

Trying to 'look the part' . . .

... are Jack Graf, Pat Whelan, Jimmy Suggs and Ellis Amburn, left to right, who were elected without opposition to the four top student body offices this week. Graf will be vice-president; Whelan, president; Suggs, Horned Frog editor; and Amburn, The Skiff editor next year.

TCU Is Host Tomorrow For SWC Debate Team

TCU debaters, including a team which won high honors at the National Pi Kappa Delta tournament last week in Kalamazoo, Mich., will be host here tomorrow for the third annual Southwest Conference debate tournament.

All SWC schools will be represented except Rice and Arkansas.

First round of debating will begin at 10 a.m. in the Little Theater. The public is invited.

Championship round will be held at 4 p.m. Each school will enter one affirmative and one negative team.

Attempting to return the championship to TCU, Paige Mulholland and Ted Jackson will compose the affirmative team.

TCU last won the crown in 1951. Miss Ramona Maher and Neil Lindley will uphold the negative side of the FEPC question.

At the Pi Kappa Delta event, Mulholland and Jackson won six out of eight rounds over Augustana College, Ottawa University, Pittsburgh State, California Tech, Hiram College and Appalachian College.

They lost to Wake Forest and Pudget Sound College.

Jackson was one of six students at the tournament awarded superior rating in oratory. He was ranked no lower than third in four rounds of speaking.

After the preliminary round at 10 a.m. tomorrow, the second round will begin at 11:15 a.m., followed by round three at 1:30 p.m.

Upper-Class Prom To Be Held May 1

The annual all-school Junior-Senior Prom will be held Friday, May 1, at the Hilton Hotel, Bart Rominger, president of the junior class, announced.

Until the Colonial Country Club was destroyed by fire Thursday, the dance was to be held there.

Tickets will go on sale Monday, April 27, in the Student Lounge and will be \$1.50 stag or drag, same price at the door.

The all-school dance will be a semi-formal affair with the dance music of either Curly Broiles or Fletcher Hereford orchestras.

Awards will be presented to the "outstanding man and woman" of the senior class of 1953, selected by officers of the junior class on the basis of service.

Deferment Test Set for Thursday

The spring draft deferment test will be given at 8:15 a.m. Thursday in Bldg. 8, says Dean C. J. Firkins.

More than 50 persons are expected to take the three-hour test. Each must have a card of permission from his local draft board, as well as his selective service certificate and number.

and round four at 2:45 p.m. Nine TCU debaters and orators have been invited to join Pi Kappa Delta, national honorary fraternity in forensics.

They are Jackson, Mulholland, Harry Lee, Neil Lindley and Art Pecorillo, and Misses Maher, Judy Moritz, Ellen Rotsch and Ann Fowler.

Was Merchant In on Raid, Boy Wonders

Scene — downtown department store.

Lady and ten-year-old son approach impeccably attired male clerk.

Clerk beams. Boy beams back, then eyes the well-stocked lingerie display.

Boy says, "Gee, mom, this guy must have done okay out at TCU the other night!"

Oh well, some days are just like that.

Summer School Pre-Counseling Will Be May 1-6

Pre-counseling for summer school has been scheduled for May 1-6. Names of counselors for freshman and sophomores can be obtained in the office of Dean Thomas F. Richardson; for juniors and seniors, from heads of departments or deans.

Pre-registration will follow on May 7-8. Students may register for a full 12 weeks. Those who pre-register may start their vacations June 1 and attend their first classes June 9.

Seniors Must Order Invitations, Cards By Next Thursday

Graduating seniors may order commencement invitations in the Book Store beginning Monday, said Kelly Shryloc of the Schmidt Engraving Company of Waco. Deadline for orders is Thursday.

Prices are 14 cents each for "French fold" invitations, (similar to a wedding invitation), 30 cents each for the invitations which include all graduates' names and several campus pictures, and 75 cents each for the purple leather bound souvenir invitation. Delivery will be two weeks before commencement, Sunday, May 31.

The Book Store requires a 50 per cent deposit on orders. Personalized cards also may be ordered at 100 cards for \$3.50.

Caps and gowns must be ordered from the business office at a rental of \$2.50 each. Graduates also must pay a \$10 degree fee.

Amendment Ratified

Runoff, Recount To Settle Races

Votes in the male cheerleader race will be recounted.

Jimmy Roddey, March Coffield and Misses Bobbie Lou Gibson, Minnie Lampson and Mary Carlson won clearly in the scramble for six cheerleader positions.

But unofficial totals Wednesday showed that Jim McCord won over Gene Clack for the third male spot by only four votes.

John Quick, chief justice of the Student Court, says Clack asked for a recount because of the close count.

A runoff from 8 a.m. to 2 p.m. Wednesday will determine School of Fine Arts representation on next year's Student Congress.

Miss Sue Wheeler and Richard Clifton both received 57 votes for the number two post in the Fine Arts delegation.

Voting will be in the Fine Arts Building only.

Approximately 860 students voted this week, says Miss Frances Nowotny, chairman of congress' elections committee.

An amendment to the Student Association constitution making class presidents members of Student Congress was ratified 511 to 148.

Winner in the TCU Sweetheart election will not be announced until the Spring Formal May 14. The sweetheart and her court will be presented at the dance.

Two candidates in each of the congressional races won seats in next year's congress.

Candidates and the votes they drew Monday, Tuesday and Wednesday are as follows:

For president of the student body: Pat Whelan, 629; Hal Lambert, 34; Lambert was a write-in.

For vice-president of the student body: Jack Graf, 684.

