

SECRETARY OF THE ARMY
WASHINGTON

12 October 1951

Dear Amon:

I find it difficult to express adequately my sincere appreciation for your generous hospitality during my recent visit to Fort Worth. It would have been impossible for you to have entertained me more graciously.

I thoroughly enjoyed meeting Mrs. Carter, Amon, Jr., Ruth and J. Lee, as well as your many distinguished friends. The dinner, which you and Mrs. Carter gave in my honor, was really delightful, and I am sure that I have never met a more accomplished or more charming hostess than your lovely wife.

I was tremendously impressed with the Amon G. Carter Airport. It will be a magnificent facility when it is completed and, in my opinion, symbolizes your progressive and vigorous attitude and broad vision in the development of the Southwest.

In closing, may I again express my sincere appreciation for the many things you did in making my visit to Fort Worth so completely enjoyable.

With warm personal regards, I am

Sincerely,

A handwritten signature in blue ink that reads "Frank".
