Too High Schoolish? Students to Blame. Congratulations. T. C. U. Co-operative.

By RUTH CONNOR President Dramatic Club

(Editor's Note: This column is written each week by different students or faculty members who are asked to present their viewpoints on any subjects which they see fit.)

A favorite complaint about our school is, "T. C. U. it too much like a high school." The people who say such things are very unfair; they do not give T. C. U. a chance. First of all, they come to classes and then race home, much in the high school manner, and never come to school dances, club meetings, lectures or participate in any other way in campus life. Secondly, they are not careful to express themselves as college students should. They do not realize that no matter how much they know of economics, physics or history their learning is of no value unless well expressed.

We must talk as university students if we wish to convince others that our B. A. degree is well deserved. If you find that people are not properly impressed when you say, "I am a university student," do not blame the school. If you do not conduct yourself as a college student should, you can not expect those people to be impressed.

We get out of college just as much as we put into it (shades of a freshman pep talk, but true just the same). Then if college students act like high school children, the school will be forced to treat them as such.

The student body is deeply indebted to the Student Council and to The Skiff for "keeping the machinery going." The council members work hard-making contacts with other universities and with our faculty-and are highly regarded by other student governments. Just last week a member of our Council was elected president of the Texas Student Government Conference.

It is through The Skiff that the feelings of the students are expressed; The Skiff "fights our battles" for us and very often wins them. And so, council members and Skiff staff, I salute you!

While I am in a congratulatory mood, let me say that much credit is due the people who "can take it." Boys who perform feats on the gridiron, the court or the diamond are "razed" steadily by their teammates and classmates; the complimentary phrases of sports writers or enthusiastic fans are turned into words of "horror" for the victim who must grin and bear it.

Catch phrases such as "3-point", "Iron Man", "60-Minute" or "3-Strike" are yelled across the campus at a much embarrassed young man. He is asked, "Are you the great... who stopped J. S. U. at the goal line?" "Are you the man who threw 2000 or was it 3000 passes?" The victim must shrug his shoulders and say, "I wasn't even there," if he wants to escape the good-natured kidding.

A transfer student said to me the other day, "This is the most co-operative school I ever saw." She proved it, too, when she talked of the girls in the registrar's office, who are always glad to help you find your best girl friend or the boy who borrowed your math book; the switchboard operators, who will attempt to answer any question you care to ask, and the business office employees, who make the parting from tuition and other fees as painless as possible.

I suppose I am co-operating by writing this column, and I am sure that the spirit of co-operation is strong in you or you would never have read past the by-line. So won't you co-operate further and not hold it against The Skiff for printing this feeble attempt-and please be convinced that T. C. U. is the best school anywhere?

Next Wednesday at noon, the day on which the picture, "Collegiate," starring Joe Penner and Jack Oakie, opens at the Parkway, will be the deadline for handing in entries to the contest.

The definitions may be submitted at the journalism office in Brite College, at the office of The Skiff, to Prof. J. Willard Ridings or to Raymond Michero, who will act as judges in the contest.

Winners of the definition contest will be published in next week's issue of The Skiff.

Today's Problems Are the Worst

Gov. Philip F. La Follette of Wisconsin, in an address before the first Texas Student Government Conference at Austin last Friday night, told of overhearing a statement made by his father, the late Senator Bob La Follette, famous for his fighting political tactics.

Queried concerning the hardships and political insults which he endured and the important decisions which he had to make during some of his fiercest and most bitter political battles, the famous senator said:

"They were bitter battles and oftentimes were very disheartening, but those days were never as bad as the days when, as a student in college, trying to get a start in life, I walked the floor for hours at a time, with fists clenched so tightly that my fingernails cut into my palms until the blood came. Those were the most trying days of my life, when anxiously and almost in desperation I wondered what was going to become of me and what was going to happen next."

Coming from a person who probably ran the gamut of trying experiences and heart-rending ordeals to reach the heights of success, this statement should lend encouragement to the college student who finds himself uncertain as to his future.

In these words is embodied the assurance that, although the going may be hard and the way rough, the trials of the future will be no harder than the present.

But quoting Gov. La Follette—"The way you meet your problems today will determine how you will meet what the world will call the greater problems later on."

