

Mr. Carter-

Here is another of the counties that sent the money to New York or Washington . As fast as I locate one of them that hasn't paid in here, I made a notation. There must be several thousand dollars with Mr. Jones or the New York hdq. Mrs. Rountree did well in <sup>her</sup> ~~this~~ county.

Hon James R. Record  
Ft Worth Star-Telegram  
Fort Worth, Texas

My dear Mr Record:

Shortly after Christmas I was taken ill and spent three weeks in John Sealey Hospital at Galveston, hence many things that I should have done were either left undone or done by others. Today in checking over my letters I found your letter where I was to send the Will Rogers Memorial check to Fort Worth, and through mistake, they have sent it to the New York office. Hope you will see that Texas gets credit for it. The check money was sent bank draft made payable to Jesse H. Jones, treasurer to the amount of \$ 300.

This was a very small amount, but I assure you that it represented a great deal of work for I received no large gifts at all, most of them fifty cent pieces, and believe it or not pennies and fifty cents pieces take a lot of talking and walking to make \$ 300.

Now I am sorry about this check being sent wrong, but I hope, Texas won't lose the credit for it.

With best wishes and the assurance that when every I can be of assistance to you, you have but to call on me.

Remember me to Mrs. Record.

Sincerely yours,

*Mrs. Lee J. Rountree*
