## Yearbook Plans Complete; Rapid Progress Made

### More Student Pictures Needed, According to Editor.

## Snapshots Wanted

Second Staff Meeting to Be in Horned Frog Office Monday, 7 P. M.

Although the plan of the yearbook has been completed and other work has progressed rapidly, there have been fewer individual pictures made for the Horned Frog this year than for several years past, according to Roy Bacus, editor, who has just arranged with the photographer for a four weeks' extension on picture making.

"The puzzling thing," continues Bacus, "is that out of the 113 pictures made thus far there have been only two complaints. That is certainly an all-time record for yearbook picture making. That's why we're unable to account for so few photographs."

The regular rate for students is \$1.50, with a senior rate of \$2. The senior rate is necessitated because of the extra sittings required.

Another way in which students may be of assistance is to turn in snapshots which they desire to have printed in the annual. According to staff members, there are many students on the campus who practice amateur photography and who have some exceptional shots which might be used in the yearbook.

R. L. Trimble, business manager, has announced an installment system for clubs in the paying of their fee, which is \$15 this year.

The installment plan, if used by club officials, will be much more convenient in the paying of their fee than the old system of paying it in a lump sum," said Trimble.

Technical work on the book is being pushed forward rapidly and all copy will be up to date within a few days.

A. H. Montford, Star-Telegram writer and former member of the Horned Frog staff, will again assist in the writing of the humor section, according to Bacus.

The second meeting of the staff will be held Monday night at 7 o'clock in the Horned Frog office. All members of the staff are urged to attend as some very important assignments will be passed out, Bacus said.

## Gresham to Talk At Next Chapel

The Rev. Perry Gresham will be the speaker at the Wednesday morning chapel hour, according to Pres. E. M. Waits. His subject will be "How to Make Friends." Prof. S. P. Ziegler will present cello solos, "Meditation" and "Gauotte" by Popper.

The Rev. Halsey Werlein Jr. spoke on "Toleration" last Wednesday morning.

## Campus Calendar

- FRIDAY, Oct. 27. 5:00 p. m.—University Christian Church orchestra rehearsal.
- SATURDAY, Oct. 28. 6:30 a. m.—Students leave for Shreveport, T. & P. Station. 2:30 p. m.—T. C. U.-Centenary game, Shreveport.
- SUNDAY, Oct. 29. 11:00 a. m.—University Christian Church service.
- MONDAY, Oct. 30. 12:30 p. m.—"23" Club Meeting, Room 205, Main. 7:00 p. m.—Horned Frog staff meeting, Horned Frog office.
- TUESDAY, Oct. 31. 7:30 p. m.—A. O. S. Club meeting, Jarvis Hall.
- WEDNESDAY, Nov. 1. 7:30 p. m.—International Relations Club meeting, Brite Club Room.
- THURSDAY, Nov. 2. —Los Hidalgo banquet.

## Many T. C. U. Students in Radio Announcing and Broadcasting

Members of the T. C. U. Dramatic Club last night presented a 30-minute play over radio station KFJZ. Miss LaVerne Brunson directed the skit, and members of the cast were Bill Anderson and Misses Ruth Connor, Marjorie Sewalt and Mary Corzine.

The play was one of a series of similar skits broadcast by members of the club over the station each Thursday night at 8:15 o'clock, and is one of several local radio features broadcast by T. C. U. students and recent graduates.

Byron Saams, freshman in the University this year, is staff sports announcer at KFJZ. Saams broadcasts Horned Frog football games, LaGrave Field baseball games and local boxing and wrestling exhibitions. Last summer Ronald Wheeler, sophomore, and Waller Moody, freshman, played the piano and sang, respectively, over station KFJZ. At the same station Gene Cagle, 1933 graduate, is an announcer and advertising manager.

## Annual Bonfire May Be Banned

### Council to Substitute New Stunt for Homecoming Eve.

A recommendation urging that T. C. U.'s annual Homecoming bonfire be discontinued and that a substitute be found was drawn up by the Student Council at a meeting Monday and presented to University administration officers.

The high cost of this year's bonfire—more than \$125—and the ill-will it caused among townspeople whose property was used to build the fire were cited by the council as reasons for its action. The council requested the right to choose a substitute for the bonfire in future Homecoming celebrations.

The petition drawn up by the council read: "We, the Student Council, wish to recommend to the administration that a ban be placed on the present system of providing for a bonfire, and we ask the privilege of substituting a new method."

## Students Invent Yells as Frogs, Aggies Battle

Necessity is the mother of invention. . . . And boy, did the students invent those yells last week when the Frogs were battling the Aggies!

A few minutes after the first touchdown was made, the Frogs had again achieved a strategic point from which they might score and the cries arose, "We want a touchdown, we want a touchdown." But the Frogs simultaneously lost the ball. This bewildered the excited fans for a second, but they then began yelling, "We STILL want a touchdown!" And they got a touchdown.

Later in the game the Aggies completed two straight passes and barely missed the third. The forthcoming chant was "Smear those passes! Smear those passes!"

At another time in the game when the Frogs were having a little trouble making any headway, a group of bright students began singing some new words to a popular song, "Get along, little Froggies, get along."

The chanters also struck up the familiar "Touchdown, Froggies, touchdown, Froggies!" but quickly changed it to "Stop those Aggies! Stop those Aggies!" when the Farmers got the ball.

Of course there was plenty of organized yelling and the regular "Yes, Frogs," etc., but the above yells must be classed in a different category—"Mother Necessity's" yell, you know.

## Holiday Error Made in Catalog

Nov. 30 to Dec. 2 is the date of the Thanksgiving Holidays instead of Nov. 23 to 26, as is stated in the catalog for this year, according to announcement by Registrar S. W. Huton.

## Debating Team Is Discontinued For This Year

### Lack of Interest and Expense Reasons for Action.

## Fallis Makes Plans

Gough Oratorical Contestants to Be Given Additional \$10 and \$5 Prizes.

Intercollegiate debating by T. C. U. has been discontinued for this year, according to Prof. L. D. Fallis, who is arranging for student speakers to participate in a poetry reading contest which will be held here sometime during the spring semester.

The financial support which has been given intercollegiate debating will go to the Dramatic Club. Also a second and third prize will be awarded to participants in the Gough Oratorical Contest, provided there are six or more entering the event.

According to Fallis' statement, there are only three active members of the debating team in the University this term. Membership in the Pi Kappa Delta is expensive and it has been decided to discontinue intercollegiate debates until there are more persons interested.

The second prize in the Gough Oratorical Contest, which will be given by the University, will be \$10, and the third prize will be \$5. In case there are 10 or 15 students who desire to participate in the Gough contest, a preliminary event will be held and the first six selected to speak in the finals.

"Students who plan to enter the Gough contest should report to the public speaking department immediately and receive instructions," said Prof. Fallis.

## 300 Exes Return For Homecoming

### Luncheon, Pep Meeting, Bonfire and Game Are Features.

Approximately 300 ex-students and alumni, coming from all points in Texas and many from other States, and the entire Aggie corps were on the campus Saturday, to join in the University's annual Homecoming.

Throughout the morning the halls of the Main Building were jammed with visitors, who were talking among themselves and registering at booths of various campus organizations.

The festivities opened Friday evening with a banquet by the T. C. U. Ex-Letterman's Association in the University Cafeteria. The principal speakers on the program were President E. M. Waits, Prof. E. W. McDiarmid, Coach Francis Schmidt and Coach Bear Wolf.

The Frog basketball gym was the scene of a giant pep rally Friday night. T. C. U. supporters packed the building to hear yells and songs led by Tom Pickett, Bill Hudson and Vic Montgomery; music by the Frog Band; and talks by Alf Roark, former student body president, President Waits and Jack Graves, football captain.