Attend Intramural Open House

Intramural Open House is to be held tonight. Are you going to attend?

There are students in the University who don't know what you are talking about when you say something about intramural sports. If you want to know just what intramural sports are like, attend the Open House tonight.

Prof. Thomas Prouse is director of intramural sports in the University and The Skiff thinks he is doing a fine job in this capacity.

Boxing, fencing, swimming, handball and many other sports are on schedule for tonight. The affair will be held in the Gymnasium. Let's make it a big event. Visit the Gymnasium tonight and see your fellow students in action for the various championships to be won and medals that are to be awarded.

Advantages of Attending A University

Just what are we going to college for? Why don't we quit and start looking for a job? Are we getting as much out of it as we are putting into it? Is it worth the price of tuition and living expense?

Many students in colleges the nation over are today asking these questions. Can you give a just and sensible answer?

Many advantages are to be gained from going to a college and getting a degree. Many companies are requiring their employees to have college degrees. We think college training is invaluable to the student who puts something into it. He is the student who will get the returns. Other colleges are attempting to estimate the value of an education and some of the aims to be accomplished by the student.

"Much of your benefit from college comes from your contacts made with fellow students. Endeavor to make the imprint of your personality indelible on them," said an editorial in the North Texas Agricultural College Shortorn.

"Modern education should have three chief aims: One aim is to fit the students to be at least explorers, even if not discoverers, in the fields of science and learning.

"A second is to fit them to be leaders in the field of action, leaders not only by their initiative and diligence, but also by the power and the habit of turning a full stream of thought and knowledge upon whatever work they have to do.

"A third is to give them the taste for and the habit of enjoying intellectual pleasures," says the Texas University Daily Texan. It also stressed that "There should be more emphasis on the social side of education—less on the question of earning the dollar."

"A college student is preparing for life—for living—with his objectives more clearly defined than ever before and should realize the importance of proper education. Good grades mean more than merely making the 'Roll'; they mean that one is being 'fair and square' to himself," says the T. W. C. Rambler.

Another advantage to be gained from going to college is that of being able to see two sides of all questions, although you disagree with your fellow man. Learn to ask questions and form your own opinion, but at the same time give the other fellow the same advantage. "To view both sides of any problem or question is not easy at all, but the knack or ability to take a broad attitude toward anything must be developed if one is to assume the education and culture that is his by right," says the Howard Payne Yellow Jacket.

"One of the greatest drawbacks to present-day society is the man who accepts readily and without question all views, opinions, and ideals of others. The natural result of such a process is a chaotic conglomeration of conflicting nonsense," says the Austin College Kangaroo.

OPEN FORUM

EDITOR'S NOTE: The opinions expressed in this column are the personal views of the writers and are not necessarily the policy of The Skiff. Students are invited to write to the Open Forum. Letters of more than 250 words are not accepted. Anonymous letters will not be published, but a writer's name will be withheld from publication if he so desires.

Dear Editor: Those who question the policy against smoking in the hallways are courteously reminded of some basic facts which, obviously, some have overlooked.

The Cabinet of the University observing the constantly growing tendency last year toward much smoking, considered the case and agreed quite clearly, both smokers and non-smokers, that such a condition is very detrimental from several angles.

The effect of smoking is not confined to the smoker himself. The fumes penetrate the entire building, and if unrestrained, would soon make the air heavy with it. This odor is objectionable to many, obnoxious to some, and even sickening to a few. It is often a source of objection and criticism by patrons and prospective patrons. Moreover, the smoker is not seriously inconvenienced by going to the smoking room.

Provision is made for a room for smoking in the building. Professors are left free to control their own offices. This does not question the personal habits of students, but asks them only to consider the comfort and welfare of the whole group in a spirit of self-control and courtesy.

These facts, duly considered, would suggest to men of gentlemanly inclinations to exercise due self-control without having to be controlled from without.

DEAN COLBY D. HALL

Dear Editor: The Horned Frog cagers with ease their race for the cellar position in the Southwest Conference. Of course that's not news to Frog fans. In fact, Frog fans really would rather not hear any more about it.

Here in Texas there is a basketball team which has won 60 consecutive games. This team, as probably every one knows, is John Tarleton's quintet. But did you ever stop to think that all the members of this fine club are seniors at a junior college and will be eligible for varsity competition in the Southwest Conference next season? If playing as a unit for any school, they would probably continue their winning streak, which has included victories over some excellent teams.

