

Dear Member:

Enclosed you will please find your "duration wings emblem". You will note that the emblem is rather fragile, being made of plastic. Because of our inability to obtain the metal or sterling silver emblems we cannot supply the more durable ones until the priority is lifted. Additional plastic emblems may be obtained by enclosing 25¢ and mailing request to headquarters.

This "decal" on your car or plane advertises your aviation interest and identifies you as a member of the air-minded fraternity. Directions for application are on the back of the decal. Additional decals, 5c each for 50 or more, 10c each for less than 50.

 From time to time in the pages of *National Aeronautics*, N A A's official magazine, photographs of new and renewing members appear. National Headquarters would appreciate your providing a photograph and thumb-nail sketch for possible future publication in your magazine.

 **SPECIAL SUBSCRIPTION RATES TO AVIATION PUBLICATIONS:** N A A, through a co-operative plan with leading aviation magazines, offers members the opportunity to subscribe to aeronautical journals at substantially reduced rates. For details consult *National Aeronautics*.