For editor of The Skiff: Ellis Amburn, 684; Charles Puckett 7.

For editor of the Horned Frog: Jimmy Suggs, 679.

For senior class representative: Miss Patsy Cowden, 132; Gery Tharp, 115; Miss Dora Mae Turner, 113.

For junior class representative: Miss Daris Frost, 100; Miss Betty Sue Rollins, 77; Charles Whitson, 54; David Harlin, 50; Miss Shirley Wilson, 50.

For School of Business representative: Miss Ann Reed, 90; Bob Beals, 74; Miss Betty Jean Smith, 57.

For Arts and Sciences representative: Miss Marabeth Rollins, 100; Don Morgan, 85; Miss Jo Ann Tough, 79; Miss Pat Baxter, 42.

For School of Fine Arts representative: Miss Leona Gillette, 65; Richard Clifton, 57; Miss Sue Wheeler, 57; K. L. Miller, 34.

For cheerleader (women): Misses Bobbie Lou Gibson, 387; Minnie Lampson, 355; Mary Carlson, 338; Shiela Starks, 319; Ann Swearingen, 267; Pat Olsen, 260; Barbara Braznell, 184; Dorothy Arnim, 94; Mary Birkner, 85.

For cheerleader (men): Jimmy Roddey, 437; March Coffield, 394; Jim McCord, 344; Gene Clack, 340; Austin Bond, 306; Don Campbell, 178; Ralph Carr, 125; Tonny Foy, 99; Wayne Fant, 90.

Free Dance Tonight In Student Lounge

A record dance in the Student Lounge from 8 p.m. to 12 midnight today is free.

The lounge snack bar will be open until 11 p.m., says Bob Beals, congressman in charge of the dance.

Bob Sheets Announced 'Most Active Student'

Bob Sheets, Fort Worth junior, was announced as most active student this week by Mrs. Artemisia Bryson, chairman of the Faculty Committee on Student Societies.

Sheets has 22 points to lead the list for the year. He served as president of the orchestra, president of the Music Education National Conference, vice-president of the Choral Club, publicity chairman of the band and an Alpha Chi member.

Miss Doris Schneider, Houston junior, was second on the list with 21 points. She was treasurer of Mu Phi Epsilon and a member of the band, orchestra, A.C.E., Sociae, Presbyterian Student Association and Music Education National Conference.

Third was Ellis Amburn, Fort Worth junior, with 19 points. He served as vice-president of the J. Willard Ridings Press club, vice-president of Sigma Tau Delta, secretary of Student Congress, copy editor of the Horned Frog and a member of the Fallis Players.

Other students named were Miss Margaret Lindsey, Royalty junior, 18 points; David Allred, Corpus Christi sophomore, 17 points; Neil Housewright, Fort Worth senior, 17 points; and Rob Reynolds, Carlsbad, N. M., senior, 17 points.

Forty-five organizations turned in reports this year, Mrs. Bryson said.

Allred is the only student named this year who was on last year's list.

Only nine students were named to this year's 'Most Active' list, since five students tied for the tenth spot.

Blood Drive May Begin On May 4

The annual Red Cross Blood Drive on the campus has been tentatively scheduled for the week of May 4, Jack Horton, Chamber of Commerce president said.

In the past the drive has been sponsored by the Chamber of Commerce, but this year it is to be an all-club affair, with representatives from the majority of the campus organizations assisting.

George Soutanian, chairman of the 1952 drive, said 73 pints were given in the first donation and 31 in the second effort last year.

"This is far below the Red Cross's expectation of TCU," said Soutanian.

Breg, Bash to Address Seniors

Graduation Speakers Named

Roy Breg of Washington, D. C., executive secretary of Allied Youth Inc., will give the commencement address at 8 p.m., May 31.

The Rev. Lawrence Bash, pastor of the University Christian Church at Austin, will give the baccalaureate sermon the same day at 9:30 a.m. in Ed Landreth Auditorium.

For the first time commencement exercises will be held in TCU's Amon Carter Stadium.

The announcement that speakers had accepted formal invitations came this morning from Dr. M. E. Sadler.

Breg was born in St. Paul,

Minn., but attended public schools in Dallas. He became general secretary of the Texas Christian Endeavor from 1919-1923.

Later he served at director of religious education at City Temple in Dallas, was Southern secretary of the International Society of Christian Endeavor in Chattanooga and Atlanta, and became executive secretary of Allied Youth in 1931. In 1943, he was a Fellow at the Yale University School of Alcohol Studies.

Breg has contributed articles to the Journal of N.E.A., Christian Herald, Christian Science Monitor and other journals. He is publish-

er of the Allied Youth Magazine and has appeared before more than 1,250,000 students in 1800 high schools and colleges speaking on youth problems.

Breg makes his home in Washington, D. C., and his offices are in the Allied Youth Building there.

The Rev. Lawrence Bash is a graduate of Drake University. He was president of the International Christian Endeavor Society and served as an administrator in the United Christian Youth Movement. Mr. Bash spoke at TCU during Ministers' Week in February. He has been living in Austin for three years.

SU Project Awaits Completion of Plans

Members of the Student Union Building Committee looked at near-complete plans of the proposed student center last week and said they liked what they saw.

But student members of the committee—Ren Kent, Ellis Amburn, Irene Rountree and Jimmy Suggs—did not like the report from architect Preston Geren that the plans would not be ready for bidding construction firms until May 1.

In committee sessions earlier this semester there was speculation on a ground-breaking in April or May. Now Geren estimates that the earliest possible date for starting construction on the million-dollar project is the middle of June.