Why couldn't this winning streak be continued under the purple and white banner? A school with the national athletic prominence we enjoy should certainly have a special coach for basketball. Our coaches have too much to do. I propose that T. C. U. add to its athletic staff for 1936-37 W. J. Wisdom, the man who has been turning out fine teams at Tarleton for years.

Why can't we continue this 60 game winning streak? We have some fine basketball material coming up which, strengthened by those consistent John Tarleton winners, and they would follow their coach, would perhaps make T. C. U. national champions in two sports instead of one.

This move would more than repay T. C. U. the cost of adding another coach. As evidenced by Tarleton's crowds this season and old time crowds here when the Frogs were in the running in basketball, winning teams would fill the coffers enough to pay his salary and put basketball back on the paying basis. In addition, T. C. U. would be strengthened in other sports besides basketball for many other Tarleton athletes would follow their friends.

Why not continue this 60 game winning streak at T. C. U.?
A Sports Fan.

Dear Editor: I have been told that certain of the faculty members think student trips are a lot of hokey. Maybe some of them are, but the University has received more publicity through trips made by the athletic teams, the band, the Men's Glee Club, the Journalism groups, the debaters, the International Relations Club, the Dramatic Club and others, than all the paid advertising and field managers the school ever had.

The attitude of some faculty members—that no student with more than three (or it may be some other figure) cuts can make an "A"—is absurd. The students who make trips should be required to do all of the class work, the same as any other student. But when a student makes straight "A" grades on all examinations, reports, laboratory work, etc.,

Dear Editor: Well, M. E. G., you asked for it. Anyone who is so narrow minded as to gripe about having to walk a few extra steps to get a copy of The Skiff—a paper which takes the department of journalism a week to get out—can offer no criticism that anyone would care to hear.

If the only thing that you can name as wrong with the publication of the paper is the slight delay on some Fridays, then I think I'd keep it to myself!

Take those biased glasses off your nose, M. E. G., and try to change the petty inconveniences of your Friday mornings for a willingness to cooperate with your fellow students!

Dear Editor: I would like to pay honor to a club on T. C. U.'s campus which has played a vital part in the social and physical life of every girl who has been an active and true member to it. I am speaking of the W. A. A., with a larger enrollment than any other club. The W. A. A. has just finished a very successful fall season with 115 members.

The W. A. A. offers every girl in school the opportunity to have beauty, health and sportsmanship. Beauty because she has the initiative to get out in the open and play tennis, golf and many other sports. Health because it is the prime factor to charm, beauty and popularity. Sportsmanship because it teaches girls how to get along with others and to play the game fair and square.

The slogans of the W. A. A. are "Play for play's sake" and "A sport for every girl in T. C. U."

This month the W. A. A.'s big event is to be a carnival. It is to be a gala affair and much work is now being done to make it one of the biggest things ever put on the campus.

Every club in school will be invited to have a booth to advertise its club as well as bring in a few nickles. It is sincerely meant when I say that we hope everyone will stick together and help to put over a grand idea.

A W. A. A. Member.

Dear Editor: The several organizations on this campus have been formed with fundamental ideals in mind; that is, each club has been organized with some definite program. This has been the general policy of the clubs on the campus of T. C. U., yet we have noted one outstanding exception to this precedent, namely the Young Democrats, or now called Progressive Democrats.

Of course, we realize that if their platform and ideals change as rapidly as their name has, we cannot expect them to draw up and stand on a definite platform, because they, in reality, have no definite and basic ideas, hence no purpose and can set forth no issues of importance.

We challenge these young "un-thinking radicals" to stand forth on

Dean Hall Whistles "I Need Rhythm in My Nursery Rimes"

JO BETH HANSEN danced with some fellow, his name she refused to disclose, and said she didn't like the brewery-house breath he had...

It was a long line OF GIRLS who waited in the CHECK LINE at the dance Saturday night... DR. HEWATT and WIFE are two swell sponsors for any ole dance... they seem to have as much fun as the other students...