A bonfire, a shirt-tail parade downtown and a midnight show were other features of the celebration.

The T. C. U. Echo, official publication of the Alumni Association, was dedicated at a "spontaneous combustion" meeting in the auditorium Saturday morning.

The ex-students' luncheon, held in the University Cafeteria at noon, was attended by 236 visitors. Sidney Latham, State Representative and former cheer leader, was the principal speaker.

The climax of the whole celebration came Saturday afternoon at the Frog Stadium, when the Christians defeated the Aggies, 13 to 7, in a hard-fought game.

Dances in honor of the visitors were given at the University Club, Women's Club, Blackstone Hotel and Texas Hotel.

## Police Escort Is Asked for Band At Shreveport

The 51-piece Horned Frog Band will lead T. C. U. in a parade through the downtown sections of Shreveport and to the Washington-Youree Hotel upon arrival of the special trains in that city, according to Roy O'Brien, student body president, and Roy Bacus, band drum major, who are planning the review.

Bacus has written the Shreveport city officials requesting a motorcycle police squad to escort the parade.

Miss Christine Ackers, band sweetheart, will ride in a car directly behind the band.

All students are urged to join in this parade, according to O'Brien, and show Shreveport hosts that the student body is there 100 per cent strong.

Prof. Claude Sammis, band director, reports that new music has been purchased and rehearsed this week in preparation for the Frog-Centenary game. Quite a few popular tunes have been added to the band's repertoire.

Bacus stated that a special drill will be presented between halves at the game. There is a possibility that the band may play a short concert on the fair grounds.

## Ex-Athletes Gather At Annual Banquet

Waits, McDiarmid, Schmidt, Wolf, And Former Stars Are on Program.

President E. M. Waits, Prof. E. W. McDiarmid, Coach Francis Schmidt, Bear Wolf and Blackie Williams spoke at the annual ex-lettermen's banquet Friday night in the University Cafeteria.

The officers present were: Williams, president; John Washmon, vice president, and Wolf, secretary-treasurer.

The varsity and freshman football teams were the guests of the ex-lettermen.

Ex-lettermen present were: Cy Leland, Fort Worth, football and track; Clyde Robertson, Fort Worth, football and basketball; Slim Steadman, Fort Worth, football, basketball and baseball; Judy Green, Vernon, football; W. M. Crawford, Fort Worth, football; E. A. Brown, Longview, track; E. B. Sewell, Jacksboro, basketball; O. D. Haves, Fort Worth, football.

H. S. Vaughn, Fort Worth, football; Ray McCulloch, Fort Worth, track, football, basketball, golf and baseball; W. T. Berry, Fort Worth, football; J. L. Hirstine, Fort Worth, baseball; Reub Berry, Fort Worth, baseball; Ansel Green, Fort Worth, football; Fred Scott, Fort Worth, baseball; Don Nugent, track, Maypearl; Rollin Roach, Fort Worth, football; Alf Roark, Saratoga, baseball; Fain Reynolds, Fort Worth, football; Abe Greines, Fort Worth, football; Pete Donohue, Fort Worth, baseball; J. H. Evans, Fort Worth, baseball.

Hal Wright, Fort Worth, baseball; Tom George, Fort Worth, basketball; Carlos Holcomb, Fort Worth, football; Lawrence Tankersy, Terrell, football, basketball and baseball; L. R. Meyer, Fort Worth, football, basketball and baseball; Frank Ogilvie, Fort Worth, football, basketball and baseball.

Cedric Hamlin, Dallas, track; Charles Bassler, Fort Worth, football; R. E. Bolen, Fort Worth, basketball; John Anderson, Fort Worth, football; and Bear Wolf, Fort Worth, football.

## Gresham Will Speak

### "Invisible Companions" Subject of Sermon Sunday.

The Rev. Perry Gresham will speak on "Invisible Companions" Sunday morning at the University Christian Church.

"For What May We Pray," will be the subject of the evening sermon. Mrs. W. B. Ammerman, Jr., formerly of the T. C. U. faculty, will lead the scripture lesson and give a special reading.

## Train to Shreveport Will Depart From T. & P. Station at 6:30 A. M. Tomorrow, To Arrive at 12 o'Clock

### Grid Battle Between Frogs and Gentlemen Will Be Main Attraction of Day—Game to Be Played at Fair.

By ELNA EVANS.

Amid the shriek of train whistles, shouts from late arrivals and music by the Horned Frog Band, the Texas Christian University official special train will depart from the T. & P. Station at 6:30 o'clock tomorrow morning for the T. C. U.-Centenary football tilt tomorrow afternoon in Shreveport.

## 1937 Frosh Show High Intelligence Rating

### Johnson, Peterson, Black, Misses Kingsbery and Stuckert Have Best Scores.

If the Minnesota aptitude tests, the general intelligence tests given freshman students when they first enter T. C. U. each year, are truly a gauge of intelligence, the class of 1937 is brighter on the whole than was last year's freshman class.

With a possible 480 points, this year's class scored an average of 261. Last year's frosh were 24 points lower, having an average of 237 points. The highest score on last year's test, however, was 30 points higher than was this year's highest. Last year the highest score was 427. This year it was 397.

What kind of students make the highest scores on the test? Out of the five highest-ranking students this year, three are taking liberal arts courses and two are taking science courses. All five of the students are residents of Fort Worth.

Henry Johnson, who ranked highest on the test this year, is taking a liberal arts course. He is studying English, social science, Spanish, biology and algebra.

Olie Willard Peterson, second ranking student on the test, is a science student. Peterson is taking German, physics, algebra, chemistry and English.

Two students tied for third place on the test. They are Tom William Black and Miss Virginia Kingsbery. Black is taking a science course, while Miss Kingsbery is taking a liberal arts course. Black is studying biology, chemistry, German, algebra and English. Miss Kingsbery is studying Spanish, English, French, psychology and Bible.

Miss Ann Stuckert, who came next in the ranking, is studying English, biology, social science, French and Bible.

## Library Totals 43,000 Volumes Since Waco Fire

Miss Nell Andrews, head librarian at T. C. U. until 1925, stood looking at the ruins of the library on the morning of March 26, 1910, after the Waco fire, when a newsboy handed her the Waco Semi-Weekly Tribune carrying an account of the fire, and she exclaimed, "With this paper we shall begin the rebuilding of the T. C. U. library."

Today the Mary Coats Burnett Library has approximately 43,000 volumes, and receives 150 periodicals. More than 200 books are checked from the stacks each day, according to Mrs. J. E. Mothershead, librarian.

"Fiction," said Mrs. Mothershead, is not very popular among the students. This may be because we do not have all of the latest books."

Last year the most popular book in the library was "Twelve Tests of Character," by Fostick. The most sought-after book on the freshman reading list was "What Can a Man Believe," by Bruce Barton. Time magazine is read more than any of the other periodicals.

Mrs. Mothershead reports that this year the students are doing little reading outside of that necessary for reference material in the courses that they are taking.

## WHERE TO GO—WHAT TO DO Friday:

Take your own athletic book and \$3.05 to the T. C. U. Stadium for your railroad ticket, football ticket, ticket to the fair, ticket for the barbecue and to dinner at the Washington-Youree Hotel Saturday evening.

