Your sister has grown to be a very delightful beautiful young lady and I know you will be very proud of her she makes friends with every body and is always so nice and courteous to her elders. They think she is extremely polite friendly and generous. all of which makes Dad very proud. I will likely be in NY for about 2 weeks or 2 1/2 weeks to give Kathie a change to get the office cleaned up as you know it is usually cluttered up after Xmas. Kathie & Carl