ALONG SHOW ROW

By RAYMOND MICHERO

Dan Gould, assistant manager of the Parkway, will go "Collegiate" in a big way when that picture comes to his theater for a three-day run next week by setting Friday night aside as a special T. C. U. night. Popularity candidates for this year's Horned Frog and members of the staff of The Skiff will be the theater's guests for the evening. Joe Penner, Jack Oakie, Frances Langford and Betty Grable have the leads in the picture, which will start Wednesday.

The Parkway tomorrow will bring in a snappy picture with a screwy but entertaining plot. It is "Remember Last Night," with Edward Arnold, Robert Young, Sally Eilers and Constance Cummings. "The Gilded Lily," with Claudette Colbert and Fred MacMurray, will run Sunday and Monday. Ginger Rogers in "In Person" will be Tuesday's attraction.

The Dionne Quintuplets will be featured in their first full-length picture starting tomorrow at the Worth. It is "The Country Doctor." Jean Herdahl plays the part of the doctor. 25 Frog Tooters Blow Home Happy Band Men Tired After 3-Day March Thru South Texas.

Twenty-five weary but happy Horned Frog horn tooters returned to Fort Worth at 6:15 p. m. last Saturday evening after an extensive three-day march through South Texas, inviting everyone to the Southwestern Exposition and Fat Stock Show.

Their feet were tired from 36 parades in three days, but the band men had strength enough to walk up to Don Gillis, who directed the musicians on the trip, passing out each member's share of a purse contributed by the Rotarians.

Clyde Bernard "Bugel Ann" Gibbs, Herschel "Piccolo" Gibbs, Charles "Gigolo" Oswald and James "Horn Tooter" Petty decided at Thornton, however, to leave the train and ride with several girls, including Miss Joe Ann Stubbs, a cousin of Miss Helen Stubbs, to Kosse.

The citizens of Kosse saw only 21 Frogs in action, as the four disciples of motor transport arrived after the parade and just as the train was pulling out. Miss Stubbs' car had run out of gas.

Thursday and Friday nights were spent at the Rice Hotel in Houston and at the Guter Hotel in San Antonio.

Horned Frog members were sweetened at Sugarland and were conducted on a special trip through Randolph Field.

SHORTY SPORTS PLANTS

By CARL MAXWELL

Dot Luyster kinda double-crossed me last week. She had been hounding me for a long time to let her write this column about girls' sports, and I promised I would if she wouldn't write it too good and show me up. She didn't stick to the bargain; now I'm going to have a tough time of the rest of the year coming up to the standard.

T. C. U. has been to the heights and the depths already this year in an athletic way. During the football season it just seemed we couldn't lose one until them darn Mustangs came along. And it's still the opinion of most experts that the Frogs were tops in the U. S. Incidentally, the Sunday morning quarterbacks that hang around cigar stores really got out some rumors why T. C. U. lost the game. Most of them are foolish concoctions—one was radical enough to have a prominent Fort Worth oil man who was a Mustang roofer buy a player to throw the game. Of course, the guy who cooked this one up didn't take into consideration that buying one man wouldn't cripple the team.

Anyone who saw the game, especially the last half, would realize that such a story was impossible.

The depths have been reached in the cage campaign. The Frogs are out of the cellar class; they're miners. It's hard to place the blame for the disastrous season. Probably no one person is at fault. Bill Crass' line plunging in the Sugar Bowl was one thing that ruined our basketball season. Clifton Cowan and Willie Walls tried their best, but they just weren't tall enough for the rest of the elongated pivot men. If Darrell Lester could have played, we might have had a fairly successful season. Anyway, watch out next year, Arkansas, Texas, Rice and all the rest, for the Frogs don't lose a man off this year's team. Plenty of good freshmen are coming up, and "Slim" Mabry will be eligible.

Spring football will close this afternoon. The muleskins will be hung up until early in September. Won't know how the experiments undertaken by Dutch and Bear will come out until then. Cotton Harrison has been changed over to right guard to take place of Tracy Kellow. Solon Holt has been running in Cotton's old position. Ki Aldrich is still working at the fullback hole, but Donkey Roberts probably will be the starter next fall and may play most of the time if he takes on some weight. Donkey is no lightweight now, even if he dots look mighty slim—he weighs 180 already. Tillie Mantion just weighed five or ten pounds more.