5:00 a. m.—Breakfast in the cafeteria. 5:45 a. m.—Busses leave the arch. 6:30 a. m.—Train leaves T. & P. Station. 12:00 noon—Train arrives in Shreveport; students march to hotel; barbecue. 2:30 p. m.—T. C. U.-Centenary game at Louisiana State Fair Park Stadium. 6:00 p. m.—Dinner at the Washington-Youree Hotel. Sunday: 6:00 a. m.—Home.

official holiday, according to President E. M. Waits. Round trip railroad tickets are offered to the students for \$2.50. T. C. U. will invade Shreveport at 12 o'clock tomorrow in grand style. Students will march to the music of the Horned Frog Band from the station to the Washington-Youree Hotel, which will be their headquarters while in Shreveport. Cars carrying the band sweetheart and officials of T. C. U. and Centenary College will follow directly behind the band. Game at 2:30 P. M. The grid battle between the Frogs and the Centenary Gentlemen, who have not lost a game this year, will be the event of the day. The game will take place at 2:30 o'clock in the Louisiana State Fair Park Stadium. A change has been made in the price of game tickets and tickets to the fair. This change affects only holders of athletic books. The former price, quoted as 75 cents, has been lowered to 55 cents. This includes 40 cents for the game ticket and 15 cents for entrance into the Louisiana State Fair. Tickets for others for the game will be \$1.65 and admission to the fair will be 25 cents. Railroad tickets and tickets for the game and to the fair may be purchased at the T. C. U. Stadium. Railroad fare will be \$2.50 for both students and fans. Students must present their own athletic books before tickets will be sold to them. If the books are presented by any other person the tickets will be taken up. Students and faculty members must begin their athletic books with them in Shreveport to get into the game and the fair. Transportation Furnished. Transportation to and from the Fair Park will be furnished by Centenary. An "ole style barbecue" will be served to T. C. U. students at luncheon. A ticket for dinner at the Washington-Youree Hotel will be given to each student at the stadium when he buys his ticket to the game. The train returning to Fort Worth will leave Shreveport shortly after midnight Saturday night, at 12:30 a. m., and will arrive in Fort Worth at 6 o'clock Sunday morning. Tickets for the special train will not be honored on any train out of Shreveport Sunday. Coaches Schmidt and Wolf, accompanied by the members of the football squad, left at 7:30 o'clock this morning for the scene of the game. Their headquarters will be the Washington-Youree Hotel, where they will rest in preparation for tomorrow's battle.

**Team Followers**

Tomorrow the students of T. C. U. will make their first official student-body trip to Centenary College. Tomorrow at 12 o'clock, when the special train pulls in at the Shreveport station, Centenary will get its first view of the spirit that puts T. C. U. football teams across the victory line. Last Saturday this spirit, at its height, was behind the Frogs, but sometimes, it has the tendency to lag. These are the moments when the players do all of the fighting and the followers do none. This must not happen tomorrow. The student body must let the Frogs know that they never doubt them at any time.

The best place to make or break the spirit of a student-body trip is on the train going to the game. In the morning, if the excitement is too high during that five-hour run to Shreveport, the students are likely to be exhausted for the game; they are likely to feel that the trip down may be the best part of the day. This is not true, for the best part of this trip is not going to be from 6:30 to 12 o'clock in the morning, but will be during one of the greatest, hardest-fought grid battles of the season.

If the student body keeps this in mind it can show Centenary tomorrow the "spirit of the Fighting Frog followers."

**Choose Your Partners**

About this time each year interesting developments are to be noticed on the University campus. Boys and girls, after more than a month of experimentation and debating, are pairing up permanently, or until June at any rate. Couples that will become an institution during the year are now making their debuts to fellow students. It is an old college custom, this courting, and a very serious one. Selecting the right person for the position of "boy friend" or "girl friend" for an entire school year is a problem to tax the mind of the most brilliant of students.

Harmonious social relations make for ease of mind, resulting in clear thinking and acting. So choosing a favorable companion is a most delicate matter. Failure in courtship can prevent one from achieving any degree of success in one's studies.

Unfortunately no course is offered to guide the students in their solution of the problem. The questions that arise are many. For example, should the athlete devote his leisure time to the physical culture model or to the weak, helpless co-ed? Should the serious-minded concentrate his attentions on an equally industrious mate or a care-free, breezy opposite? Again, should the sophisticated, Mae Westian type spend her time and tricks on a shy, "green" freshman or a mature, hardened senior?

Students, consider wisely before taking this eventful step in your careers. Experience is the best teacher, we are told, but in this case time prevents the gaining of much experience. It is invaluable to choose right the first time. So look closely about you at the possibilities that are offered; then shut your eyes and pick. This method has the element of surprise in it, and is apt to prove as successful as any.

**Those Annual Pictures**

"I can't understand," said a staff member of the year book, "Why students complain about T. C. U. having a small annual and then make a big book impossible by refusing to have their picture made." And neither can the rest of the staff!

Which brings to mind that this is the season for the making of annual pictures.

Probably many students do not know that the staff this year is making plans for one of the largest books the school has ever had, and also the most distinctive. By means of mechanical tricks and long, hard, hours of work, technicians and artists are producing beautiful two-color campus views for the book at the same cost of last year's annual. They are adding features that have never been in other year books and are doing everything in their power to make the 1934 Horned Frog the very best. But the trouble is that the success of the book is not altogether in the hands of the staff. A large portion of the responsibility falls on the shoulders of each student.

Financially embarrassed? Well don't ever let your boss find out that your enterprising ability is so small that you cannot earn a dollar and a half. He would fire you for not even having imagination.

Co-operate with the staff and enjoy a real year book. Be photographed!

**A Substitute for the Bonfire**

The Student Council this week passed a resolution recommending to the University administration that T. C. U.'s annual Homecoming bonfire be discontinued, and that a substitute be found.

The time has come for such an action, and the council was wise in making its move. The bonfire this year was the smallest in years, yet it cost more than \$125. A substitute, however, will not be easy to find. Fireworks could give the effect of the burning of the bonfire. But the best feature of the bonfire was not in its burning. It was in the comradeship it afforded the boys in gathering material for it.

The Student Council is at present seeking to find a substitute for the fire, and the task is not an easy one. Any suggestions that students may have as to a substitute will be welcomed by members of the council.

**Congratulations, Bandmen!**

Congratulations, Bandmen, on your decision to present your lovely sweetheart to the student body in some other form than the marching on the drill field and in parade.

The Skiff feels that you have made a wise decision and believes that this year will find the Horned Frog Band more popular than ever before. Congratulations!

**Amusement ABOUT TOWN**

By ROY BACUS

For Robert L. Ripley . . . Mae West ran in FOUR houses in Little Rock, Ark., at the same time. There were two sets of film, the ushers turned into "runners" and there wasn't a hitch . . . now IS Mae popular? Incidentally, she is being held over at the Palace here . . . after a week's run and two midnight shows.

"The Bowery, The Bowery," is going to start at the Worth tomorrow with George Raft, Wallace Beery, and Jackie Cooper. It is a story of the "liveliest mile on earth." Also it means the gay '90s are coming back with that robust humor. From a look at the press books it seems that debbies, cigars, and old-fashioned bathing suits will play a big part.

"Be Mine Tonight" opens tomorrow at the Hollywood and will be quite a different type of entertainment from the above two. And listen to the cast . . . Kiefera, Sonnie Hale, and Magda Schneider. Kiefera has a wonderful voice and as to be expected the story concerns an opera star.

Wednesday brings the season's first football picture, "Saturday's Millions," to the Worth. Johnny Mack Brown, Andy Devine, and Lucille Lund, the all-American girl, are in the cast. There will be quite a few all-American football players . . . including Ernie Pinckert and Ernie Nevers. "My Woman" at the Hollywood is about vaudeville hoofers and offers Helen Twelvetrees, Victor Jory and Wallace Ford. The picture also deals with radio artists. And Mae West will still be at the Palace.

**OPEN FORUM**

NOTE: The opinions expressed in this column are the personal opinions of the writers and are not necessarily the policy of THE SKIFF. Letters over 150 words in length cannot be accepted. Anonymous letters will not be published, but a writer's name will be withheld from publication if he so desires.

