UT Game Picked As Student Trip

Congress Appoints Delegates To SWC Sportsmanship Meet

The annual student body trip will be taken Nov. 12, when the Frogs meet the Longhorns in an afternoon game at Austin, it was unanimously decided Tuesday at a Student Congress meeting.

Other important business included appointing a delegation to attend the first Southwest Conference Sportsmanship meeting Oct. 29 on the Rice campus. The delegates are head cheerleader, Miss Pat Miller, Fort Worth senior; Skiff Editor Larry Denton, Bonham senior; and James Repp, Baytown senior, a member last year.

A delegation was authorized to go to College Station to invite Texas A. & M. students to T. C. U. and \$28 was appropriated to pay for rental of a car for the trip. Delegates, who went yesterday, were Connie Mae Hood, Breckenridge senior and chairman of the social committee; Gene Schmidt, Evansville, Ind., senior; Harold ("Hal") Autrey, Jackboro, Ark., senior; James Whittaker, Rochester, N. Y., senior; and R. S. Wetherell, acting dean of men, who sponsored the trip.

No Saturday Dance Planned The social committee was instructed to investigate the possibility of getting a special rate for T. C. U. and A. & M. students and dates to a dance tomorrow night at the Casino.

Runoffs Fill Seven Posts

New Members Bring Congress Total to 19

Seven new congress members were elected in a run off election last Friday to add to the 12 elected Oct. 5.

Congress members elected were: Senior representative, Miss Barbara Sterling, Dallas, with 48 votes, who defeated Miss Jan Riddle, Tucson, Ariz., 30 votes.

Junior class president, Tommie Bouchard, Austin, 45 votes, who defeated David Cheverton, Fort Worth, 40.

Junior representative, Miss Lois Long, Edwards, Miss., 49, who defeated Miss Leta Eubank, Dallas, 37.

Sophomore class president, Jack Truitt, Longview, 57, who defeated Gilbert Bartosh, Granger, 35.

Sophomore representative, Dick Ramsey, Fort Worth, 58, who defeated Miss Betty Criner, Fort Worth, 32.

Freshman class president, Joe Enochs, Tyler, 102, who defeated George Rowe, Austin, 56.

Freshman representative, Norman Cornelius, Fort Worth, 46, who defeated Miss Rachel Moore, Fort Worth, 36.

Upper-class representatives-at-large—Harold ("Hal") Autrey, Miss Shirley Brunson and James Whittaker.

Lower-class representatives-at-large—Robert Ross, Miss Dolores Smith, Melvin Shupp, Miss Greta Chadwick, Thorp Andrews and Miss Margaret Mundhenke.

Appointive offices are: Secretary—Miss Nancy King. Treasurer—Mike Saenz. Parliamentarian—Jack McSwain.

Denton), the committee found it unwise to try to plan a dance for them here.

A proposal for students to aid The Skiff financially was made by Larry Denton, who supplied data showing the newspaper, faced with increased costs, to be in debt. The proposal was reviewed and referred to the welfare and budget committees for further investigation. It is to be acted upon at the next meeting at 6 p. m. Tuesday.

Thursday was approved as the election date for Student Court Justices. A referendum on the class system of representation will be called for on the same ballot.

Andrews Resigns Job Thorp Andrews, Fort Worth sophomore, resigned as head of the Student Labor Service because, he declared, the Student Personnel office is adequately placing students in jobs, and his salary "does not merit his continuing the job." He will present a detailed report at the next meeting of the service's accomplishments.

A report from the treasurer revealed that congress has \$209 in its treasury left from last year. It was agreed that \$50 of this should be used to establish a petty cash fund.

A suggestion made by Tommie Bouchard, Austin junior, at Saturday's meeting to provide each class with enough money adequately to advertise its first meeting was in-

vestigated and reported upon. The only class without funds appears to be the freshman class, it was stated. No action was taken.

Dr. Thomas F. Richardson, dean of students, was named to the student petty loan fund committee to replace L. A. Dunagan, cashier, who resigned. All loans now must bear the signatures of Dr. W. J. Hammond, congress sponsor, Mr. Wetherell, and Dr. Richardson.

Dr. Hammond was renamed congress sponsor, and for the first time a co-sponsor was named. He is Dr. Richardson.

