifford excelled in all of these except the shot-put.

Frogs of 1939 'Dig In' As Practice End Looms

With spring training coming to a close next Wednesday, Coaches Dutch Meyer and Mike Brumelow have been putting the footballing Frogs through heavy paces this week. Scrimmage has been on the daily work-out menu.

Early this week Meyer shifted emphasis from pass scrimmage to running plays. Monday, a rough work-out with the ground game was staged.

Although no game will be played at the close of this year's training session, a lengthy scrimmage in which all work will be reviewed and a good portion of the Frogs' offensive repertoire will be used will probably

Grubbs Plans Practice Tilt For Frog '9'

Cowart Wants Game Before Conference Opener Next Week with S. M. U.

Changes Expected

Bilderback to Go to Second Base. Alexander to First — Veteran Hurler Helps Pitchers.

Announcement of the scheduling of a practice game for the early part of next week is expected to be made soon by Coach Howard Grubbs, skipper of the Frog baseball nine.

"We may play a local team the latter part of this week if one can be scheduled," he said.

As the Frogs open their bid for the Southwest Conference flag Friday and Saturday of next week against S. M. U. in Dallas, the Purple coach is eager to see his charges in action against outside competition.

Two Groups Working Out

Grubbs is still using the two-practice plan he inaugurated this spring. Football candidates who are out for both spring training and the diamond sport workout from 1 until 3 o'clock and the remaining baseball candidates practice from 3 to 5 o'clock every afternoon.

Considerable attention has been given to batting practice this week and to the pitchers.

One of the most important shifts planned by Grubbs involves the moving of Billy Bilderback from first to second. It is believed that the soph flash will work well at the keystone bag, and Lefty Alexander apparently can take care of first base in fine fashion.

Ross Vanderkolk has been looking great on third base. The Wisconsin boy, also a soph, has a great arm and has been whipping the ball around like a veteran in practice.

Batting Stressed in Practice

Grubbs hopes to have improved hitting this year and has been working toward that end this week. In addition to the batting practices he has been giving individual attention to several batters.

The pitching staff is coming along as well as can be expected for this stage of training. Durward Horner has been taking a double work-out daily in an effort to take off weight. The big junior will pitch some good ball this spring if he gets in shape and he looks as if he will.

Tex Carleton, Chicago Cub hurler of last year and world series veteran, has been working out with the Frogs and has aided with a few pointers.

Walter Roach, fresh coach, announced that Wog baseball candidates will begin practice Monday. Fort Worth high schools and possibly some junior colleges will be played.

Aldrich Signs Pro Contract

All-American Ki Aldrich, greatest center in the history of the Southwest, signed a contract with the Chicago Cardinals this week to play pro football next fall.

Aldrich left school Tuesday to take an oil field job offered him by Tom Graham, South Texas oil magnate and ardent Frog supporter.

Aldrich will work at the job until the pro season opens next fall. He might return to school later for his degree.

Miss Frances Donovan, sophomore journalism major from Cleburne, has moved to Fort Worth. She will live with her sister, Mrs. Carlyle Odum, in Arlington Heights. Miss Donovan formerly commuted between school and Cleburne.

Sophs Score 41 Victories

Intramural Winners Conquer in All But 7 Games During 2-Year Period.

By KEITH GUTHRIE
Forty-one victories out of 48 regular scheduled starts, for a percentage of .854, is something of a record, but the class of '41 boasts just such a slate in its two years in intramural circles.

Last year the Sophomores of this year got off to a slow start in the football race, dropping the title to the Juniors after a hard-fought season. After their rather slow start, they warmed up and won the volley ball title without a loss. Next they took over the basketball and football titles with just one loss in each. To top this record off, they won the intramural track championship with 50 points to the Seniors 20.

In an effort to keep this record intact, which they are doing to the sorrow of the other three classes, the Sophs this year took the football championship without the loss of a single game, but ran into hardships in volley ball, dropping two games. The Juniors won this championship. But to prove that they were still champs, the Sophs made it a clean sweep of the basketball season and then went ahead to beat the winners

of the Red league in the Open House. Now that the season has again turned to softball, the class of '41 is looking with greedy eyes toward what they hope will be their second softball title and a total of six championships in two years.

