

5-27-43

Dear Folks,

This is just a line to let you know that I am still feeling fine and to let you know my new address. There has only been a slight change and you can see it on my return envelope.

I get on special detail every morning to get out of going to P. I. on account of my mumps. I have just finished doing what I had to do and now am writing this before I have to go to drill.

this is the funnest I ever wrote
in my life, hope you can read
it, and as Mama says, make
sense out of it.

Forrest to goodness I'll
write a real letter as soon as
I have time.

Lane,

Joe
