TO THE DIRECTORS OF AMERICAN AIRLINES, INC.:

Dear Mr. Carter,

As you know, the Civil Aeronautics Board requires officers of air carriers to file with the Board a report of stock or other interests in air carriers and certain other related companies or persons. In addition, the air carrier itself is required to file a report of the number of shares of each class of stock owned of record and beneficially by each of its officers.

For your convenience there are enclosed the following:

1. Two copies of the Civil Aeronautics Board Form 2786. The executed original of this report form must be filed by you with the Civil Aeronautics Board, Washington, D. C., ON OR BEFORE MARCH 1, 1950. Detailed instructions and filing requirements are described on the form.

2. Form for reporting to this office the number of shares of stock and principal amount of 3% Sinking Fund Debentures owned by you of record and beneficially as of December 31, 1949.

As of December 31, 1949, our stock transfer agencies reported to me that you owned of record 66,800 shares of $1 Common Stock and 1,000 shares of $3.50 Cumulative Convertible Preferred Stock.

?

Should you have any questions or if there is any way that I can assist you in the compilation of this report to the Board, please let me know.