In his statement to Student Congress Monday, Kent said the delay has not been explained. He told congress the tardiness in completing the building plans might be because of inefficiency in some quarters or slow action on the part of a committee of the Board of Trustees empowered to "give the go-ahead."

According to Dr. Thomas F.

Students Term TCU Panty Raid 'Childishness'

Newspapers and radio stations in Fort Worth and elsewhere gave complete coverage last week to a half-hearted revival of the panty raid craze here.

Many students expressed disgust at what they termed "childishness" on the part of the 40 or 50 restless students who participated in the demonstrations on Wednesday and Thursday nights.

News coverage of the incidents pictured them as well-planned and full-scale panty raids of the style popular in 1952. Dr. Thomas F. Richardson, dean of students, says they were not.

The dean was more concerned about what he termed "sloppy reporting" of downtown papers than he was about the raids.

One paper quoted Dean Richardson without interviewing him. He supposedly told a reporter seven men were under probation because of their participation in the raid.

The violation for which the seven were put under probation was not associated with the mob activity, the dean said.

Richardson, chairman of the Student Union Building Committee, one member of the committee wants Porter Butts, expert on union building construction at the University of Wisconsin, to study the completed plans.

Butts' study would take at least a month and would postpone ground-breaking still more.

The present plans have been drawn up according to recommendations made by Butts in December.

Seven Jarvis Men Receive Probation

What started as a childish prank developed into a case for the welfare committee and probation for seven Jarvis Hall men last week.

The men against whom action was taken were among a group of dormitory residents who proposed starting a fire extinguisher battle in Goode Hall.

When a monitor intervened, the men threatened to put him in the showers. The monitor persisted. So did the fire extinguisher vandals.

According to Dr. Thomas F. Richardson, dean of students, they tried to "run roughshod over the monitor."

The welfare committee recommended disciplinary probation for seven.

Tracey, Yale Professor, To Teach Here Next Year

Dr. Joshua I. Tracey, nationally known teacher and author from Yale University, will serve as distinguished professor of mathematics here for the 1953-54 school year, President M. E. Sadler announced Monday.

Tentative plans call for Dr. Tracey to have four classes, three on elementary mathematics and a fourth for advanced students.

Dr. Tracey was graduated from Dickinson College and did graduate work at John Hopkins University, taking his Ph.D. in 1912.

The same year he became an instructor in mathematics at Yale

University, where he was made assistant professor in 1916 and associate professor in 1926. He was named a Fellow, Timothy Dwight College of Yale in 1936.

In 1945, Dr. Tracey was head of the mathematics branch at Biarritz American University in Biarritz, France. There he was associated with Prof. Charles M. Sherer, chairman of the TCU mathematics department.

Last year he retired from active teaching after 40 years of service and was made associate professor emeritus at Yale.

Writer Believes Three Dimension Movies Short Lived

By ELLIS AMBURN

The verdict on 3-D: good for tricks, bad on drama.

In Warner's "House of Wax," currently at a downtown theater, natural vision and stereophonic sound processes increase the effectiveness of tricks suitable to 3-D, but detract from straight scenes in which no monkey-business is involved.

Three-D is strictly a novelty—it has nothing to add to the dramatic worth of a picture. As novelty it is thrilling when it splashes water in your face, bounces balls, thrusts fists, spears and chairs at you and sends clouds of smoke floating out over the audience. (And wait until you see the 3-D belly dance in "House of Wax.")

But in scenes where characters talk and go through other normal actions, depth illusion is unnecessary and boring, and stereophonic sound becomes a major hindrance. Therefore, the sort of action upon which all good drama should be built is reduced in 3-D to an excuse for filling up film yardage between tricks.

We think 3-D will have a rather short life. Since it's not effective in drama, what will happen when it has exhausted its repertoire of special effects?

There definitely is evidence that it will be around for at least several years. Both "Bwana Devil" and "House of

Wax" are keeping folks away from TV sets.

Frank Lovejoy, one of the "House of Wax" stars who made personal appearances here Tuesday, told us backstage that he already had finished another 3-D for Warner's "The Charge at

Feather River," with Guy Madison.

Warner's "Natural Vision" is only one of at least nineteen 3-D and wide-screen processes which have been patented since the New York premiere of "Cinerama" last September.

Among the other variations, the

Columbia 4-Way Camera process

will be used in making "Miss Sadie Thompson," with Rita Hayworth. Columbia's 3-D films may be projected on both standard and wide screens.

The Rocky Marciano-Joe Walcott heavyweight championship

fight is to be photographed in

Stereo-Cine process. Paramount and Universal studios have not announced their 3-D plans, but both have applied for process patents.

RKO is using the Norling Camera, and MGM has invented Metro-

ARE YOU TOUGH ENOUGH FOR THIS JOB?

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer. OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.

EDITORIAL COMMENT

Student body officers elected this week are looking toward fall and dreaming great dreams.

We are eyeing the new office-holders and wondering what they will make of their opportunities.

Executive officers, congressmen, editors and cheerleaders have a summer ahead of them in which they can decide whether they will make their positions popularity posts or campus service offices.

We Chose Leaders!

To aid them in their thinking we want to remind them now that the recent elections were not popularity contests. Voters circled the names of leaders, not favorites or beauties.

After watching several sets of student leaders at work, we believe we are qualified to offer suggestions in regard to the activities of the new crop.

Student leaders, especially those in the government and in publications, perpetually clamor for more powers. Sometimes power becomes the end toward which they work.

We believe the best interests of the University will be served if students designated as next year's leaders work at improving student body activities and services and at readjusting the balance of power between the Administration and students.