We wish to take this opportunity to express publicly our appreciation to the University discipline committee—Dr. Edwin A. Elliott, chairman, Prof. J. Willard Ridings, Dr. Gayle Scott, Otto Nielsen, Dean Sadie T. Beckham and Miss Lida Sprague—and to Student President Roy O'Brien for the kind consideration they have showed us in recent events.

—THE HONORARY CLUB.

**Nation's Athletes Like Flying, Says Former Frog Football Star**

More outstanding college athletes enter the air corps of Uncle Sam's Army than any other branch of the service," says J. W. "Grassy" Hinton, former Frog star athlete who is now a member of the United States flying corps at Randolph Field in San Antonio.

"Since my entrance into the primary class at Randolph last February, some of the outstanding athletes of the world have tried their hand at the flying game," Hinton said. "For instance, I am rooming with one of the best pole vaulters the world has ever known, Verne McDermott of Illinois University, and he takes to the air like a duck takes to water."

West Point Sends Trio.

"In the last three months three all-American football players from West Point have tried their hands at flying and all three of them are still down there sticking it out." Felix Vidal, former star Army halfback, Milt Sommerfelt, Army's all-American guard, and Owen Kilday, another of Uncle Sam's star performers for the past three seasons, are the latest trio sent down from the Point to try flying.

Not everyone can learn to fly, and the authorities get rid of them thick and fast if they don't make the grade, according to the former Christian star. A man is "washed out" down there for the least little thing that he does wrong. For instance, if a man takes too much time making a formation or fails to keep his room just so, the Army officials get rid of him in short order.

Training Costs Million Dollars.

It costs Uncle Sam almost a million dollars to train each pilot who is fortunate enough to stick the course out. Some people gasp when the sum of one million dollars is mentioned for the cost of training a man to fly one of Uncle Sam's V-Ts, but one must take into consideration the fact that each ship the beginners might crash-up costs up into the thousands of dollars.

Then, too, each man is insured for \$10,000 and when the U. S. Treasury gets through paying for the boys who are unfortunate in cracking up, there is a large dent in Uncle Sam's pocketbook. Then again each student is paid about \$75 per month and his room and board is furnished free. Now figure what that will cost for five or six hundred men. Add all the above mentioned expenses together and one can readily see where the one million dollars goes.

Athletes Work Hard.

Of all the different types of young men coming there, the athletes hold the upper hand and stay the longest, according to Hinton. They seem to work harder and take their tasks with a more serious attitude, all of which goes a long way in such a game. Of the 165 men to begin the primary training last February, only 70 of them are being graduated to Kelly Field to receive advanced flying instructions. Of these seventy men, more than half are former outstanding college athletes.

Hinton is the first T. C. U. athlete to try his hand at flying and is making a success of his attempt. To date he has 130 flying hours to his credit. Mark Boswell, former Frog grid star, is in the Marines receiving instructions in flying.

**CATTLE GATE**

Where Texas plains are pancake, Like hills for crinkly crust, Mesquite trees clotted here and there All veivety with dust, I know a sloping pasture land, Where yellow grass grows late, I know a sloping pasture land, Where there's a rough old cattle gate.

Oh, I love our Texas cities, Like cowboys dressed for show, But when it's shadowy evening' And the sun is sinkin' low, Just take me to those pancake plains Where a cattle gate swings back, And let me lead a herd of cows Up a windin' cattle track.

—Nina Whittington.

**English Classes Created**

Miss Mary Louise Witherspoon, holder of a scholarship in the English department, is in charge of three recently-created freshmen remedial English classes. The purpose of the classes is to give additional training in fundamentals to those who need it.

**REVELATIONS**

CAPTAIN JACK GRAVES was asked by the doorman at a hotel dance the other night if he lettered in football last year.

IZZY ACKERMAN paid DAN HARBSTON a great compliment at a dance the other night. Dan was munching a mint, and Izzy purred, "Oh, Dan, you'd have such sweet-smelling halitosis."

And it took six Aggies for the three "must-get-theirs," LOUISE COZZENS, ELNA EVANS and KATHRYN EDWARDS!

Watch The Skiff next week for news about recent holdups and other events at the Stadium, or ask SLIM KINZY.

Hither and yon:

FRANK MILLER had a birthday Tuesday—DR. ELLIOTT is constantly pulling his shirt sleeves down—HAYS BACUS is such a cute little freshman—MARY JO HERMAN is sporting a new car with a radio n'everything—The BEN BOSWELL that football knew is becoming intellectual—CHRISTINE ACKERS, MARGOT SHAW and MAUPIN, YATES are peeping out from under bangs these days—BRYANT COLLINS has a walk all his own—OWEN LIPSCOMB has acquired a new nickname . . . LIPSTICK LIPSCOMB—The students who sponsored the dance at the Woman's Club after the Simmons game went in the hole \$12.48 each—MR. RIDINGS wears rubber

I keep coming back to that word "balanced" on the back of the Chesterfield package

YOU often hear the word balance—something is out of balance—top heavy, not on an "even keel."

What you read, "Chesterfield Cigarettes are a balanced blend," means that the right amounts of the right kinds of tobacco are welded together; that is, home-grown tobaccos, the right kind, the right quantity—are blended and cross-blended with tobaccos from Turkey and Greece.

When these tobaccos are balanced one against the other, then you have a mild cigarette.

When they are in balance, then you have a better-tasting cigarette.

May we ask you to read again the statement on the back of the Chesterfield package? May we ask you to try Chesterfield?

**Chesterfield** A Balanced Blend

### Twenty-Five Students Tell What Motivates Their Lives

By LOUISE CAUKER.

If somebody asked you, "What is the motivation of human nature?" would you look dumb, throw him in jail or ask him right back to give you the answer?

Mrs. Hazel Tucker, assistant professor of psychology and philosophy, placed that question before her "Social Psychology" class Monday, with the suggestion that they write an assigned statement of the thing or things they most desired in life, those being the things that motivate their actions and words.

How many times have you heard that society is going to the dogs, and that modern youth (flaming or otherwise) isn't half so worth while as the youth of many years ago? Those of you who want reassurance as to the aims, ambitions and ideals of present-day youth should find it in the results of Mrs. Tucker's little experiment. Of course, there were some among the 25 students who gave amusing answers, some of little importance; but the majority showed a desire for a home and a chance to be of some service to mankind.

The height of one student's ambition was to own a farm, with a garden, a cow, chickens and a dog. One up for the green pastures of a rural life! Another student wanted to be pastor of a church group that really wanted to go forward in present day religious and scientific knowledge. The sole motivating factor in one's life was to own a new car. We suggest Chevrolet; it's well advertised.

Still another student had one inclusive desire—to be happy. One budding psychologist wanted to be successful, wanted to be a sincere servant of mankind, and wanted to have the common luxuries of life, including home, wife and children. One wanted to travel—heigh-ho for the open highway! Another wanted to love and be loved by some one, while one college student would be satisfied forever if he could travel in a car with a radio.

One young co-ed wanted a happy home, two healthy children, a pretty complexion and admiration. Another co-ed had one sole ambition—she wanted a husband. One serious-minded young minister wanted to be a missionary to the Belgian Congo. One member of the class, evidently a student of public speaking, wanted to read for Prof. Fallis, have him smile and say, "That's good, that's good!"

Among the ambitions of the others were: To have a Ph. D. and a position with a salary for two; to have a companionship that will last, and to be independent of the family's income; to catch up on work, and to have a certain man call before tomorrow; to possess pretty clothes; to go back to Texas University and live in a sorority house; to have had happiness two years back; to gain nationwide publicity and recognition; to have a steady income without work and to hear no more war talk; to have new clothes; to make a contribution to humanity through work; and to be of service to mankind before death.

That's a sample of what motivates college students, and we'll bet it wouldn't have been much better in principle a number of years back.