Spring is a busier season than fall even if activity does seem less. In a few weeks three sports will be going at full speed. Baseball, track and tennis are due to open up. Baseball practice started Monday with a sizeable turnout for uniforms, but six or seven boys were away on a basketball trip. Nothing stands in the way of baseball, with spring football ending today, and the basketball squad ended its season Wednesday.

Coach Puss Clark hasn't had any applications for that pole-vaulting job on the track team that is wide open. T. C. U. is due to have the best season on the cinder paths in years, and here is a good chance for someone to earn a letter. Pole-vaulting isn't stressed so much in the Southwest—it doesn't take much height to win a place on the varsity.

T. C. U. has two potential conference champs in Pass Erwin and Pat Clifford. Puss can really toss the shot. He threw it farther than any one in the conference last year—and did it on one good leg. Clifford broad-jumped farther than anyone in the Stock Show Meet last spring.

Two Frog runners ought to be right there in the money at the finish of the 100 and 220-yard dashes too. Rex Clark and Clifford are plenty speedy.

Miss Johnnie Mae Donohoe spent the week-end at her home in Grandview.

Meyermen Beat Mustang Cagers 33-29 In Dallas

Frogs Finish Season in Cellar, Winning 2, Losing 10.

S.M.U. Victim Twice

T. C. U. Team Loses to Aggies And Rice In South Texas Jaunt.

T. C. U. upset the dope bucket Wednesday night at Dallas by out-pointing the S. M. U. cagers, 33 to 29. Another unusual feature of the outcome is that this is the first time the Frogs have defeated the Ponies on the Dallas court in 10 years. The Mustangs have come out on top on their own floor, several times by one point, for the last decade.

The Frogs finished the season in the cellar with 10 losses and two victories for a percentage of .197. S. M. U. served as the victims for both the T. C. U. triumphs—the first and last games of the season for both clubs.

Coach Meyer left his starting line-up in the game all the way, but S. M. U. had numerous substitutions in an effort to turn back the Frogs. The Mustangs led at the rest period, 21 to 16.

Clifton Cowan, sophomore center, led the scorers with six field goals for 12 points. Every Frog contributed at least a field goal to the total. Capt. Haren led the Ponies with 10 points.

This is one of the few games that no T. C. U. man has fouled out. The Meyermen were busy this week on three fronts. They lost a heartbreaker by one point to the Aggies Saturday night in College Station and were swamped by the Rice Owls Monday night in Houston before coming through to beat the Mustangs Wednesday night.

The box score at Dallas: T. C. U. 33, S. M. U. 29. Walls, f, 10; Tipton, f, 10; Roach, f, 6; Blanton, f, 3; Seam, g, 2; Haren, g, 4; Baugh, g, 2. S. M. U. Tipton, f, 10; Gilbert, f, 0; Blanton, f, 3; Haren, g, 4; Bellamy, g, 2; Orr, g, 0; Ranaport, g, 0. Totals: T. C. U. 33, S. M. U. 29. Three Throws Missed—Roach, Cowan, Seam. Fouls—Walls, Roach, Cowan, Seam, Baugh, Blanton, Haren, Bellamy, Orr, Ranaport. Half-Time Score—Southern Methodist 21, Texas Christian 14. Officials—Seam (Kentucky), Curtis (Texas).

Colts Beat Wogs In Season's Final

"A bad beginning is a good ending," hope the members of the freshman basketball team that lost to S. M. U. Wednesday night by the score of 53 to 22.

The freshman team lost the first and last games of the season to S. M. U., while the Varsity won its first and last games from S. M. U. Norton of the Colts was high-point man for the evening, collecting 15 points. Hensch, Wog center, led the losers with seven tallies.

The Freshmen closed their season with a .500 average, having won four games and lost four.

W. A. A. Carnival To Be March 21

A carnival will be given March 21 by the W. A. A. in the Basketball Gymnasium. The features of it will be booths representing the different organizations of the campus, dancing, fortune telling and refreshments. Miss Wynelle Moxley is in charge of arrangements, assisted by Misses Clemence Clark, Helen Adams, Mary Frances, Hutton and Mary Elizabeth McConnell.