Howdy Week, Ranch Week, Homecoming, Campus Chest, student body dances, Froggie spirit and campus conduct—these can be improved by a student government and student publications aware of and willing to assume their important places in University life.

Hear No Evil, See No Evil . . .

Last week Communist leaflets found their way to the campus.

On this page you see the value of such propaganda at a university. It has been read and analyzed for what it is worth.

But we won't be receiving any more to criticize. TCU has been removed from the mailing list—by request.

Do University officials believe that TCU students are not capable of reading and analyzing the propaganda without being indoctrinated by it? If they do hold such ideas, maybe it is the University that is falling down on the job by not stressing the worth of democracy and Christianity in our courses.

As a reason for taking TCU off this mailing list, the statement was made that students should be free to examine everything in a proper setting and the proper setting for this question would be a course where Communism is studied from a factual point of view.

We agree as far as the statement goes. But most of the students who received the literature were upperclassmen and have been taught in TCU classrooms to face problems of the world.

Can't we apply what we are learning to what happens in our daily life? If learning to think is not an integral part of our education here, then it is our courses and not our mail which needs looking into.

Summer School of Firsts

Air-conditioned comfort heads the list of "firsts" and advantages which the 1953 summer school session has to offer.

For the first time, relief from the soaring temperatures will be found, as there will be an air-conditioned room for every class.

Vacations can be taken for the first time between the end of the spring semester and the beginning of a summer school. Pre-registration privileges, offered for the first time, will enable a student to arrange his class schedule, pay his fees and purchase his books before leaving the campus at the close of the spring semester. This leaves a week's vacation from June 1 to 8.

In advertising summer school, two-color posters for display have been printed for the first time. Another "first" was scored when 5000 summer school bulletins were sent to teachers in a 150-mile area.

A schedule with full offerings will be of benefit to many ROTC cadets and working students. Courses which have been by-passed because of conflicting military classes and working hours can be taken.

The working student finds another advantage as all classes are dismissed by noon.

Many professors advise students to continue courses which involve memory processes without a lapse of the three month summer vacation. Students who study shorthand and those taking foreign languages find brief forms and verb endings are not so easily forgotten when daily classes are held.

Students will find that these "firsts" are to their advantage as they can take a vacation by pre-registering and still attend summer school.

'Big Lie' Technic Obscures Facts

Professor Analyzes Propaganda Contained in Communist Pamphlet

By DR. MARTINE EMERT

Associate Professor of Geography and History

(Fifth in a series of guest columns.)

The Southern Regional Committee of the Communist Party of the USA recently sent copies of a pamphlet entitled "The Southern People's Common Program for Democracy, Prosperity, and Peace" to certain faculty members and school organizations at TCU.

This pamphlet offers fascinating opportunity for the study of Communist propaganda. The ten points of the program represent goals acceptable to the majority of the people of the South.

The real inquiry centers on the extent to which the Communist Party itself adheres to these ten points; in other words, does this program represent the true workings of Communism, or is it just another example of the "Big Lie" technic so frequently followed by the Communists.

The first five points, quoted directly from the pamphlet, will be analyzed to show how they operate in the Communist controlled countries.

"(1) Toward genuinely representative and democratic rule."

Within the past few weeks two rulers of Communist countries have died and their successors have come to power with no pretense of either representative or democratic processes.

In Russia there was no meeting of the Supreme Soviet (Congress) from 1939 until 1952.

Communist countries have a single party, with no opposition permitted.

Obviously, the Communist Party

as it actually operates has given to its people neither representative nor democratic rule.

"(2) Restore to the Southern citizens the civil liberties of the US Constitution and insure their full extension to the Negro people."

No person in the Communist controlled countries has any civil liberties whatsoever. There is no freedom of speech, press or assembly. All means of communication—newspapers, magazines, text books, novels, radio, television, drama, and even music and art—are under the control of the Communist Party and are used solely as means of propaganda.

Secret Police may (and do) enter any man's home at any time of the day or night and take any member of the family to prison without a warrant or even a knowledge of his accuser or the crime of which he is accused—if any. Trial by jury is unknown.

Obviously, the Communist Party as it actually operates gives no civil liberties to anyone.

"(3) Protect and secure the rights of working men and women—white and Negro: To organize, to bargain collectively, to take strike action, to improve their living standards and working conditions . . ."

Strikes are not permitted in the Communist controlled countries. The last strike in Russia occurred in 1923 at Kronstadt, near Leningrad, where the workers were mowed down in cold blood with machine guns.

All workers must belong to unions which are in the complete control of the State and are used as instruments of coercion by the State.

Obviously, the Communist Party as it actually operates does not protect and secure the rights of working men and women.

"(4) Secure the right of the working farmers to own the land they till and to raise their living standard and cultural level."

A basic tenet of Communism is that the State should own all means of production and distribution.

No person in the Soviet Union can own any land. Collectivization of farms, in which each farm is operated by a group of families—the State owns the land—began in 1928.

In 1932-33 more than ten million people lost their lives in the Ukraine alone because they resisted forcible collectivization of the land.

At that time part of the land became State farms on which the workers are merely day laborers. In 1950 the State began the liquidation of the collective farms, combining them into huge State farms, depriving the farmers of even the small amount of interest in the land which they had had under the collectives and turning them all into day laborers.

Obviously the Communist Party as it actually operates does not secure the right of working farmers to own the land they till.

"(5) Protect the property and market rights of independent small business men and local industry against Wall Street trusts and banks."