Miss Nancy King, Greenville senior, was appointed congress secretary, and Mike Saenz, Laredo graduate student, was appointed treasurer. Jack McSwain, Hattiesburg, Miss., senior, was appointed parliamentarian. Several committee appointments were made and approved.

The number of upper-class representatives would be increased from three to five, and the number of lower-class representatives from six to eight.

We Don't Like It Either

We don't like it any better than you do—this week's Skiff, that is.

We realize that it is too small, that there is too much advertising and that campus news is not adequately covered.

And yet, there's not a thing we can do about it,—for the time being, at least.

In the last three issues, we tried to show you what kind of a paper we could give you when it was possible to have six pages. And in doing so, The Skiff went into debt. To "break even" this week, it was necessary to have a smaller paper.

The Skiff is still fighting for more money, and will continue to do so. A proposal giving The Skiff part of the student funds is now pending before the Student Congress. We hope it will result in more money—and a larger paper—in the near future.

In the meantime, please bear with us.

Lounge Makes \$253 In Month

The Student Lounge in September racked up its greatest net profit ever—\$253—Bill Hamilton, San Antonio senior, Student Association president and lounge committee chairman, reported yesterday.

After losing \$3,662.15 in its first 14 months of operation, the lounge last summer began to register a small profit for each month.

The Student Congress agreed to take over the lounge in July to prevent its being closed. Congress assumed the net operating losses debt plus the original investment made by the administration of \$4,038.77, totaling a deficit of \$6,700.92.

The \$253 profit will not be applied to the debt because an agreement made between the administration and congress stipulates that the debt is not payable for two years. Part of the money will be set aside as insurance to pay for any machinery repairs.

The remainder will be placed in a fund in an endeavor to establish a student union building, according to Hamilton.

"Bill Bishop, lounge manager, is largely responsible for the profits that have accrued since June," reports Hamilton.

Dorm Elects New Officers

Price Named Chairman Of Clark Hall Council

Residents of Clark Hall elected officers for their dormitory council Monday and made plans for the coming year.

Officers elected are: Chairman, Bill Price, Dallas senior; secretary, John Waddle, Sherman sophomore; and representatives, Bill Coldren, Fort Worth junior; Jack McSwain, Hattiesburg, Miss., senior; Rainey Owen, Abilene sophomore; and Joe Ward, Childress sophomore. One other representative, appointed by R. S. Wetherell, director of men's dormitories, is Tom Evans, Corpus Christi freshman.

Residents will take suggestions to the council, who will in turn contact Wetherell.

Regulatory hours were established Monday for using the ping pong table and the piano, and means for stopping noise in the hallways were discussed.

All Clark residents will work as a unit to boost school spirit at inter-collegiate events, and will work with the Renegades and Pep Cabinet to help T. C. U. win the Southwest Conference Sportsmanship Award this year.

The council was first organized last spring at Dean Wetherell's suggestion. It made arrangements for Coke machines to be installed in the dormitory last summer.

Wilde will confer with James L. Stoner, national director of the University Christian Mission department of the Federal Council of Churches, who arrived on the campus yesterday.

Stoner spoke at yesterday's chapel service in Brite College and was entertained last night with U. R. C. members at Mr. Wetherell's home.

Records of "Campus Chatter" will begin Monday. This will be an unrehearsed program of recorded questions and answers, made at various points on the campus.

Records in the Fire Marshal's office of previous inspections at T. C. U. fail to show any violations, it was reported.

T. C. U. has escaped a major fire since the "fireproof" Main Building at Waco was destroyed in March, 1914, resulting in removal of the University to Fort Worth.

Paschal Is Frog Editor

Annual Staff Vacancy Filled by Appointment

Jimmy Paschal, Amarillo senior, was appointed editor of the Horned Frog Monday at a joint meeting of the publications committee and a group from congress.

Paschal was the lone applicant. The first appeal issued by the new editor was:

"Please have your picture made for the annual. The deadline is Oct. 28, and only 354 students have had their pictures made thus far."

Paschal has had three years' experience with the Horned Frog. He was business manager for a short time in 1945 before he was called into the Navy. He was research editor in 1948 and faculty editor in 1949.

At Amarillo High School he was editor of the annual and was on the staff of the newspaper. He worked on a service newspaper in 1947.