Hutton Writes for Lookout "Texas Disciples of Christ Celebrate," an article by Registrar S. W. Hutton, is in the March 8 issue of the Lookout. The article contains a picture of the T. C. U. Bible students. On the cover of the magazine there is a picture of the Brite College of the Bible.

Seniors Defeat Sophs 26-23 to Take Title

4th-Year Men to Play Outlaws Tonight for Championship of Campus.

FINAL "A" LEAGUE STANDING

Seniors	Won	Lost	Pct.
Seniors	5	1	.833
Sophomores	2	2	.500
Freshmen	0	4	.000
Juniors	0	4	.000

The Seniors won the "A" League title and the right to play the Outlaws tonight for the campus championship by defeating the Sophomores 26 to 23 Wednesday night in an extra game to break the tie which was maintained Monday when both teams won their last scheduled games. The Seniors won over the Freshmen by a forfeit, and the Sophs defeated the Juniors by 24 to 18.

The title game was one of the roughest of the season, Don McLellan and Vic Montgomery being ejected for fighting. Both teams played part of the time with only four men.

The Sophomores led at the half by 4 to 0. But the Seniors opened the second half, took the lead and managed to hold it to the end of the game.

Tracy Kellow, Senior, and Bull Rogers, Sophomore, led the point-making with 10 each.

Spring Football Proves Success

Prospects Bright for Great Frog Squad Next Season.

Spring football closes after this afternoon's workout. The drills have been the most successful in several years. The coaches have been working a skeleton line-up from the men able to work. Most of the regular ends have been busy with basketball and were not available for grid duty. Sam Baugh, Aubrey Linne, Pat Clifford and Vernon Brown were also in this group.

Allie White, up from the frosh, and Drew Ellis, two-year letter man, will hold down the tackle assignments next year if spring practice is any indication of the future. In back of these two will be I. B. Hale, giant from Dallas, and Linne, sophomore star of the past season.

Harrison Changed to Left Guard. One of the major experiments of Coach Bear Wolf comes at the guard hole. Cotton Harrison, regular left guard for two years, has been changed over to the other side of the line to take the place vacated by the veteran Tracy Kellow. Solon Holt, handy man of the line, is running at the other position.

Jack Tittle, who lettered at the center position last fall, gives promise that he will be the starter there next season.

Five Baseballers Report to Wolf

Lester, Hudson, King Out for Pitching Department.

Pitchers and catchers greeted baseball coach Bear Wolf when he issued uniforms Monday afternoon. The rest of the prospective baseballers were tied up with basketball and other activities, but the stragglers reported for duty yesterday afternoon.

Lawrence "Red" King, who had some experience as a hurler on the freshman nine last year, reported and is expected to add some strength to the pitching department.

Tracy Kellow, catcher who backed up Capt. Jimmy Lawrence last spring, is not expected to come out. Elmer Seybold is another experienced receiver.

Those who reported Monday were Darrell Lester and Bill Hudson, experienced pitchers, King, Seybold and Capt. Lawrence.

Coach Wolf has scheduled no definite practice games, but will arrange several in the near future.

Dr. Score Addresses B. C. B.

Dr. J. N. R. Score, pastor of the First Methodist Church, spoke last night at a meeting of the B. C. B. Club.

The worry for the Frog coaches. They have Sam Baugh left to build a unit around, and there are letter men for every position, but it will be hard to replace the quartet that capered across the Southwest gridirons in 1935. Glenn "Donkey" Roberts, two-year letter man at fullback, will probably start at that hole when T. C. U. opens its 1936 campaign. Behind him are Linnon Blackmon, Ki Aldrich and Horace Carswell.

At halfbacks, "Dutch" Meyer has letter men two deep and plenty of good prospects up from Howard Grubbs' freshman team. Bob Harrell at left half and Vic Montgomery at right seem the best bets in experience and ability now. One boy, Pat Clifford, will be playing his first varsity ball next fall and is slated to burn up gridirons with speed. He is the fastest man to don a T. C. U. uniform since the days of Cy Leland and Red Oliver.

To Attend I. R. C. Forum

Miss Lorraine O'Gorman, Miss Imogene Townsley and J. B. Trimble, officers of the International Relations Club, will attend a public international forum Tuesday and Wednesday which is to be held on the Southern Methodist University campus.

