Fort Worth Star-Telegram
Fort Worth, Texas

Dear Mr. Carter:

I appreciate your thoughtfulness in sending me the Star-Telegram editorials of November 12th, December 2nd and December 7th, on universal military training. It is encouraging to know that the importance of our national security is being brought to the attention of the people of our country, and the results of the campaign of the National Security Committee should be very interesting.

Sincerely,

HOYT S. VANDENBERG

Vice Chief of Staff