As stated above, in Communist countries the State owns all means of production and distribution. In Russia small business and local industry was killed off long ago, and the process is nearing completion in the satellite states. All manufacturing, processing, buying, and selling is done by the State only.

Obviously, the Communist Party as it actually operates does not protect the property of small business men and local industry.

These examples could be continued, piling evidence upon evidence of the Big Lie technic. In comparing Communist promises with Communist performance one cannot help but be reminded of Lenin's instructions to his followers, found in his "Collected Works." He said that lying, cheating, double-crossing, assassination and mass murder were all legitimate instruments for the advancement of the Communist goal of world domination.

Letters to the Editor

Madame Editor:

Reading The Skiff last week, I was especially engrossed with the letters to the editor column. A man named Parker seems to have quite an idea there.

Yes, he had quite an idea. I do believe he neglected to think of a few things though. He forgot to say who would have the roller skate, pogo stick and bicycle concessions so people can get to class in the allotted seven minutes. But then certainly Congress could solve a problem of that sort. Sorry I mentioned it.

I think the activity period sounds real peachy keen. Goodness gracious! Just think of all the fun at the cake sale, yo-yo contest, auctions, (is that how they get rid of old professors), and student

polls. And what wonderful stage-show high-spots, lectures and concerts we could have. Do you suppose they could freeze over the student Lounge for 30 minutes some day so we could see the Ice Capades? Just a high spot though.

Gloryosky I'm getting the whims all over just thinking about it!

He didn't say anything about the May-Pole practice or abalone and truffle hunting. I certainly think they should be included in the activity period.

Do you suppose they can put this super-duper plan into effect right away, huh? I can hardly wait to see the polo games on the quadrangle in that 30 minutes every day.

"I STOPPED FOR A SMOKE"

W. M. Sherley, Texas Rancher, Named Head of Committee

W. M. Sherley, West Texas rancher, has been named chairman of the athletic committee of the Board of Trustees, replacing the late Dan D. Rogers of Dallas.

A new member on the committee is Andrew A. Bradford, of Midland.

Ralph Shank of Dallas, a board member since 1943, was named to the executive committee. Shank also is filling a post held by the late Mr. Rogers.

Milton Daniel, new chairman of the Board of Trustees, announced the changes this week.

★ ★ ★

Wayne Martin, Shamrock senior, and Miss Vilma Stacher, Gallup, N. M., junior, are TCU's candidates for the title of Mr. and Miss "Teacher of Tomorrow."

They, and representatives from 25 other colleges throughout the state, are competing for the honors today at ETSTC.

★ ★ ★

Dr. Howard E. Jensen, distinguished professor of sociology, was the keynote speaker Tuesday at a workshop conducted by the Council of Social Agencies at the First Methodist Church.

Dr. Jensen's speech dealt with juvenile behavior.

★ ★ ★

Educators from New Orleans and Austin will discuss accreditations at the monthly faculty meeting at 3:30 p.m. today in the Little Theater.

The forum panel will consist of Deans Roger P. McCutcheon of Tulane University and L. D. Haskew of the College of Education, University of Texas.

The program is part of an in-service training program of the faculty.

★ ★ ★

More than 1600 high school seniors in Fort Worth will receive letters about TCU this week.

These letters contain general information about the school and urge the students to further their education here.

★ ★ ★

President M. E. Sadler is a sponsor of the scholarship fund of International Christian University, due to open its doors to 150 Japanese high school graduates in Tokyo Monday.

A New York foundation, under the presidency of Dr. Kenneth

Scott Latourette of Yale, was organized to aid in the founding and development of the new university.

★ ★ ★

Dr. Joseph Morgan, professor of physics and director of the engineering program, was named chairman of the division of natural sciences by his colleagues Monday.

Academic areas represented by the science division are biology-geology, chemistry, physics, mathematics, home economics, nursing and air science and tactics.

Dr. Morgan will be responsible for considering matters of importance to the entire division, working in concert with each department and with the Administration.

★ ★ ★

President M. E. Sadler has been invited by presidents of seven nations to be one of the 12 delegates from the Disciples of Christ to the second assembly of the World Council of Churches next year.

The assembly will be held Aug. 15-31, 1954, at Northwestern University, Evanston, Ill.

★ ★ ★

Dr. E. L. Pross, professor of speech-drama, will attend a meeting of the Texas Education Theater Association at Baylor University tomorrow.

Patrick Henry Will Be Honored During Convention at Lubbock

A recognition luncheon will be given in honor of Patrick Henry, Sr. Thursday in Lubbock at the close of the 66th Annual Convention of Christian Churches.

Mr. Henry is retiring as state secretary of the Texas Christian Missionary Society.

The Rev. D. W. McElroy, who will be awarded an honorary D.D. degree here May 31, will preside over the convention which begins Monday.

Jack Suggs, assistant professor of New Testament, will speak at a Brite College of the Bible luncheon Tuesday night and earlier in the day.

Dr. D. Ray Lindley, who will assume the vice-presidency of TCU in June, will give an address.

About 75 per cent of the students of Brite College, a number of faculty members and former students are expected to attend the four-day program.

Spring Formal To Feature Show

Floor show entertainment for the Spring Formal at the Casino May 14 probably will include talent from other Texas colleges, says Miss Barbara Longstreth, chairman of a congressional committee planning the floorshow.

Presentation of the Sweetheart of TCU, picked by voters this week from among five finalists, will be another feature.

Jim Hatley, dance manager, had not secured an orchestra Wednesday.

Lloyd Will Sing Monday Night

David Lloyd, concert and opera tenor, will be presented in the final Masters of Today concert series this season at 8:15 p.m. Monday in Ed Landreth Auditorium.