The complete softball schedule, which got under way Wednesday, is as follows:

- March 15
Frosh vs Sophs 2 o'clock
Juniors vs Seniors 3 o'clock
- March 22
Frosh vs Juniors 2 o'clock
Sophs vs Seniors 3 o'clock
- March 29
Frosh vs Seniors 2 o'clock
Sophs vs Juniors 3 o'clock

- April 5
Frosh vs Sophs 2 o'clock
Juniors vs Seniors 3 o'clock
- April 12
Sophs vs Juniors 2 o'clock
Frosh vs Seniors 3 o'clock
- April 19
Sophs vs Juniors 2 o'clock
Frosh vs Seniors 3 o'clock

TCU All-Stars at Rest Before Tilt With Forney

The T. C. U. all-Stars are enjoying a week of rest before they attempt to extend their six game winning streak against Forney. The exact date of the game has not been set but it is expected to be some time next week.

"How to Have Picnic," Including Menu, Action

By FRANCIS TAYLOR

Let's dedicate this corner this week to the simple life, to al fresco (fresh air, to you) dining. This is the time of year when dining rooms become dreadfully dated, in short, when picnics are all the rage. Of course, the weather will probably drizzle a little, but what's a little rain in your soup?

There are always enough bugs to go around, and if anything should fly in your mouth just as you start to take a bite of sandwich, look at it philosophically. The unknown involves mystery and romance. Grass stains and cleaners' bills don't count.

You probably won't care anyway, since everyone has his own idea of how to carry on a picnic, but here's a little sketch that was put down with vicious intent to make you hungry. It might be entitled, "How to Have a Picnic."

SCENE: A wooded glade.

CHARACTERS: You and those members of the senior, junior, etc., classes who hate picnics and don't know why they came on this one, anyway.

PROPERTIES: A box lunch containing paper napkins, plates and forks. On top is a container of strawberries and powdered sugar. Below are two thin sandwiches, a container of lobster salad, a package of salted nuts, and, finally, a thick, flat slice of chocolate layer cake. (Note absence of fried chicken, potato salad, pickles, olives and pie.) Another note: The thermos bottle of lemonade is at home on the kitchen table.

ACTION: The ground chosen must not be too sloping, or you will keep sliding into the lunch. A choice picnic ground is usually free from poison-ivy. If no one put his foot into the food on the way out, then everybody falls to, with no regards for skill or etiquette.

Going from picnics to anklets in one jump is probably a sign of spring fever on our part. Our first year on the campus found the coeds debating over the question of wearing short socks. Controversies raged on other campuses over this absorbing and most important problem. The boys' general attitude at other colleges was that the girls couldn't get away with it. They put thumbs down on the anklet situation. But we inquired around on the subject, and it seems we're democratic on more than one subject.

The boys think that it shows common sense. Anklets look nice and are economical. W. O. Dewees demanded, "If a boy doesn't wear a coat and vest, why should a girl dress up?" In other words, they put their official sanction on the suitability of anklets, although they might be "a little chilly on a cold day."

ON DANCING: Saturday night's hop will be in the interest of day students affiliating with Evening College students. Dr. A. L. Boeck reports that the night students have been informed of the dance several times, and that the night school council is behind it.

Los Hidalgos to Make Plans for Dinner

Officers of Los Hidalgos will meet at 10 o'clock Friday morning in Room 106 to plan details of the annual progressive dinner which will be Wednesday night, Miss Eula Lee Carter reports.

Home Ec Girls To Bicycle

Girls in the Home Economics Club will have a bicycle party at 4 o'clock Thursday afternoon in Forest Park.

Martha Rowell Marries

Miss Martha Rowell, former student, was married Friday to Louis James Calkins at Martha's home in Galveston. The couple will make their home in Fort Worth after a wedding trip to Monterey, Mexico.

Mavericks Make Plans For Skating Party

Members of the Mavericks Club will meet at 10 a. m. Monday at the home of Miss Frances Porterfield, 3001 Rogers Street. Definite arrangements will be made for the skating party tentatively set for the last of this month.

Charles Cope to Be Host To Poetry Club

Charles Cope, 2613 Wabash Avenue will be host to the Poetry Club at its regular meeting at 7:30 p. m. Monday. Plans for a book the club may publish will be discussed.