### New Science Club To Be Organized

A general science club to include not only biology and geology students, but chemistry and physics students as well, is being planned this year, according to Miss Mary Anderson Bowden, president of the Bio-Geo Club.

At a meeting Monday in the biology laboratory a list of 26 persons eligible for membership was drawn up. Requirements for membership include scholarship and interest in science.

According to Miss Bowden, those eligible are: Misses Gladys Hagemier, Mildred Kelly and Lucille Rock and Paul Ornelas, Newton Bell, Charles Brasselton, Willis Cannon, John Coffey, Engle Ellis, John Forsyth, William Gilliland, Lee Henderson, O. B. Jackson, John Jones, Vernon Lipscomb, Frank Lozo, George Magoffin, Loy McCarroll, Charles Oswald, Clifton Phillips, Frank Sheddian, Robert Stow, William Strube, Gaines Sparks, Hugh Wagley and Elmer Weinman.

Dues will be \$2 a year, covering initiation fee, social activities and page in the Horned Frog. Meetings are to be held the first Monday of every month at 7:30 p. m. in the biology laboratory. The next meeting will include a program, a debate and the initiation of new members.

Misses Dorothy Scott and Marion Face, ex-students, spent the week-end with Misses Margot Shaw and Mary Rowan.

### International Club Holds Forum

Twenty-one members of the International Relations Club, Unit 1, presented an open forum program on disarmament before a group of about fifty people at the regular evening service of the First Christian Church at Decatur Sunday.

Dr. W. J. Hammond, sponsor, made the main talk, which was followed by an open forum presided over by Nat Wells, club president. Paul Wassench gave the prayer, Dean Harrison the scripture reading, and Arle Brooks the benediction. The group made the trip at the invitation of the Rev. A. E. Cox, pastor of the First Christian Church.

Members of the club who made the trip are: Misses Ruth Cowan, Lorraine O'Gorman, Louise Glass, Lou Blumberg, Evelyn Clary, Rebecca Graves and Louise Cauker, and Billy Allen, Wassench, Johnny LeBus, Joe Carpenter, Brooks, Harrison, R. L. Trimble, John Morphis, Wells and Dr. Hammond.

Guests of the club were Miss Opal Longan, Miss Hannah Ann House, former secretary of the club, Joe Findley and Stanley Cissna, former member.

Miss Margaret Stuart, who attended the University last year, was a visitor on the campus Wednesday.

Miss Jean Knight, former student, spent the week-end on the campus.

### Four Receive Pledges Of Alpha Zeta Pi

Four neophytes received the pledge service of Alpha Zeta Pi Tuesday evening when the fraternity's annual violet party and pledge service was held at the home of Miss Helen Veatch on North Lake Street.

The pledges are, Miss Mary Louise Scott, Miss Mary Marjorie Lewis, Lee Gonzales and Tony Vargas. After the service the pledges presented a stunt and Miss Maurine Justin gave a reading. Miss Louise Cauker, president, presided at a business meeting during which plans were discussed for the national convention of the fraternity which will be held in Fort Worth the first week in January.

Miss Natalie Gorin, Miss Myrtle Belle Carroll and Miss Dorothy Henderson assisted with arrangements for the party. Refreshments were served to Misses Faye Woodall, Annie Phares, Lewis, Scott, Henderson, Veatch, Gorin, Dorothy Conkling, Justin, Carroll, Frances Schober, Martha Laura Rowland, Louise Ott, Laura Lee Barclay and Cauker, and Vargas, Gonzales, Dr. Josiah Combs, sponsor, and Miss Eula Lee Carter.

### Sophomores to Give Theater Party

A theater party Nov. 10 and a party at the Y. W. C. A. Camp at Lake Worth, Dec. 15 are on the social calendar of the sophomore class, according to Melvin Diggs, president.

### Los Hidalgos Initiates Twenty-Two

Twenty-two new members were initiated into Los Hidalgos last week at a meeting in Brite clubroom. Other features of the evening were the presentation of a leather portfolio to Miss Eula Lee Carter, sponsor, as a birthday gift, and the dedication and formal hanging of the new wood-carved, colored coat-of-arms in the clubroom.

New members are: Misses Helen Adams, Frances Ballinger, Phyllis Burnam, Ruth Campbell, Mary Corzine, Polly Criner, Mozelle Duckworth, Marion Honea, Eva Jones, Ruth Justin, Helen McKissick, Lorraine O'Gorman, Mary Elizabeth Roark, Marjorie Sewalt, Gladys Simpson, Beverly Vaughan and Nell White and David Nicol, Floyd Pope, Elmer Seybold, Randolph Wright and Mrs. Alma Bailey. Five others who will be taken into the club at the next meeting are Miss Mary Louise Scott, Miss Mamie Pearl Jameson, Paul Ornelas, Fred Vazquez, Ben Boswell and Weyman Roberson.

After the initiation service, refreshments were served with Miss Iris Hays in charge. The next meeting of the organization will be the annual banquet next Thursday.

Miss Mary Louise Wadley, ex-student, was the guest of Miss Lollie Batts for the week-end.

Everett Gillis spent the week-end in Denison.

### Faculty Members Go To Weatherford

Mrs. Helen Fouts Cahoon, Prof. S. P. Zeigler and Miss Adeline Boyd went to Weatherford last week where they opened the concert season at Weatherford Junior College. Mrs. Cahoon and Prof. Zeigler gave a number of solos, both accompanied by Miss Boyd. Prof. Zeigler also played obligattas for some of Mrs. Cahoon's numbers.

### Scientist Guest of W. G. Hewatt

Hubert W. Graham, member of the terrestrial magnetism department of the Carnegie Institute of Washington, and his wife were the guests of Willis G. Hewatt, instructor in biology, Saturday.

Mrs. Robert Ballenger of Henderson spent the week-end with her daughter, Miss Frances Ballenger.

Dr. R. F. Pray, Jr., ex-student from Beaumont, was a visitor on the campus for Homecoming and was the guest of Dick Long, 1930 graduate, over the week-end.

Mr. and Mrs. A. D. Weatherly, ex-students, were visitors for Homecoming. Mrs. Weatherly is the former Miss Mozelle Bryant.

Miss Elizabeth Cox is seriously ill at her home on Broadway and will not return to school this year.

Miss Mary Elva Dillingham is attending Peabody College in Nashville, Tenn., this year.

### PERSONALS

Misses Irene McCommas and Bennie Sue Ratliff, ex-students, spent the week-end at the home of Mr. and Mrs. Laurence Coulter.

Miss Janet Largent, former student, visited on the campus for Homecoming.

Lewis Savage spent part of last week-end at his home in Tioga.

Miss Lucy Bess Wester of C. I. A., sister of Ray Wester, freshman from Plainview, was a visitor on the campus Saturday and Sunday.

Mr. and Mrs. L. J. Ackers of Abilene visited their daughters, Christine and Florence, last week-end.

Mrs. T. W. Swiley of Longview visited her daughter, Kathryn, in Jarvis Hall last week-end.

Miss Elizabeth Cox, sophomore, has been ill for the past few days.

