Mr. Amon G. Carter,
Fort Worth, Texas.

Dear Golf friend:

Something over four years ago at Fort Worth you had charge of the Calcutta Pool Sale. You handled this proposition so delightfully and with such good results that I absolutely fell in love with you - in other words "love at first sight."

A little later at the Houston tournament I met you on the Club House gallery and laughingly said they surely needed you to sell those tickets. Later in the evening I met you with some friends in the elevator of the Rice Hotel and though you did not know me by name, or my friends, you were very cordial - I was in a hurry as my wife was waiting for me upstairs and I could not accept the invitation to keep on riding on the elevator. We had dinner in the main dining room and you had the table next to us - my wife looked real well, I thought, and it is possible you doubted if it were true -- however, be that as it may, I've been very happy to note your success in your line of work, as well as a public spirited citizen of Fort Worth and Texas. The point is, I consider you within your rights in cheering for a real football team as well as the bright young Attorney, Dan Moody. Furthermore, so far as I know there can not truthfully be said anything against your honesty and integrity.

I'm in love with you and want you to know it. I noticed yesterday an old battered Ford car ahead of me, on the back of which in large chalk letters were the words, "PARDON ME, MADDID." So forget and forgive this effusion, but we are all human, are we not?

Sincerely yours,

P.S. - Ask our mutual friend, Ben Keith, about me. In the words of my three year old grandson - (the finest little fellow in the world?) I love him a "whole bunch".

P.S.#2. Have just read your reply to Governor Jim and it is a "dandy". Stay in there and pitch - we are with you.