'Sound to Be Topic Of Science Club

"Intense Sound" will be the theme of the Natural Science Society's program that is to be put on by Dr. Newton Gaines and his assistants at 7 o'clock Friday night in the physics laboratory.

Faculty Party Has Spanish Theme

Dr. Ruby Smith, head of the foreign language department of North Texas State Teachers' College, was the featured speaker at a Pan-American party given Tuesday night for members of the faculty in the parlors of Jarvis Hall.

Dr. Smith spoke on her experiences in Lima, Peru, at the Pan-American conference. Miss Bita May Hall sang Spanish songs and David Montgomery played several violin selections, accompanied by Miss Eleanor Morse.

Miss Mabel Major was in charge of the program arrangements.

Jarvis Girls to Honor Faculty Friday

Girls in Jarvis Hall will entertain members of the faculty with a St. Patrick's Day tea from 4 to 5:30 o'clock Friday afternoon in the parlors of Jarvis Hall.

A green and white color scheme will be followed. Miss Catherine Morro will be in charge of refreshments.

Miss Mary Frances Bibb will play Irish tunes and folksongs on the harp.

Sigma Tau Delta Meets To Talk Business

Sigma Tau Delta members met Wednesday and discussed plans for a banquet in April and a meeting in May. New members were voted on. No names have been released.

The program was a round table discussion by non-English majors as to their occupational plans after graduation. Dick Crews presided.

Maxine Doak Weds Travis Griffin

Miss Maxine Doak, who was a freshman last year, and Travis Griffin of Dallas, also a former student, were married last Sunday in Dallas, where they will make their home. The ceremony was read by the Rev. L. J. Rogers at Gaston Avenue Baptist Church.

Dramatic Club Holds Play Try-Outs

Try-outs for the three-act play "Fresh Fields," by Ivor Norvello, were held at a meeting of the Dramatic Club Tuesday night in Brite College.

Work will begin immediately on the play, which is scheduled to be presented early this spring.

Mary Sam Locke Is Married

Miss Mary Sam Locke, Plainview, who was a freshman here last year, was married March 8 at her home to Ted Panciera of Shreveport.

The couple visited friends on the campus Tuesday afternoon on their way to Beaumont, where they will make their home.

Bryson Club Dance Is Postponed

The Bryson Club St. Patrick's Day dance scheduled for Friday night has been postponed to a later date not set.

Nine members were formally initiated Sunday night in Brite College. Refreshments were served by Miss Lorraine Sherley, sponsor, following the meeting.

Brushes Plan Outing In Forest Park

Members of the Brushes Club will take to the "great outdoors" next Thursday afternoon and turn their artistic talents to sketching. The sketchers will meet in the art studio at 1 p. m. to go to Forest Park. They will have a steak-fry later in the evening.

Weissenborn Marriage Recently Announced

The marriage last November of Charles Weissenborn, '37, to Miss Elizabeth Moseley, former student, was announced last week. They will make their home in Fort Worth.

Ampersands Hold Meeting

Miss Virginia Barkley, president, was in charge of the business meeting of Ampersand Tuesday night. The club met in Sterling House.

'Future Teachers' Practice Teaching

60 Students Are Doing Work in Junior and Senior High and Elementary Schools.

Forty-seven candidates for teacher's certificates are practicing teaching this spring in eight junior and senior high schools of Fort Worth. Thirteen students are doing their practice work in the elementary schools, two of them in Cleburne.

Those doing secondary teaching and their schools are: McLean Junior High School: Misses Mary Louise Craven, Dorothy Farrington, LaVerne McKinney and Jessie Van Horn, and Pat Clifford, Eugene Haley, Rudolph Tatch and Ward Wilkinson.

Paschal High School: Misses Virginia Barkley, Laura Campbell, Elise Combs, Pauline Ernst, Miriam Glaze, Helen Hudgins, Frances Harris, Wrenella McAfee, Gwendolyn McSweeney, Marian Mackey, Eleanor Owen, Mary Helen Richardson, Ruth Sanders, Hazel Smith, Billie Stoker, Hazel Thompson and Frances Wand, Mrs. Alfred Hoe and James Cogdell, Samuel J. Easley, I. B. Hale, Forrest Kline, Jack Maxwell and Paul Tankersley.

