

Changes in the curriculum for the 1931-32 catalog should be worked up and turned in to the committee on classification and curriculum some time soon. The department heads please take notice. Staff members who have some good ideas should pass them along. (Colby D. Hall).

The new class in penmanship is showing excellent results under the direction of Miss Ruth Williamson. Many of these students are highly interested and appreciative of the help.

Now for some more names to be recommended to the class by the teachers. Perhaps the grading of examination papers will stimulate the teachers to discover and report. Very few teachers sent in any names before. If you find a student who needs it, send the name to Dean Hall.

Do you have any "honor" students in your classes? Have you recognized them by giving them opportunity for work with more initiative? It would be appreciated if each teacher with any such plan would note it briefly and turn it in to Dean Hall. This will help in the development toward our ideals. In initiating plans, our thought is to keep step. Not that all shall do the same thing, but that new ventures shall be known. (Dean Hall).

Do you have a class plan of sufficient character that you are glad to show it? Remember the invitation by Dean Hall for teachers to outline distinctive class methods and turn them in for file and study.