Paschal said he will carry out the plans made by Miss Billie Marie Meyers, former editor.

Application blanks for students wishing to become staff members are available in the office of Prof. Paul O. Ridings, faculty advisor of the annual, in the basement of the Administration Building.

Southwestern Engraving Company, the low bidder, was awarded the engraving contract for the annual at a meeting of the publications committee Tuesday.

The fuse was lit on activities leading up to tomorrow's T. C. U. A. & M. clash at a Wednesday night pep rally and the first big explosion will take place tonight at 8 o'clock in the Basketball Gymnasium, when the Sharecroppers' Ball gets under way. Admission is free.

Bernie Robertson and his five-piece band—the Horned Frog Hillbillies—will furnish the music.

A pep rally will be held during the intermission—about 9:15 o'clock—and the selection of a sharecropper king and queen also will take place at this time.

Coach Leo R. ("Dutch") Meyer will make a brief talk at the pep rally and Davey O'Brien, Frog All-American of the 1930's, will be on hand "if at all possible," says George Wilde, Graham senior and president of the Renegades.

The second big pre-game explosion will be at 11 o'clock tomorrow morning on the front steps of the Administration Building when "the biggest pep rally yet," according to Miss Miller, will take place. The Horned Frog Band will be on hand to furnish music.

The Renegades are in charge of welcoming the Aggies to the campus. An information booth will be set up in front of the Administration Building, welcome signs will be placed all over the campus and all the dormitories will be open for the use of the visitors, states Connie Mae Hood, vice-president of the Renegades.

A calliope will be obtained from Universal Mills if possible, says Jimmy Paschal, member of the Pep Cabinet. Plans call for the calliope to be driven around the campus to advertise the Sharecroppers' Ball and for a thirty-minute calliope concert by Paschal before tomorrow morning's pep rally.

As thousands of khaki-clad cadets between their biennial invasion of Cowtown this afternoon, tonight and tomorrow, they will find plans have been laid to keep them busy right up to game time—2:30 o'clock tomorrow afternoon.

Festivities will begin for the Aggies at 7:30 o'clock tonight at a stag smoker in the Cactus Room of Hotel Texas. Barlow ("Bones") Irvin, A. M. athletic director, will be the speaker.

Beverly Scores Again

Miss Beverly Herrin of Vernonia, Ore., who was named Freshman Prom Queen two weeks ago, this week was elected Band Sweetheart by members of the Horned Frog Band. She is shown above with Band Director Lawrence Intravala, left, and Drum Major Frank Kasko. Miss Herrin will be presented during halftime festivities at tomorrow's A. and M.-T. C. U. game.

The visitors will stage a downtown parade tomorrow morning. They will form at 10 o'clock near the Main St. underpass and the parade will move northward toward the Courthouse. A reviewing stand will be placed at 8th and Main.

The official A. & M.-T. C. U. game dance will be held from 8:30 p. m. to 12 o'clock midnight tomorrow in the Crystal Ballroom of Hotel Texas. Dancing will be to

the music of Red Woodward's orchestra and admission is \$1.50, stag or drag. T. C. U. students are invited to attend this dance, states Paul F. Irwin, Fort Worth A. & M. Club member.

Half-time activities will be highlighted by the presentation of the sweetheart of Texas A. & M. College, Miss Jeannine Holland, Houston junior speech major, at Texas State College for Women, and of the T. C. U. Horned Frog Band Sweetheart, Miss Beverly Herrin, Vernonia, Ore., Freshman Prom Queen and journalism major.

Class Officers To Be Elected

Class meetings for seniors, sophomores and freshmen are scheduled for Tuesday and the junior class met yesterday as all four presidents swung quickly into action planning activities for the semester.

Seniors Meet Tuesday Senior Class President Gene Schmidt, Evansville, Ind., is calling his class together Tuesday at 1 p. m. in the Assembly Hall. Other officers will be elected and Schmidt will take a poll on the seniors' attitudes toward giving a share of congress' money to the Skiff. This is the second straight year that Schmidt's classmates have chosen him to guide their activities.

Juniors Elect Officers President Tommy Bouchard, Austin, called together the junior class yesterday for its first meeting. Officers were elected and

committees were named. Possibility of holding a class dance also was discussed. Bouchard outlined an active program in fulfillment of his campaign platform.