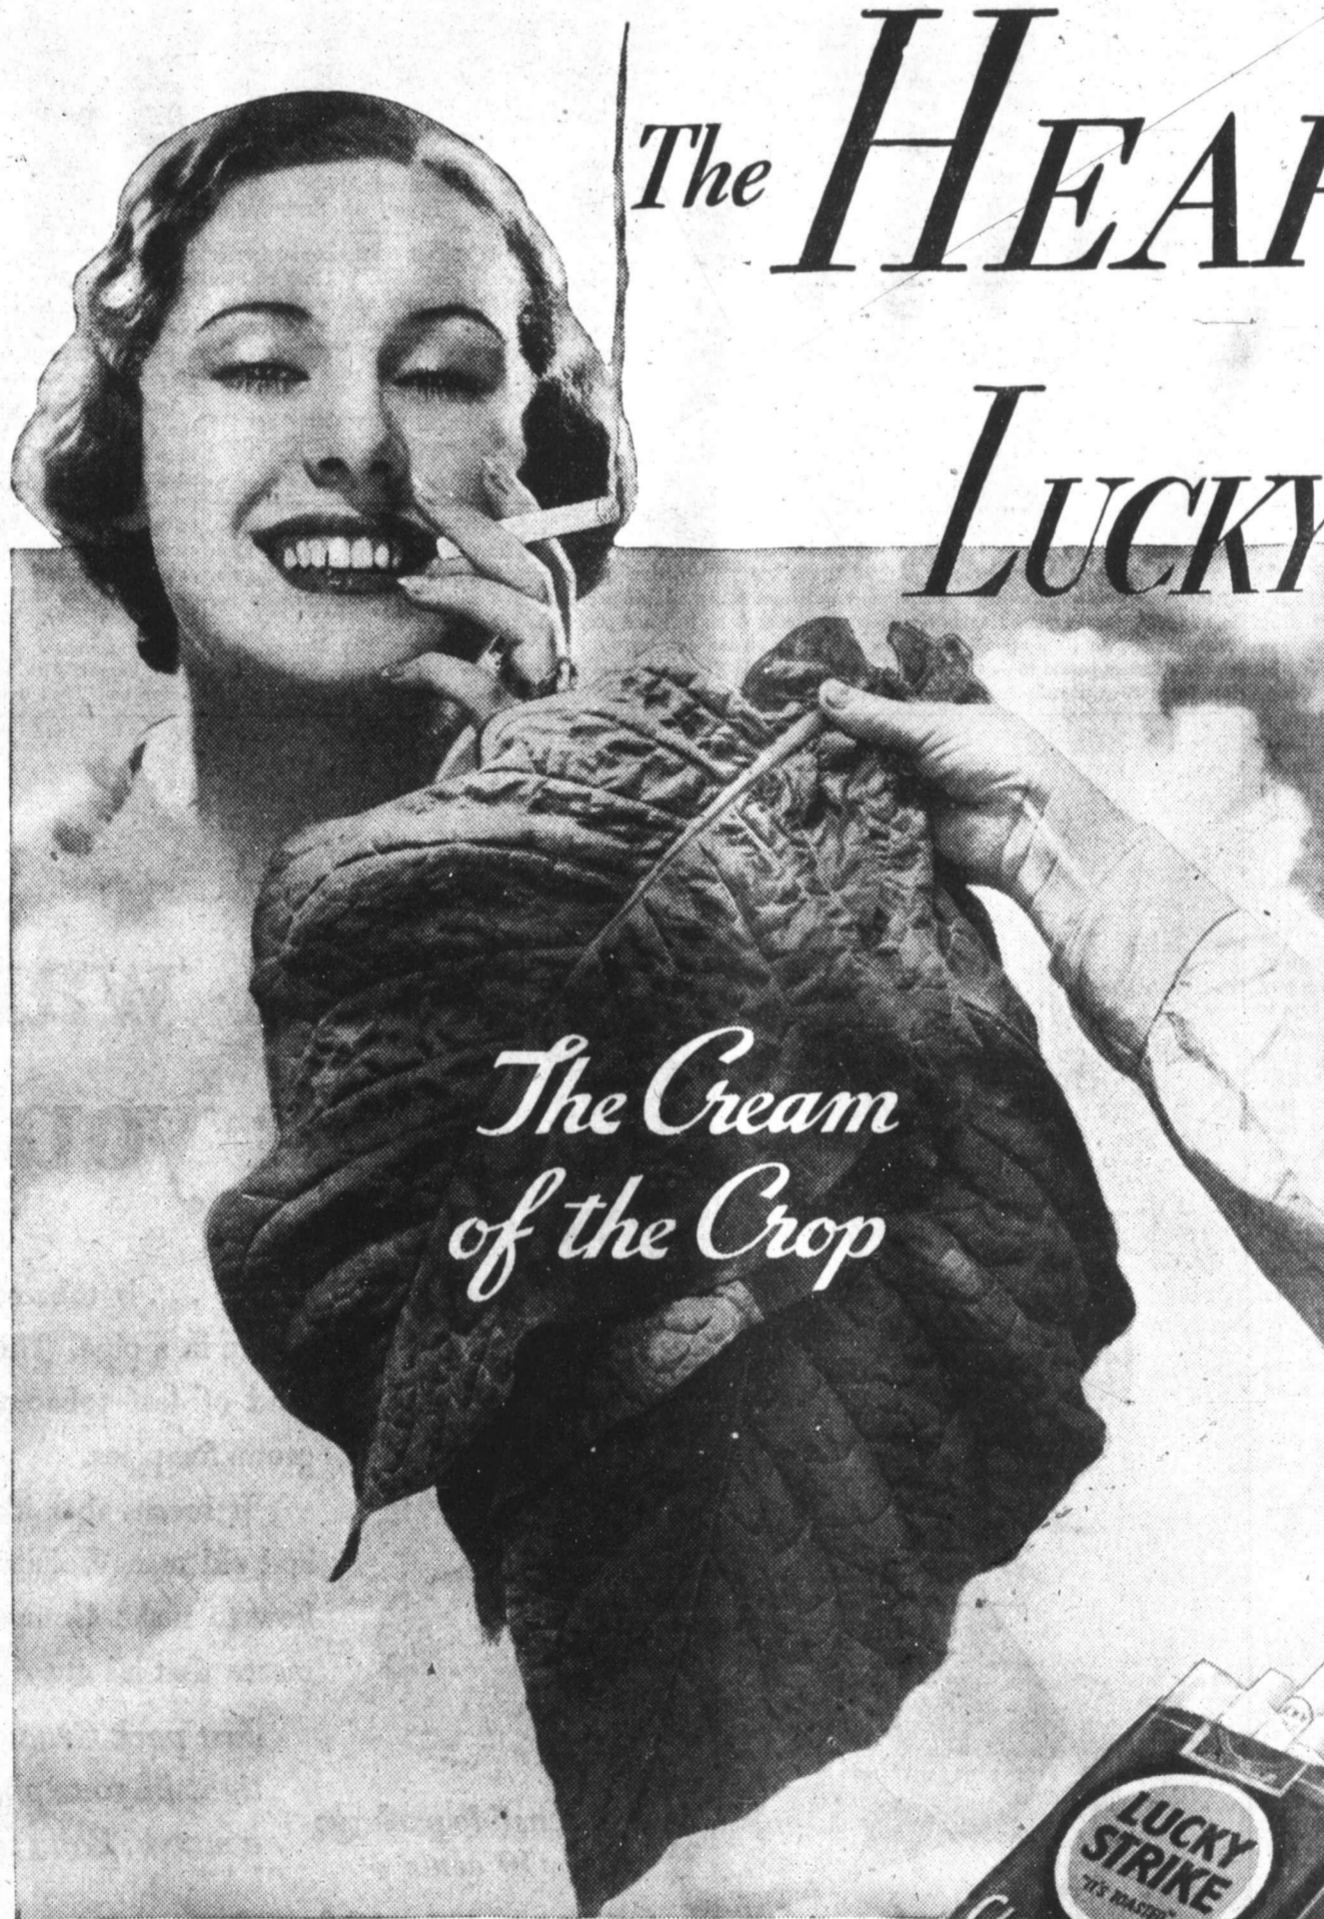

Miss Hannah Ann House, ex-student, was a Homecoming visitor on the campus.

Dr. and Mrs. T. C. Honea of Cleburne attended the T. C. U.-A. & M. game with their daughter, Miss Marion Honea.

Miss Ruby Williams, who is now teaching at Goree, spent the week-end with Miss Marian Meaders.

