

March 29, 1955.

Honorable John N. Garner  
Uvalde, Texas

Dear Mr. Garner:

Mr. Carter has asked me to tell you that he will be very happy to have you put the last Shady Oak Farm hat he gave you in the Ettie Garner Museum and Library, as there was no one he thought more of than Mrs. Garner.

Mr. Carter has not been able to come to the office since before Christmas and, of course, he has taken care of none of his correspondence. I take to him the mail that I think he would be interested in and he always gets a kick out of your letters - particularly because you have written them yourself. So, any time you feel like dropping him a note it always gives him a pick-up.

Nothing would make him happier than for you to come up and see him, and I would also get a great deal of pleasure out of a little visit with you again.

With best wishes,

Sincerely,

Secretary to A. G. Carter