The concert originally was scheduled for March 17, but other engagements prevented Lloyd's appearance here then.

SPARE-TIME OPPORTUNITY

MEN OR WOMEN
EARN UP TO \$100 PER WEEK. CHLOROPHYLL GUM, a big package seller in all drug stores at 15c now available and sold through our coin operated dispenser at 5c. Chlorophyll is nationally advertised in newspapers, magazines, radio, television, etc.
Terrific demand created high repeats. Need conscientious dealer in this area to service stops, refilling and collecting money. No selling. Requires 5 hours weekly spare time, good references, car and \$640.00 operating capital to secure inventory and territory. Earnings up to \$100.00 weekly on spare time bases and if work proves satisfactory, we will assist in financing to full time route with \$10,000.00 income a year potential. Include phone number in application.
WRITE TO BOX 308, TCU, FORT WORTH 9, TEXAS.

Groups to See Opera, Ballet

Spring opera and ballet productions will be given before students, public and visiting musicologists at 11 a.m. tomorrow in Ed Landreth Auditorium.

The 25 musicologists will be here tomorrow for a meeting of the Texas chapter of the American Musicological Society.

Busy Beauchamps Receive Thanks

John P. and J. M. Beauchamp have been named honorary members of the T.C.U. Chamber of Commerce by President Jack Horton.

The commendation was made for services rendered by Beauchamp Brothers, 4801 McCent, painting contractors, in furnishing materials and labor for decorating and repainting the Flame Room, the club's coffee lounge in Building 1.

Another brother, Andrew Beauchamp, Fort Worth freshman and chamber member, assisted in the work, which was done at night.

Watson and Ike To Share Podium

Robert A. Watson and President Eisenhower both will deliver welcoming addresses Monday at the Children of the American Revolution's national convention.

Watson, a Fort Worth sophomore will leave Sunday to preside over the five-day gathering in the nation's capital. He is national president of the CAR.

Club News

MSM Students to Hold Camp Carter Retreat

Leaders from other schools will be in charge of interest groups at a Methodist Student Movement retreat April 25, announced the treasurer, Miss Joan Leimer, New Braunfels sophomore.

The retreat to Camp Carter will also include recreation and a vesper service.

Transportation will be provided from the school to the camp and

back. The trip will cost 75 cents including a meal.

★

Dr. Ewart H. Wyle of Tyler, will speak at the spring banquet of the Christian Student Fellowship, at 6:30 p.m. April 29.

The event is semi-formal, and will be in Fellowship Hall of University Christian Church. Tickets will be on advance sale at \$1.25.

★

Journalists Take Field Trips, Visit Council Meeting

A variety of field trips is occupying journalism students this month, according to Prof. Warren K. Agee, chairman of the department of journalism.

Student journalists will take over one day's operations this month at newspapers in Mexia, Hillsboro, Cleburne and Gainesville.

Tomorrow ten students leave to produce an issue of the Mexia Daily News at the invitation of E. C. Deane, editor.

Composing the editorial staff will be seniors Miss Nelda Cook, editor; Bill Wiesehahn, sports; Miss Velma Prince, society; and junior George Puckett, wire services, all of Fort Worth.

Reporters will be Miss Charlotte McGlasson, Cleburne junior; Robert McGuirk, Fort Worth junior; and Horace T. Craig, Fort Worth; Dave Allred, Corpus Christi; Miss Jean Callaway, Fort Worth; and Bill Harrison, Dallas, all sophomores.

Members of "History of Journalism" and "Law of the Press" classes recently made supervised tours through the City Hall. They attended City Council meeting in the morning.

Mrs. Sadler Reported To Be Slightly Improving

President M. E. Sadler said Wednesday his wife's condition is slightly improved.

Mrs. Sadler is undergoing treatment at home. She underwent surgery March 20.

Dr. E. W. Sparkman, roentgenologist with Terrell's Laboratories of Fort Worth, spoke to the Natural Science Club last night. The subject of the talk, illustrated by movies and slides, was "X-Ray Photography in Revealing Circulatory Anomalies Around the Heart."

★

Two TCU students are in Houston today to attend the Third Annual Canterbury Convention.

Harry Lee, Fort Worth junior, diocesan president and Curtis Pruitt, Fort Worth senior, president of the TCU Canterbury Association, will hear the Rev. Howard Johnson, professor of theology at the Seminary of the Southwest in Austin, speak on the "Resurrection and its Meaning for Life."

The convention, sponsored by all the dioceses of Texas, will be at St. Mark's Episcopal Church and will continue through Sunday.

★

Jordan R. Lewis, president of the Fort Worth chapter of the National Association of Cost Accountants, will speak to the Accountants' Society on "Accounting for Bank Manufacture" at 7 p.m. Wednesday.

★

The State B.S.U. Annual Spring Retreat will be at Latham Springs April 24 to 26. The program of the Baptist encampment near Hillsboro will be highlighted by the State B.S.U. Choir, testimonies and a discussion of summer mission work. Hans Arndt, German youth leader will speak.

Students will leave at 3 p.m. Friday from the B.S.U. Building and return Sunday afternoon. Transportation is provided. Registration fee is \$1.00.

Frogs to Play Bears in Waco

With their first conference victory under their belts, a 3-2 triumph over the Rice Owls, the Frogs will venture to Waco tomorrow for a game with the Baylor Bears.

The contest will be a toss-up according to this season's records. The teams split a two-game series earlier with Baylor taking the first 7-4. TCU won the second 10-8.