Miss Josephine Wilkes and Mrs. E. E. Merkt of Nocona spent the week-end in Jarvis Hall with Miss Mary Jo Merkt.

Miss Jean Harrell of Olney, former student, visited friends here last week-end.

# The HEART of a LUCKY STRIKE

The finest tobaccos —only the center leaves

The very heart of Lucky Strike's fine quality is choice tobaccos—ripened by warm sunshine, rich soils and gentle rains. Right now, up to \$100,000,000 worth of fine Turkish and Domestic tobaccos, the Cream of the Crop, are aging and mellowing for the makers of Lucky Strikes. For only a special selection of choice tobaccos is used in making your Luckies so round, so firm and fully packed—free from loose ends. The reason why Luckies are always the same in mildness, smoothness, in delicious taste.

"it's toasted"

FOR THROAT PROTECTION—FOR BETTER TASTE

ALWAYS the finest tobaccos

ALWAYS the finest workmanship

ALWAYS Luckies please!

### Christians Leave For Shreveport To Battle Gents

Coach Schmidt and 25 Men Go Today—Rest to Follow.

### Game to Be at Fair

Relationship Between Purple and Crimson Teams Dates Back to 1933.

By Charlie Casper. With the strong Texas Aggies behind them on the short end of the score, the Horned Frogs departed over the T. & P. Lines this morning for Shreveport, La., where they will meet the Centenary Gentlemen in grid combat on the Louisiana State Fair ground tomorrow afternoon at 2:30 o'clock.

Coach Francis Schmidt, 25 gridsters and the student manager left this morning and the remainder of the squad will follow with the students tomorrow. The squad will take a light workout this afternoon and then retire to rest and await the kick-off whistle.

Frogs Scrimmage Freshmen. With the exception of a dead workout Monday and Tuesday, the Frogs have put in another week of hard work preparing for the highly-touted Gentlemen. Monday and Tuesday work-outs were given over to light rehearsals for the benefit of the cripples who bobbed up from the Aggie tilt. By Wednesday most of the limping was over and the Purple mentors once more settled down to the regular routine of work. A light scrimmage was staged with the Frosh Tuesday but none of the cripples took part.

The Frog injured list received two more victims Monday when x-ray pictures showed that Cy Perkins' middle finger was broken. Perkins will probably watch the game from the sidelines tomorrow. Captain Jack Graves sustained a badly crushed ankle and he, too, may be on the sidelines.

Lee Bassinger and Paul Hill, injured guards, are still limping about but may be available for service against the Gents. Hill took his first work-out this week, while Bassinger has been in uniform for the past three or four days but unable to do any heavy work. Bud Taylor's hand is about well and he will be ready for action tomorrow.

### Jack Smith Heads Gentlemen.

The Centenary eleven is headed by Jack Smith, rated by many as the greatest quarterback in the Southwest. He is a veteran signal barker and triple-threat demon de luxe. Last season Smith received several votes for all-American honors. He is ably aided in the backfield by "Rabbit" Oslin, midget halfback, who to date is holding his own with the best in this part of the country. Oslin weighs only 145 pounds and is about five and one-half feet high. The Centenary forward wall has opened giant holes for their backs to plow through in games to date. The Gents have defeated the Baylor Bears and held Texas and L. S. U. to scoreless ties.

The relationship between T. C. U. and Centenary began in 1923. The Gents have won two games and the Frogs have won two in the four games played. The last game was played in 1929, ending in a lopsided victory for the Frogs.

### Game to Be Played at Fair.

The game will be played on the state fair gridiron and the fair officials are expecting a record crowd.

Coach Wolf will not accompany the squad due to the fact that he will be scouting Baylor in College Station. Coach Schmidt will more than likely start the same Frog line-up against the Gents that he used against the Aggies, with the exception of Speedy Allison, who will replace Cy Perkins.

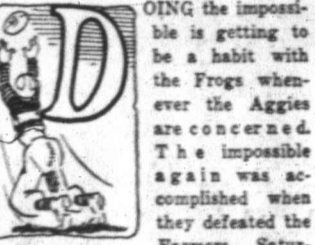

### Frog Backfield Star Is Injured

George Kline, ramming, powerful sophomore Frog backfield star, received two broken fingers in Wednesday afternoon's practice which will more than likely keep him on the sidelines for the coming two games. He is the third squadman to join the Frog injured list with broken fingers in the last two weeks. Bud Taylor and Cy Perkins are the others.

With Kline unable to take part in active duty, Rex Clark, Frog speed demon who has been out for the last month with bad ankles, will be moved over to Kline's position.

## Burr-Head's SPORT GOSSIP

By CHARLIE CASPER

Being the impossible is getting to be a habit with the Frogs whenever the Aggies are concerned. The impossible again was accomplished when they defeated the Farmers Saturday.

It was an inspired Purple eleven that set the Red and White back on its heels. Here's hoping that the Schmidtmans can keep that inspired fight throughout the rest of the current season. If they can look out! If they settle back on their heels and try to live on the reputation that they are the defending champions and that they beat the Texas Aggies, then there's not much hope left.

Cockiness has ruined many a ball club, but I don't think that such a disease has much of a toe-hold on the Christians. Sunday and Monday there were slight signs of overconfidence on the Frog squad, but after Coaches Schmidt and Wolf finished telling them just how lousy they looked against Arkansas most of the signs vanished. It takes more than one victory to make a conference champion. If the Frogs realize that there are four games, conference tilts, yet to be played which will be equally as hard as was the Aggies contest, then they will instill that same spirit into the remaining tilts.

I am reminded of a poem that Curtis McHorse used to quote at his pep meetings the year I was a frosh. It goes like this: "It takes a little courage, A little self control And some grim determination If you want to reach that goal." That goal is another conference championship. Frogs keep that little poem in mind throughout the rest of the season and when the last tune is played and the mole-skins are laid away in December there will be no regrets.

We are in Shreveport today waiting for a lick at those Centenary Gentlemen and I hope the lick is sufficient that we can leave for home on the long end of the score tomorrow night. Coach Heyer's frosh will be in Stephenville for a game tomorrow. Here's wishing you lots of luck, Dutch. It's tough for the conflict to be like this, but remember we are pulling for you.

And was my face red . . . The other night I spoke to a guy in the dark and passed on. The stranger caught me by the nap of the neck and wanted to know why I was running away. Well here is where my face turned into a crimson color. The stranger was none other than the one and only Harold "Hobo" Carson, former star Frog athlete and one of my best friends. Ole Hobo was just dropping through and failed to find me at home about ten bells (right when I have the busiest part of the day with me female troubles). Well, we finally got together and had the best bull session since . . . well since the last time I chatted with him. Hobo had a great season pitching baseball for the Kansas City Blues and was doing his best to get here for Homecoming, but happened to run into trouble which threw him a couple of days late. Ole Hobo is still the same Hobo that was at one time the riot of the T. C. U. campus, and if you don't know him, girls, you've missed a lot.

Some Homecoming flashes . . . Hubert Dennis, Paul Snow, Lucy Phelps, Standard Lambert, Johnny Vaught and others telling tales of how they are coming along at coaching . . . more hollering than I ever heard before from the Aggies . . . all the old wolves back still mooching . . . that undying Frog spirit displayed Saturday . . . the annual gathering of the ex-lettersmen at the banquet Friday night . . . all my friends calling up asking for a ticket—gee, but I was popular last week with phone calls asking for ducats . . . George White from Dallas (sewer-town) calling our ball club a bunch of schoolboys . . . Jinx Tucker finally giving the Toads a break . . . Bill Parker, Pop Boone and Flem Hall all full of praise for the Froggies when the tide turned against the Cadets.

### Frogs Outplay Aggies to Gain 13-to-7 Victory

Crowd of 15,000 Sees Farmers Fail to Break Jinx.