Monthly class meetings with entertainment and service projects for campus betterment were slated by Bouchard. He also emphasized the need for adequate publicity before class meetings. Present plans call for a telephone committee to notify each junior of the meetings.

Sophomores Plan Meeting Jack Truitt, Longview, sophomore class president, has called a meeting for Tuesday at 11 a. m. in the Assembly Hall. Business will include election of other officers and a vote on whether to hold monthly meetings. Truitt, who headed the freshman class last year, announced that the disposition of \$85.16 left over from last year's activities will be discussed.

Freshmen to Choose Sponsor Tentative plans call for the freshman class to meet at 11 a. m. Tuesday in the Basketball Gymnasium. Joe Enochs, Tyler, class president, says that election of secondary officers and a class sponsor will head the agenda. A class project will be discussed.

Each president emphasized the need for 100 per cent attendance for the initial meetings.

Orators Vie With Bears

T. C. U.'s debate squad will travel to Waco tomorrow for a discussion panel and debate with Baylor University.

After a dinner at 6 p. m. two T. C. U. students will team with two Baylor students for a radio panel discussion on the subject: "What should be the foreign policy of the United States toward the countries of the Orient?"

At 8 p. m. the T. C. U. debate team will uphold the negative against the Baylor affirmative on the question: "Resolved, that the United States shall nationalize all basic, non-agricultural industry." The debate will be held in the Baylor University Union Building.

The first regular meeting of the T. C. U. Debate Club will be at 7 p. m. Wednesday in Room 105 of the fine arts building. Persons interested in joining are invited.

Two off-campus speakers will debate at the meeting on nationalization of industry. Sam Barbara, Dallas attorney, will speak for the affirmative, and Karl Mueller, Fort Worth attorney, will uphold the negative.

Jarvis, Ad Building Corrections Due—

Sadler Orders Improved Fire Protection

Steps to improve fire protection measures at T. C. U. were ordered this week by President M. E. Sadler.

He instructed L. L. Dees, superintendent of buildings, to carry out the suggestions of two representatives of the Fort Worth Fire Department who inspected the campus last Friday.

The fire protection program centers around maintenance of fire escapes at Jarvis Hall and lack of fire escapes from the third floor of the Administration Building, the report stated.

This condition was brought to light by an editorial in The Skiff last week. The subject was discussed at the request of dormitory students.

Dr. Sadler has authorized Mr. Dees to correct any faulty conditions at the windows opening onto the fire escapes from the second and third floors of Jarvis Hall. Windows covered by heavy wire screens have been nailed down.

The president stated further that fire escapes will be added to the third floor of the Administration Building, which now lacks an emergency exit, as soon as the current building program reaches that stage.

Dr. Sadler expressed strong concern in correcting the fire hazards. He emphasized that every improper condition has been or is in the process of being amended.

Mr. Dees said the screens now are fixed in such a manner that they do not create a fire hazard. They can be opened easily, he asserted.

Dean Jerome Moore said in his opinion T. C. U. is far above the average in regard to fire protection.

Records in the Fire Marshal's office of previous inspections at T. C. U. fail to show any violations, it was reported.

President, Mrs. Sadler To Honor Deans, Wives

President and Mrs. M. E. Sadler have announced they will entertain the deans, departmental chairmen and wives with a tea Sunday from 5 to 7 p. m. at their home, 2409 Medford Ct. East.

If the measure is not ratified,

Top Rusher Leads Aggies

For their second conference game of the year, T. C. U.'s Horned Frogs again will be playing the Texas Aggies tomorrow at the Texas Aggies stadium at T. C. U. Stadium.

Robert Lee Smith took over the top spot held by Leon Campbell before the Frogs went to Fayetteville.

The Aggie fullback has been able to power his way over Oklahoma, Texas Tech and L. S. U.

Oklahoma and L. S. U. whipped the Aggies, but they also measured Texas and Rice, respectively, the two best teams in the conference

according to the experts.

That doesn't bid well for the Frogs. The greatest Farmer threat hasn't been shaken into the open enough to show his wares adequately. He's Glenn Lippman, the Aggies' leading scorer as a freshman and in spring training.