Tommy Hill is expected to get the nod from Coach Walter Roach in tomorrow's clash, which is a must if the Frogs entertain any pennant hopes.

As a reliever, Hill received credit for the lone victory over the Bears.

In his last outing, Hill lost a three-hitter to the Aggies by a 4-3 score.

He had the Farmers under his thumb all the way, but mishaps in the infield, three in the fifth inning, told the story.

Leslie Matinson, who lost to the Aggies 3-1 the day before, smashed out a homer, a triple and a single. He now has four home runs in the Frog park.

His tenth inning blast Saturday tied the score 3-3 after the Cadets went ahead on a freak play earlier in the frame.

Hill, unaware that catcher Tom Perme was talking to the umpire,

Faculty Team Wins '53 Softball Opener

The faculty intramural softball team opened the season in the Wednesday league last week by defeating the Tom Brown team 16-15. The Vigilantes, third team in the Wednesday league drew a bye.

Games scheduled for this week were: The Y-Precachers team vs. the Radio-Press team in the Tuesday league with Jarvis drawing a bye. In the Wednesday league the Tom Brown team meets the Vigilantes with the Faculty drawing a bye.

fired one past him to the backstop, letting a runner on third scamper home. The umpire, who failed to see the pitch or call it a ball or strike, allowed the run.

It was a different story Monday as the Frogs pounded the Owls 3-2 in 10 innings, with Matinson going all the way for his first conference decision.

Don Ford and Perme led the attack with two hits each. Ford scored the winning run when the leftfielder muffed a long fly by Matinson.

Next week the Purple will go to Austin for a single game with the Texas Longhorns and then to Houston for a pair with the Owls.

Morgan Reports Jobs In Churches Plentiful

Students who want summer jobs in churches are much in demand, says Thurman Morgan, director of ministerial students.

There are opportunities for by the Society of Industrial married students especially. One job calls for a minister and his wife. The minister's wife must play an organ.

Five Tracksters Head for Kansas For 1953 Relays

Five athletic-looking young men from TCU are resting comfortably today on a train headed for Lawrence, Kan.

Those five men are TCU's representatives in the Kansas Relays tomorrow.

One of the group, Wes Ritchey, made a similar journey to Kansas in 1952 and carted away a first place in the javelin throw.

He will enter the same event tomorrow and try to equal his last year's mark of more than 200 feet.

The other four make up a mile relay team. Last week this group, composed of James Breeding, Robert Gathright, Mal Fowler and James Roddy, performed creditably at a triangle meet in Waco.

Until the final curve of the last lap the relay team held a lead in front of Baylor and SMU, but the SMU anchor man nosed out Roddy at the tape.

Alexander Writes Essay For Canadian Magazine

Neil K. Alexander, associate professor of accounting, recently completed an article for a booklet entitled "Cost and Management."

The booklet is published monthly by the Society of Industrial and Cost Accountants of Canada. Title of his articles is "Accounting for Supplemental Labor Costs."

Herrington Gaining Strength

Glen Herrington, the Wog baseball player who was given little chance of ever walking or talking again after being struck in the temple by a batted ball in practice this spring, has made what many consider a marvelous recovery.

After an operation to remove a

blood clot from his brain Glen regained his strength rapidly. First he began to talk then to walk.

Glen visits trainer Elmer Brown regularly for hours of extensive exercise which is slowly restoring full use of his right hand and leg.

Sensational New Advance in Golf Clubs

Every club has identical contact feel... amazing ease of shot control

They will do more to save you strokes than any clubs you ever played.

Using an entirely new and exclusive scientific formula, Spalding creates these clubs with centers of gravity in absolutely coordinated sequence. Every wood, every iron, has identical contact feel... gives you amazing ease of shot control!

You make tough shots look easy. Your timing is uniform. You get the ball away straighter. You shoot for the pin instead of the green. You get lower scores, consistently.

See your Spalding dealer or golf professional.

Test CAMELS for 30 days for MILDNESS and FLAVOR

THERE MUST BE A REASON WHY Camel is America's most popular cigarette—leading all other brands by billions! Camels have the two things smokers want most—rich, full flavor and cool, cool mildness... pack after pack! Try Camels for 30 days and see how mild, how flavorful, how thoroughly enjoyable they are as your steady smoke!

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

More People Smoke CAMELS than any other cigarette

Spring Basketball Begins With Heavy Scrimmages

Wasting little time on preliminaries, Coach Buster Brannon started scrimmages immediately after 19 hopefuls reported for spring basketball training. Included are 10 lettermen, two varsity squadmen and seven freshman numeral winners. One team named by Coach

Brannon has Ray Warren and Charles White at forwards, Sonny Lampkin and Buddy Brumley at guards and Captain Henry Ohlen at center.

In the second five are Gorman Wiseman and Ross Hoyt, forwards; Tommy Hill and Bill Estill, guards; and Jim Nickens, center and forward.

Other squad members will rotate with those named, said Coach Brannon.

Scrimmages will be held daily during the 18-day session.

Froggie Golfers Will Meet Owls

Frog golfers will swing into action Wednesday at Colonial Country Club as they are hosts to the fast-improving Rice Owl foursome.

The Purple linksmen bowed 5-1 to the second place Texas Longhorns in Austin Tuesday. Graham Mackey and Dick Duckworth carded ties in their rounds for the Frogs.

Gene Shields and Jack Gibson dropped their matches, 3-2, 7-5, respectively.

Both doubles teams for the Frogs were defeated by the relentless Longhorns.