Polytechnic High School: Kenneth McGarrity.

Jennings Avenue Junior High School: Miss Alma Grace Lowther, Wayne Dunlap, Robert Forte and Charles Mabry.

E. M. Daggett Junior High School: Misses Katherine O'Gara and Victoria West.

W. C. Stripling Junior High School: Orville Paty.

Arlington Heights High School: Misses Jewell McCaul and Clara Shelton.

North Side High School: Miss Dorothy Jordan, Horace Carswell, Johnny Hall, Bob Jordan and Clifford Kellow.

Students teaching in the elementary schools and the schools are: Alice Carlson; Misses Martha Jane Falls, Mary Jane Groom, Louise Shillingburg, Floyd Herring and George Clark. Lily B. Clayton; Misses Marjorie Beetham and Mary Porter. E. M. Daggett: Miss Anne Whitley. North Hi-Mount: Miss Nancy Barnes. South Hi-Mount: Miss Carolyn Webster. Circle Park: Mrs. Ree Bostick. Lewis Tandy: Miss Anna Marie Boyd. Miss Mattie Haynes and Mrs. Maude Carpenter will teach in Cleburne.

Frog Netmen Start Official Workouts

Five Ranking Players to Start in Opening Tilt With ETSTC Squad Next Tuesday.

With the first match of the '39 season coming up next Tuesday with East Texas State Teachers, tennis workouts started in earnest this week. Many of the candidates have been working out unofficially for several weeks.

Because of the excessive size of the squad, the challenge system, or ladder system, is being used to determine the first five men, who will play against the Commerce visitors.

Matches are being played every day this week, and will likely extend over the week-end. Coach Tom Prouse is eager to make a good showing against the Teachers, as this match will give a good indication of the true strength of the "new" squad. The Teachers boast the strongest squad in their history.

I. R. C. Members Conduct Blooming Grove Service

Dr. W. J. Hammond and a group of I. R. C. members went to Blooming Grove last Sunday where they had charge of the church services that night.

John Grimland spoke on "The Cost of War." Beth Lea and Marcella Bus spoke on "Youth in War." "Existing Methods of International Control of War" was Rufus Whitley's subject, and Wilbur Mindel's talk was on "Prince of Peace."

Supper was served to the I. R. C. members in the church.

T.C.U. to Debate T.W.C. At 7 o'Clock Monday

T. C. U. and T. W. C. will debate at 7 o'clock Monday night in Room 203 of the Administration Building. T. C. U. teams will be George Stroud and Joe Day, Jesse Hardin and John McGraw.

Members of the debate squad reached the semifinals in the Battle Royal Forensic Tournament last week-end in Arkadelphia, Ark.

Press Club Hears Cy Leland

Members of the radio technique class were guests of the Dana Press Club at its meeting Tuesday night in Brite College. Cy Leland spoke on "Opportunities in Radio."

Frogs Swing Out To Make Big Hit With 'Rival' Band

"I didn't expect anything like that. They're good!"

"That trumpet player is one of the best amateurs I've ever heard."

That's just a sample of the expressions heard from members of Paul Whiteman's band when they heard the Horned Frog Band for the first time during one of the concerts in front of the Coliseum at the Stock Show.

Don Gillis, who is playing with the Whiteman band at the Rodeo, invited the visiting musicians to listen to one of the nightly concerts.

"They were very much surprised to hear a college band playing such selections, especially the symphonic jazz type that they have made famous," Gillis said.

The band has had extra rehearsals most of the week, working particularly on "Rhapsody in Blue," Whiteman's theme.

High School Stars Give Frog Setup Once-Over

Two all-state high school footballers—Bill Thompson of Amarillo and Bob Ramsey of Breckenridge—were on the campus last week-end looking over Frogland.

Both seemed interested in attending school here next fall, especially the powerfully built, 190-pound Ramsey, who led class A scorers in Texas last fall with 200 counters.

Other grid prospects seen around recently and said to be eyeing T. C. U. include Bennett of Graham, Mauldin of Amarillo and the Harrison brothers from Cisco.

Golfers to Start Practice Wednesday

Capt. Jordan, Gilbert Jackson Returning Lettermen—Six Others Expected.

