

Sherman Texas
Sept. 19, 1961

Dear Sir:

I have been reading in the Sherman Democrat of your desire to obtain some Meteorites. Last Thursday I was in a doctor's office at Bonham, three ladies (all from Bonham) were discussing the meteor phenomena, and they all said pieces of it had been found on the Brannum or Brankom place north of Bonham. I thought you might like to know this.

Yours truly,
MRS. NOBLE BLAXEY