A LIGHT SMOKE

OF RICH, RIPE-BODIED TOBACCO

All kinds of people choose Luckies, each for reasons of his own. But everyone agrees that Luckies are A Light Smoke of rich, ripe-bodied tobacco. It is a rather surprising fact that the leaves of the same tobacco plant may vary far more than the leaves from plants of quite different types. Chemical analysis shows that the top leaves contain excess alkalies which tend to give a harsh, alkaline taste. The bottom leaves tend to acidity in the smoke. It is only the center leaves which approach in nature the most palatable, acid-alkaline balance. In Lucky Strike Cigarettes, the center leaves are used.

Business Students Crown Mildred Patton as Queen

BY ROSEMARY COLLYER

Miss Mildred Patton was crowned "queen" of the business administration department last night at the annual banquet at the Blackstone Hotel. Miss Patton is classified as a sophomore on the campus. She transferred from the University of Texas.

Miss Patton made her debut this season at the Steeple Chase Ball. While a student at Texas she had several beauty pages in the Longhorn annual and was president of one of the most prominent sororities on the campus.

This "Queen of 1936" was crowned with a crown of Christmas seals, cigar bands, chewing gum wrappers and stamps of foreign countries.

The program, which is the reason so many who are not in the department come to the annual banquet, was highly entertaining. C. H. Boyd acted as "roastmaster" and had as his "dirt" committee: Waller Moody, Raymond Michero, Charley Weissenborn, Blakeney Sanders, Tom Pickett, Paul Snow, Ned James, Burl Alexander and Lawrence King.

The rest of the program consisted of a dance by Miss Mary Frances Roberson; several accordion and piano selections; and Miss Sharrri Kaye, featured singer with Jack Winton's orchestra, who later played for the dance.

The favors consisted of samples of chewing gum, white shoe polish, cosmetics, balloons, cough drops, key rings, tissue paper, candy, bridge talies and rules, and Fritos.

James Swope was told that the banquet was to be formal for the boys and as a result was the only one present in a tuxedo. A dozen stags had to sit facing the wall.

As usual, a liberal amount of dirt was given out, much to the chagrin of those whom it concerned chiefly. Incidentally this is one time when no one escaped, including some of those present who were not in the department.

A singsong opened the banquet, led by C. H. Boyd, who performed all of the necessary introductions for the affair.

Approximately 125 attended the banquet and dance.

Ruth Is Thrilled Most at Playing With Symphony

In all the 19 years of Miss Ruth Duncan's life she has never been more excited than she was last Sunday when she played with the Fort Worth Symphony Orchestra in her first symphony concert.

Ruth began taking piano lessons when she was 4 years old and began her violin study the next year. At the age of 13 she won the State Federated Music contest in the violin division.

A district violin contest was won when she was 16 years old, and the next year she won the district voice contest.

Besides playing the violin and piano, Ruth plays a French horn, drum, xylophone and organ. She is also one of the few people who has perfect pitch.

Ruth is the first girl to play in the T. C. U. Band. She does not march with the band, but she plays with the concert band. She was drum major of her high school band.

Swimming is her favorite sport. She is from Mission, which is in the Rio Grande Valley. At home she swims the year round. She likes nothing better than Mexican food. This winter she saw her first snow.

She has just finished setting several old English ballads to music. When she played her compositions for Sigmund Spaeth he told her that she had been listening to gypsy music and that she had unusual musical ability.

New Pews Installed In University Church

Dedicatory Services for New Weathered Oak Seats to Be Sunday.

Sunday morning services at the University Christian Church will be devoted to the dedicatory services for the new pews that have been installed this week. The sermon, the third in a series being delivered by the Rev. Perry E. Gresham on the relation of religion to the deepest human desires, will be "Religion and Sympathy."

The pews, whose simplicity and dignity correspond to the interior of the church, are of weathered oak and will be cushioned with frieze mohair. The church will be one of the few in this section to have cushioned seats, "symbolic of general disagreement to the Puritan idea that discomfort is conducive to piety," according to the Rev. Gresham.

Offeratory plates made of the same wood as the pews and lined with the material of the cushions have been donated by Mrs. H. C. Burke, in memory of her grandmother, Mrs. M. Daniel.

The pews have been made possible by contributions made from time to