Varsity Tennis Squad Hits Road For Match With Baylor Bears

The varsity tennis team hits the road tomorrow for a conference match with Baylor in Waco.

The netmen chalked up two victories and one loss last week, as they clipped Austin College here, then traveled to Abilene to lose to Hardin-Simmons and beat Abilene Christian.

The team trimmed Austin College, 4-2, as Ken Martin, Bob Cornell, Don Hardin and the No. 2 doubles duo of Cornell and Hardin all won matches.

Hardin-Simmons stopped the Frogs last Friday, 5-1, with only the No. 2 doubles team winning. Saturday TCU rebounded for a

4-2 win over Abilene Christian. Taking victories were Cornell, Hardin and Bernie Ferguson-Hardin and Martin-Cornell doubles combinations.

Six scheduled matches remain before the conference meet here May 15-16.

'Dutchman' Thinks Amarillo Weekend A bit One-Sided

It may not be a one-man show at the 4th annual "Sandy Relays" in Amarillo this weekend, but Athletic Director L. R. "Dutch" Meyer probably thinks it's a little one-sided.

"Dutch" left yesterday for the Panhandle city, where he planned to:

- 1) Appear three times on an all-night show on KGNC-TV beginning at 7:30 p.m. yesterday.
- 2) Speak to the high school assembly this morning.
- 3) Referee at the track events this afternoon and tomorrow.

Speculation by the Dutchman was that he might get a couple of meals of sandwiches and Coke if someone had them handy at the right time.

Wogs to Play Cubs At Home Tomorrow

After two weeks of inactivity, the Wogs will take on the Baylor Cubs at 2:30 p.m. tomorrow on the Frog diamond.

Bobby McDaniels, the Wogs' top hurler, will be ready for the Cubs. There will be no charge for admission.

Frog 'Cowpokes' Compete at A&M

An intercollegiate rodeo at Texas A&M College will see five TCU men in action today and tomorrow.

Two men, K. W. Kirkpatrick, Post senior, and James Barber, Midland junior, will try the bareback bronc riding event.

Pat Whelan, Lena, Wisc., senior,

is the only bull rider.

Calf ropers are Jack Bridges, Glen Rose sophomore, and Ken Humphrey, San Angelo freshman.

Bridges and Humphrey competed recently at a West Texas State College rodeo, where Humphrey's best roping time was 15.2 seconds plus a 10 second fine for "breaking the barrier."

Misses Carol Andrews, center, and Fran Moore, left, rehearse a "Little Women" scene with preparatory workshop students.

Little Players Act Tonight In Ravold's 'Little Women'

Eighteen members of the speech-drama preparatory workshop will join the older Little Theater players at 8 p.m. today for the presentation of John Ravold's adaptation of Louisa Alcott's "Little Women."

The final production of the season, the show will continue tomorrow night and Tuesday through April 25.

The main cast includes Misses

Carol Andrews as Jo, Linda Williams as Meg, Fran Moore as Amy, Coleen Soles as Beth, DeLois Lites as Marmee, Nancy Hman as Auntie Marsh, Paul Cheek as Bhaer, Bill McCrary as John Brooke and Lin Lattimer as Father.

Eighteen of the younger students will have minor parts, with nine playing each night.

S. Walker James, assistant professor of speech-drama-radio, is director of the production, and Mrs. W. E. Allen is costume designer. Mr. James also created the set.

Tickets may be obtained at the box office of the Little Theater today and on the night of each presentation.

Keith, Clay Named To New Committee

Noel Keith, special assistant to the president, and Dr. Comer Clay, associate professor of government, have been named to the public information committee headed by Amos Melton.

The committee, functioning for the first time here, will dispatch TCU news to various news media.

Two Professors Given Awards To Study Abroad

Dr. Paul Dinkins and Dr. John Hammond have been awarded faculty fellowships for advanced study abroad during the 1953-54 school year.

Dr. Dinkins, professor of English, will work at Oxford University in England.

Dr. Hammond, associate professor of Spanish, plans to spend six months in Mexico doing research on contemporary Mexican and Spanish literature. He then plans to complete the work at the University of California.

Both professors will return to TCU in September, 1954.

Faculty Women's Club Host to Seniors at Tea

The TCU Faculty Woman's Club tea from 3 to 5 p.m. Tuesday will honor the senior women at a Waits Hall.

Mrs. W. C. Nunn is chairman.

KTCU Installs New Equipment

Installation of a new control board and two turntables has enabled KTCU to transfer the majority of its broadcasting activities to basement studios in the Fine Arts Building, William J. Noltner, assistant professor of radio and television, announced recently.

The new equipment was purchased with funds earned by the students, Prof. Noltner said.

"They sold advertising to raise the money and also to repay the loan from the Student Congress," he stated.

The loan does not fall due for 29 weeks.

"The addition of the new control board gives students the opportunity to learn the operation of two different types," the professor added. "Few other schools in the state offer this."

A new series of programs from the Mutual Broadcasting System is being broadcast at 7:30 p.m. daily.

From Miami to Portland, Maine,
Or Frisco to D.C.,
You'll hear that old familiar phrase,
"It's Lucky Strike for me!"

Richard E. Golden
Emory University

So round, so firm, so fully packed,
They're easy on the draw.
A Lucky Strike for everyone —
It ought to be a law!

John F. Stone
University of Nebraska

Nothing no, nothing-beats better taste

and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-**GO LUCKY!**

Poor Cinderella lost her shoe,
Which her Prince Charming found.
Their joy would have been more complete
Had Luckies been around!

Joseette Deutsch
Brooklyn College

Where's your jingle?

It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.
