Dear Mr. Monnig:

Thank you for your letter which arrived while I was on holiday in Arizona.

I have prepared the selection of meteorites for you as indicated in the Approval Selection invoice. They are among the very best shapes in each size.

While I was away a small parcel containing some nickel-iron specimens arrived so I included a small selection along with the others for your consideration. According to the information that I have received, these fell in 1966.

Looking forward to your comments,

Very truly yours,