He's small—5'7" and 165 pounds—but built somewhat along the lines of an Army light tank. Smith, a happy surprise for Coach Harry Stiteler, has stolen some of the little man's thunder, but if Lippman sees a spot of daylight when he has the ball—look out goal line.

Bobby Goff, a senior among the many sophomores, will be back to

give the Frogs a chase in his last year.

For T. C. U., Orein Browning will be lost for the game. His broken cheek bone is still mending. The rest of the Frogs should be ready. Even Charley Jackson scrimmaged Monday without injuring his legs. Lack of action might hinder his work if he were needed, however.

The Farmers have let it be known around that they've settled on T. C. U. as the team they likely will beat for the one conference game allotted them by the experts.

Kickoff time is 2:30.

What are you gonna do about it, Horned Frogs?

Only 2 Lettermen Return But Brannon's Hair Intact

With only two returning lettermen from last year's team, a basketball coach couldn't be blamed if he began to tear his hair when practice starts.

But there are several reasons why Coach Byron ("Buster") Brannon will take it easy on his hair:

- (1) After last year he can expect nothing but better results;
- (2) He has last season's undefeated freshman squad returning intact;
- (3) And he is rather fond of the hair he has left.

The cagers open their practice season Monday, with the freshmen due to report at the Basketball Gymnasium at 1:30 p. m. The varsity crew is to be on hand at 3:30 p. m.

"If we don't win more than one conference game this year," says Brannon, "I'm going to take up farming."

Brannon Stays Off Limb

Although he is not going out on a limb concerning the team's prospects for the coming campaign, Brannon feels he has a potential winner coming up this year.

Returning from last year's varsity are Gene Schmidt, four-year letterman and captain of the 1948-1949 team; Bruce Craig, one-year letterman; and Bob Lee, a squad man.

Schmidt measures in at 6'4", Lee at 6', and Craig at 5'10". Schmidt will be seeking to become the first man in the history of the Southwest Conference to win five varsity letters.

Supporting these three will be the promising sophomore crew which breezed through a 12-game slate last year and was never beaten. Included in the string was a victory over Hooker-Vandergriff, one of the finest semi-pro outfits in the state.

Only Four to Hold Forward Posts

The sophomores are— forwards: James Knox, 6'4"; Ted Reynolds, 6'; centers: Allan Brookshire, 6'4"; George McLeod, 6'5"; and guards: Bud Campbell, 5'10"; Tommy Taylor, 5'11"; Marlin Smith, 6'; Harvey Fromme, 6'3"; John Ehridge, 5'7".

Brannon has only four men at present to hold down the forward posts—Reynolds, Knox, Lee and Schmidt, who also doubles as guard.

He is hoping for a good turnout at the freshman workout Monday afternoon, since he is rather short-handed in this department.

Brannon listed four prospects eligible for the freshman squad. These are Ken Miller, 6'7", from Sweetwater; Ollie Emerson, 6'5", from O'Brien; Dick Allen, 6', from Hagerman, N. Mex.; and Bill Bond, 6'3", from Pampa.

Two transfer students from Schreiner Institute—Jack Straus, 6'6", and James Duncan, 6'3"—will also work out with the freshmen.

Frogs Splash Hoosiers

A couple of passes gave T. C. U. a muddy, sloppy 13-to-6 victory over Indiana at Bloomington Saturday. Dan Wilde threw the first one eight yards to Wilson George after a Hoosier miscue on a punt attempt. That was in the first quarter. Homer Ludiker kicked the point-after.

Indiana went over in the second period after a series of punts in which they kept all the advantage. Dick Sebek passed to Bob Robertson, short over the line. Somebody forgot that horns don't stop plays and the Hoosier end just trundled along over the goal 30 yards away. An official's horn had signalled a penalty—against T. C. U. as it turned out.

Naturally Indiana took the six points.

Hickey carried over the final Frog tally after a mix-up of laterals and a forward pass. Lindy Berry started it with a pass to George Boal who lateraled to Morris Bailey who lateraled to Jim Hickey who lateraled—no, Hickey was the one who had it last for the six points. Maybe that's how it was.

The Hoosiers didn't do so well. They haven't done much in two years.

One bright spot in the Frog defense was the minus 7 yards rushing gained by the Hoosiers.

DICKEY'S NOTE BOOK

By CHARLES DICKEY

Well now, Frogs. Show the wise boys how wrong they are. It's a long season and there are football games to be won in the coming weeks. The home folks need a victory.