### Air Attack Clicks

Kitchen, Casper, Wallace, Walker, Lawrence Sparkle in T. C. U. Backfield.

By PAUL DONOVAN. Striking with precision and unexpected power, the Horned Frogs completely outplayed the highly-touted Aggies Saturday on the T. C. U. field to gain a 13-to-7 victory. It was a game replete with thrills of every variety—long passes, elusive broken-field runs and brilliant execution of plays.

An enthusiastic crowd of 15,000 persons came to see the Cadets break the eight-year-old T. C. U. jinx but remained to cheer the inspired Purple-jerseyed team. The Frog guns opened fire in the first minute of play and were never silenced at any time during the contest.

The Farmers had a stiff wind at their backs in the first quarter and their longer punts kept the Schmidtmans fairly well in check. The Frog backs knifed through the line for four first downs during the period, while the Aggies made two, one on a pass.

Passing Attack Launched. In the second quarter the Frogs opened up with an attack that was not to be denied. They gave one of the most brilliant exhibitions of forward passing ever seen on the Frog field. With Dan Harston, Johnny Kitchen and Flash Walker doing the tossing and Charlie Casper, Captain Jack Graves and Wallace Myers the receiving, the Schmidtmans were able to complete eight passes in this period. The last of these carried the ball to the 1-yard line, from where Kitchen carried it over for a touchdown on the first attempt. The pass was from Kitchen to Casper, the latter racing 30 yards up the sideline before being knocked out of bounds on the 1-yard stripe. The Frogs failed to convert. That ended the scoring for the half.

The third quarter was a repetition of the preceding one. Taking the ball in midfield, the Purple backs in one drive carried to their second touchdown. Kitchen passed to Jewell Wallace for a 20-yard gain, Joe Coleman

### Snags 'Em

Here's Jewell Wallace, Frog half-back, all set to catch a pass. Wallace snagged two long heaves in the third quarter of the Aggie game Saturday for a total gain of approximately 45 yards. He carried the last one to the Farmers' 1-yard line, where Charlie Casper plunged across for the Schmidtmans' second touchdown.

plunged for seven more and Kitchen added 18 through the center of the line. From this point Coleman passed to Wallace, who was stopped on the 1-yard marker. Casper plunged across on the first play. Wallace added the extra point. This ended the Frogs' scoring for the day, but they remained on the offensive and threatened seriously several times before the final gun.

Couser Leads to Score. Bill Couser, substituting for Frenchy Domingue in the Aggie backfield, led the Cadets to their only score of the game. The speedy quarterback skirted the ends and slipped through the line for gains that placed the ball on the T. C. U. 8-yard line. Couser then passed to Robertson, Aggie end, for a touchdown. Godwin converted.

Excessive penalties and costly fumbles combined to prevent any further scoring on the part of the Schmidtmans. The game ended with the ball in the possession of T. C. U. The final Aggie effort was checked when Heard Flores, reserve center, intercepted Couser's pass in the last minute of play.

Stars were numerous on the Frog aggregation. The line from end to end starred as a unit. Individuals who stood out were Bud Taylor, Darrell Lester, Jack Graves and Wallace Myers. The Wolf-coached forward wall continually opened playing holes in the A. & M. line and played as brilliantly on the defense.

In the backfield Kitchen headed the list of ground gainers, but he was

### Frosh to Plan Tarleton Team

Poliwogs Expecting Much Opposition From Plowboys.

The 1933 freshman team will journey to Stephenville Saturday for a tilt with the John Tarleton Plowboys. The Plowboys do not have a strong team, but they are expected to give the Poliwoogs a tough battle for a victory.

The Frosh do not have any injuries to hinder them in the game. They have played one game this year, having defeated the Texas Military College Bulldogs 20 to 14.

In 1931 the John Tarleton team defeated the Frosh. Last year the Poliwoogs defeated the Plowboys, and they are expected to repeat this year. The team will leave Saturday morning by bus and will arrive at Stephenville at noon. The entire squad will make the trip.

Those who will go are: Coaches Meyer, Tiner and Kinzy, Walter Roach, Cotton Harrison, Sam Baugh, Doc Merrell, Willie Walls, Clovis Green, Glenn Roberts, Lewis Savage, Corkey Markarwick, John Shear, Harold McClure, L. D. Meyer, Scott McCall, Otis Grant, James Nelson, Solon Holt, Gail Walley, Vernon Brown, James Richards, Mack Runnels, Lennon Blackmon, Carl Maxwell, Sandy Hagler and Will Wetzler, manager.

The probable starting lineup for the Freshmen will be Meyer and Walls, ends; Holt and Green, tackles; Markarwick and Savage, guards; Hagler, center; Baugh, quarter; Harrison, full, and McCall and Blackmon, halves.

### McCall Receives Ankle Injury in Scrimmage

Scott McCall, freshman and former Masonic Home ace, will not be able to play Saturday against the Plowboys. McCall received a bad ankle injury in scrimmage Wednesday. He may be out for the remainder of the season. Doc Merrell will probably get the call in place of McCall for the Plowboy game.

### Sophs and Frosh Win Class Games

Duckworth and Wheeler Star As Sophomores Defeat Juniors 52 To 13.

### Intramural Standings.

	Won.	Lost.	Pct.
Sophomores	2	0	1.000
Freshmen	2	0	1.000
Juniors	0	2	.000
Seniors	0	2	.000

The sophomore and freshman intramural grid teams are in a deadlock for top position in the championship race following games played Wednesday.

In Wednesday's tilts the Sophs defeated the Juniors in a "close" game, 52 to 13. Duckworth and Wheeler were the scoring stars for the second-year men. Patterson made the Juniors' tallies.

The Frosh eked out a 27 to 25 victory over the Seniors. Robertson, Frosh back, scored three times, and Kinzy, Senior, allowed the first-year men to make a safety.

Next Wednesday the cellarmen, the Juniors and Seniors, meet at 1:30 p. m. and the Sophs and Frosh battle for the top position at 2:30 p. m.

### Distance Runners To Go to Denton

Coach Mack Clark's cross-country team will meet the Denton Teachers' cross-country delegation in their initial meeting in Denton this afternoon or tonight.

Coach Clark stated that he was leaving the hour up to the men. They have their choice of running over a regular cross-country course this afternoon or waiting until tonight and running a regular two-mile race on the cinders during the half-time period of a football game, which will be played under the arcs.

Little is known of the strength of the Frog team, due to the fact that they haven't been in competition to date. The squad is headed by Robert Chappell, lone runner ever to receive a T. C. U. varsity letter in cross-country. Chappell is rounding out his third year of competition and is expected to lead the Purple and White to victory.

Other members of the squad are Tony Vargas, Jinx Powell, Bill Anderson and Thad Gregory.

### Milton Mehl Honored At Texas University

Milton Mehl, former T. C. U. student, has been named an associate editor of the Texas Law Review, the School of Law publication at the University of Texas. Mehl transferred to Texas University from T. C. U. in 1931.

### MAIDEN FORM

With braes designed to give support and lift the hips, Maiden Form's "High-Waist" girdles give you the slim, shapely figure you want. Select the style you like best and wear it with confidence. It's the difference that makes a difference.

There are Maiden Form styles to suit all "figurations"—to give you the grace, rounded curves you want in place of the lumps and bumps that most figures come by naturally.

# What you want in your pipe

... is tobacco that's made to smoke in a pipe. This means the right kind of leaf tobacco—the kind that grows for pipes.

It means that it's made right . . . and old man Wellman, who taught us how to make Granger, knew how. It means that it's cut right.

Just pack Granger good and tight in your pipe and strike a match. Folks seem to like it.

a sensible package 10 cents

# Granger Rough Cut

—the tobacco that's MADE FOR PIPES