Qualifying rounds for the Purple golfers will be held next Wednesday. Capt. Bob Jordan announced Monday.

Eighteen holes will be played, and the four low men will automatically make the first squad. However, the challenge system will be carried out throughout the season, in order to give all candidates a fair chance. That means that any golfer may challenge the No. 4 man for his position. Inter-scholastic competition for the niblick-wielders will begin soon.

Golfers expected to answer the call for the qualifications are: Capt. Jordan, Gilbert Jackson, Benton Beasley, Vernon Walker, Wallace Fitzgerald, W. F. Rankin, J. Lee Johnson and Gordon Fitzgerald. Jordan and Jackson are lettermen from last year's squad.

Glee Club Begins Plans For World's Fair Trip

Plans for the trip to New York by the Men's Glee Club are being formed by Prof. W. J. Marsh and officers of the club. Though it is too early to announce definite plans, the club is contacting church groups in the principal cities enroute concerning concert appearances.

The itinerary for the spring concert trip through the state is still being made, but a definite schedule of concerts will be made soon by Jack Sherley, business manager. The spring tour begins April 18.

The mixed choral group, consisting of the Men's Glee Club and the Women's Choral Club, will sing Tuesday night at the Chestnut Avenue Christian Church.

7 Students Plan 'Fair' Summer With Two Fairs

Spring has shown many signs of its presence, but probably the most notable one is the preparation of students for their summer vacations.

Seven students have made definite plans to attend the World's Fairs, either in New York or in San Francisco, or both.

J. C. Smith has already received notice that he will receive a trip to the New York Fair as a graduation present from his parents. He is also planning to jog over into Canada to Boblo Island before his return.

Jack Reedy will go home to Indiana when school is out, wait for Bobby Childers to join him there, then they are going together to New York.

James Matthews hopes the summer holds out, because he is planning on a trip to Mexico and to both Fairs. He and a friend are going to man a 32-foot sloop to Padre Island, the mainland and back, then Matthews will take off for San Francisco and New York.

Lon Baker is going to New York with the Men's Glee Club, where his parents will meet him to take in the Fair.

C. L. Collins is going to take advantage of the cut-rate railroad fare. Miss Helen Ruth Verheyden has received an invitation from relatives in Chicago to join them there and go from there to New York.

..ask W. Curtis Draper

(senior retail tobacconist in Washington, D. C.)

... or any one of the 1,044,492 tobacco dealers in the United States about Chesterfield's can't-be-copied Combination

He'll say... Look what it says on the back of the package...

"Chesterfield Cigarettes are a balanced blend of the finest aromatic Turkish tobacco and the choicest of several American varieties blended in the correct proportion to bring out the finer qualities of each tobacco."

When you try them you will know why Chesterfields give millions of men and women more smoking pleasure... why THEY SATISFY

Chesterfield

...the blend that can't be copied ...the RIGHT COMBINATION of the world's best cigarette tobaccos

Copyright 1935. LIGGETT & MYERS TOBACCO CO.

SIX STEPS TO MORE SMOKING PLEASURE

AGEING—Chesterfield's mild ripe tobaccos, like fine wines, are aged for two or more years in huge wooden casks. Here they gradually acquire that true Chesterfield mildness and better taste which give millions of smokers more pleasure.

STEMMING—"Almost human" is what they say about the interesting stemming machines, whose fingers pick up the tobacco, leaf by leaf and take out the stem, leaving only the mild, tender, good-tasting part of the leaf to go into the making of Chesterfields.

BLENDED—There is only one Chesterfield blend... the blend that can't be copied... a happy combination of the world's best American and Turkish tobaccos. Just the right proportions to make Chesterfield a milder, better-tasting cigarette.

PAPER—Every Chesterfield you smoke is wrapped in pure cigarette paper... the finest cigarette paper made. That's another reason why Chesterfields are milder and better-tasting.

MAKING—Almost faster than the eye can follow, Chesterfields come rolling out of the marvelous cigarette making machines. Chesterfields are always round, firm and well-filled.

PACKAGING—Truly amazing are the packaging machines which wrap and seal Chesterfields in their air-tight, moisture-proof packages. Regardless of where you buy them, Chesterfields reach you as fresh as the day they were made.