You can give it to 'em.

We don't want to appear to be dragging dead cats around by their tails, but the slowness of the news from Arkansas does not allow our weekly paper to keep abreast of the news releases from the hinterlands of that fair Commonwealth.

Says as how somebody on the Traveler, Arkansas' student newspaper, has done a flip-flop over the game with T. C. U.

In obvious contrast to the telephone calls and letters to Fort Worth sports writers and to the letters in the press box of Hog supporters is this sample of what he writes in their paper:

"Reaction to the complaint here (Arkansas) was mostly one of surprise tinged with a 'sour grapes' note."

"Arkansas fans as a rule have always regarded Texas Christian as the Texas school having the most in common with Arkansas, and Frog fans have always conducted themselves with dignity in defeat."

Only in defeat? The Frogs do win now and then you know.

"Comment after Saturday's game was respect for Arkansas' defense mingled with disappointment over T. C. U.'s showing."

Get that, they were sorry for us. That is a little hard to reconcile with the moaning and groaning of the WINNERS of that game. Especially when Arkansas supporters with enough importance to rate entry to the press box write a writer from a neutral city just because he happened to predict T. C. U. would win.

It has been the contention of this column from the beginning that sports writers may be expert observers or they may not be, but they are not coaches and they are not playing on the gridiron. Anything that a writer predicts about a football game makes good reading to some fans, but it means nothing after the kickoff.

Anyone with half a brain would know that.

Long distance phone calls from Arkansas are expensive. Yet, another Hog fan expressed his "disappointment" over the Frogs' showing by calling a local sports writer and upbraiding him for a story lauding the play of Leon Campbell, the Hogs fullback. Some of the Hogs have such an inferiority complex that can't tell praise from censure.

The Traveler goes on to say that the school of thought widespread in Arkansas holds that a local sports writer can be blamed for leading Meyer into the protest.

That is the crowning statement of the article. Imagine Coach Meyer being goaded into anything! "A few (sports writers) ... are adding their wails to the Meyer obituary," the Traveler prattles on.

It appears to us that a great deal of muck was washed to the surface by more than a "few" sports writers.

The whole article sits rather strangely considered with the blast produced from the Traveler in last week's Skiff.

Us sweet little, innocent (ugh!) laws (ptui!) are so shocked that anyone would accuse us of using our shows or fists to break pore holes in the Frogs' faces. We like T. C. U. so much you know. We only sent two of them home with broken bones after two trips to our stadium. We were terribly disappointed over the Frogs' showing at Fayetteville. We understand though. Some nasty sports

Polliwogs Invade Aggeland Boasting One-Victory String

The single and double wing operations of Freshman Coach Walter Roach are continuing to show a lot of vim and vigor in their work-outs preparing for the game with the Texas Aggie first-year men Thursday. The game will be at College Station.

Several of the Wogs are pushing the starters, but Coach Roach plans to start with the same boys who opened against the Baylor Cubs. Teddy Vaught and Bob Blair are the likely ends, but Charles Rogers has looked very good in recent practices. The remainder of the line will have Charles Wrenn and Jack Temple at tackles, David Pitzer and Hubert Parrett at guards, and Carlton McCormack at center.

Big Malvin Fowler will open at tailback and Jim Amburg is the probable starter at full. Ray Cathey and John Harville started the Baylor game at the halves, but the recent performances of Marshall Robinson insure his seeing a lot of action at Wingback. Cathey has been hampered by a sprained wrist.

Sub Fullback Charlie Davis has writer tortured your poor coach into entering his protest. Why, everyone knows how nice (ugh!) we (ptui!) really are. We play just like everyone else.

NUTS.

been confined to his bed with a case of the flue and John Driskill has a sprained hand that caused him to miss a couple days practice. Otherwise, the Wogs are in good physical shape for the Aggie game and the coaches believe they have a good chance to win their second straight game against Southwest Conference freshman.

Get Your Spikes, Distance Runners

With the Southwest Conference cross-country meet set for five weeks from today, Nov. 18, at Austin, Mack ("Boss") Clark, track coach, has issued a call for distance men to begin workouts.

Clark would like to take a full team, seven men, to the meet this year and is willing to give anyone a chance to make the squad. Any boy with the proper amount of ability and stamina will receive a varsity letter if he finishes within the first 10 runners in this meet.

All boys interested, says Clark, may report to him anytime during the afternoon at the Stadium, where he will issue them equipment.

Aspirants for the track team next spring are also urged to report to Clark now and begin getting in condition for the coming campaign.

President Sadler Leads Dedication at Crockett

President M. E. Sadler gave the dedicatory sermon Sunday in the new building of the First Christian Church at Crockett.

The pastor, the Rev. Charles M. Ashmore, received his B. D. degree from T. C. U. in 1909. He played football on the same team with L. C. ("Pete") Wright, business manager, during the early 1900's.

To give you a finer cigarette Lucky Strike maintains AMERICA'S FINEST CIGARETTE LABORATORY

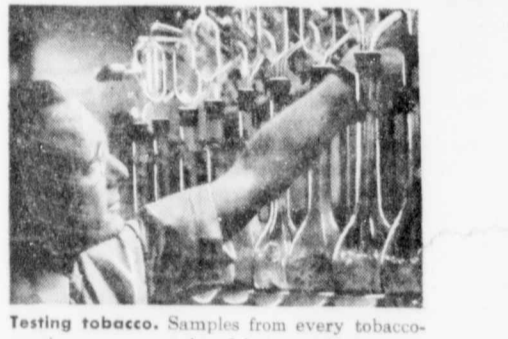

America's largest cigarette research laboratory is your guarantee that Luckies are a finer cigarette!

YOU SEE HERE the largest and most complete laboratory of its kind operated by any cigarette manufacturer in America.

For many years Lucky Strike scientists have delved into cigarette research on an extensive scale. Out of this has grown an elaborate system of quality control. Every step in the making of Luckies—from before the tobacco is bought until the finished cigarette reaches you—comes under the laboratory's watchful eye. As you read this, a constant stream of tobacco... samples

from every tobacco-growing area... is flowing into the laboratory in Richmond, Virginia. These samples are scientifically analyzed, and reports of their quality go to the men who buy at auction for the makers of Lucky Strike.

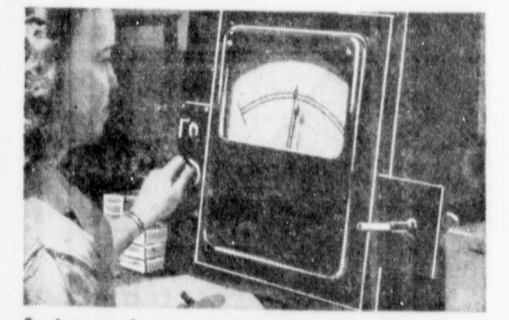

Armed with this confidential, scientific information—and their own sound judgment—these men go after finer tobacco. This fine tobacco—together with scientifically controlled manufacturing methods—is your assurance that there is no finer cigarette than Lucky Strike!

Testing tobacco. Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine!

So round, so firm, so fully packed. Typical of many devices designed to maintain standards of quality, this mechanism helps avoid loose ends... makes doubly sure your Lucky is so round, so firm, so fully packed.

So free and easy on the draw. This meter draws air through the cigarette, measures the draw. Samples are tested to see if they are properly filled. Tests like this guarantee Luckies are free and easy on the draw.

We know: **LUCKIES PAY MORE** for fine tobacco (millions of dollars more than official parity prices)

We are convinced: **LUCKIES PAY MORE** for cigarette research

So, for your own real deep-down smoking enjoyment

Smoke a Lucky!

Lucky Strike's fine tobacco and constant research combine to give you a finer cigarette. Prove this to yourself. Buy a carton of Luckies today!

Theater Tickets Ready Tuesday

Tickets will be available Tuesday for the play, "You Can't Take It With You," which will open in the Little Theater Oct. 24 and run for six days. The box office of the Little Theater will be open from 2 to 4 p. m. each day, starting Tuesday.

Students wishing to attend the first production should remember that the season tickets they received at the Business Office are not, in themselves, tickets to the individual performances, says Dr. Walther Volbach, professor of speech-drama.

Persons holding season tickets should come to the box office several days in advance of the performance they wish to attend and, upon presentation of the season ticket, receive a reserved seat ticket for the desired performance.
