CLOTHING FOR COLLEGE PEOPLE,
And Everything Man, Woman and Child Wears — and at Less Price.

A FEAST INTELLECTUAL AND SPIRITUAL.

It has been some time now since Texas Christian University has played the part of host to a large gathering of the people of the Christian Church of Texas, but she will have opportunity to make up for lost time in the coming triple meeting included within the dates January 26-February 4, the programs for which are given herewith.

These meetings will be of interest to the students of the University in at least three ways. First of all, the subject matter of the addresses delivered will be of the highest value to every thoughtful youth, and many wise ones will arrange their hours of study so as to hear as much as possible of the program. Then, it is worth much to meet personally and to hear the representatives of a great body of people. Nothing so guides and stimulates forming characters as contact with wide-visioned men.

Another opportunity afforded by the meeting is that of inviting and having the friends and home folks of the students to come and visit the University. T. C. U. is a place which many have expected to visit some time or other. This furnishes a splendid opportunity. Doubtless there will be many letters of invitation written home in the next two weeks.

The Ministerial Institute is a kind of school for study by preachers and church workers. It was inaugurated a year ago largely through the efforts of President Lockhart.

The South Texas Missionary Club which is to hold over Saturday, Sunday and Monday is an opportunity for the people of South Texas to get their convention work done, attend the Lectureship and visit their University all in one trip. A goodly attendance is expected for this.

The Lectureship has been for years an annual occasion among the Disciples of Christ in Texas. This year

promises to be the biggest one yet, on account of the unusual connections and the best place in the state to hold it. The lectures will be strong and scholarly, handling questions that are alive today. The attendance is by no means limited to preachers, but every one will be interested. In writing to friends this point should be emphasized.

Each year at the Lectureship one prominent scholar from outside of Texas is brought in to deliver a series of lectures. The chief lecturer this year is Prof. Hall L. Calhoun, of the College of the Bible of Transylvania, Lexington, Ky. He is one of the strong younger men of most advanced scholarship and most deservedly popular.

The problem of taking care of the host of delegates who will attend these meetings is not a small one. The real crowd will be present during the Lectureship on February 1-4. The crowded condition of the University buildings will make it impossible, just as many will be stowed away here—especially the friends of the students—as room will allow. The University will have on hand a large supply of cots and bedding, which will be furnished to the rooms of students who will take delegates in with them. This will make it possible for many to entertain their home folks and friends.

The Waco Central Church will join heartily with the University in providing homes. Bro. Crystal the pastor at Central, with his usual hearty good fellowship and readiness to join in labors for good, will act on the Entertainment Committee.

Railway rates at one and a third fare for the round trip will be on sale February 1 and 2, good till February 5. Rates are asked also for January 29 and 30 good till February 5.

This will be a great occasion. Let every friend of T. C. U. join in showing the visitors the best we have of everything.

STAG SOCIAL.

A very pleasant time was enjoyed by about fifty boys last Saturday night. All boys in the university were invited, though it was quite well understood that a large number intended to enjoy the play, "Just Out of College." This little "social" was for the entertainment of those boys who remained "on the hill."

After a few minutes of "talk," various and athletic, we were treated to an exhibition of real gymnasium work on the parallel bars by Messrs. Wakefield and Kerr. Then Mr. Cruzan gave a regular class exercise in which the new fellows had a chance to see the character of the gym work. Again the crowd was entertained by Kerr and Wakefield, this time on the horizontal bar. Here as before, they gave a genuine treat in the "events." Each showing up especially well in the clean-cut finished way in which he handled himself at all times. Their work was of a high grade and our boys ought to take much more interest in the gymnasium work. For only a man with trained muscles well under control and a clear head can do the difficult feats which these young men "pulled off" on this occasion.

ORATORICAL ASSOCIATION OFFICERS.

The opening of the winter term being the time of electing and installing officers of the Oratorical Association, President Bloor appointed a committee to make recommendations for these officers. The committee reported as follows:

- For president, Earl Gough.
- For vice president, W. C. Hackney.
- For secretary-treasurer, Miss Mary Bain Spence.

This selection was confirmed by the association.

SKATING.

Wednesday morning early it was discovered that the cement walk had been coated with ice during the night, and immediately the boys took charge. The walk was smooth as glass and by obtaining a running start on the ground one could slide forty or fifty feet. So down the walk they went, gliding gracefully—though in all sorts of postures, down to the fountain. The stunts, impromptu of course, were many and spectacular, and every one enjoyed the time immensely. Even the girls seemed to appreciate the spectacle. Finally the eight o'clock bell rang and it was all off. The only casualties resulting were Clark, with a "busted" head (five stitches) and Randolph with a broken collar bone.

Y. W. C. A. NOTES.

A large number of girls attended the Y. W. C. A. meeting last Thursday evening. Mary Bain Spence led, the subject being "Personal Responsibility." The subject was well discussed, and almost every girl did her part to make the meeting interesting.

Miss Nancy Lee Swann, the State Secretary visited this association the week before Christmas, bringing us news from other colleges, and other Associations over the state. She will be with us for further work later in the year.

MORE MARRIAGES.

It seems that marriage is getting to be a habit among ex-students of the University, at least, the number of recent announcements gives that impression. In addition to those chronicled last week are the following:

Mr. Morris Steward, ex-'10, left tackle, '07, orator and all around student, was married to Miss Maud Wortham of Bosqueville last Sunday.

Ross Cole, of Belton and Miss Messer of the same place were married Christmas eve.

Another holiday wedding was that of Mr. Ben Gooch to Miss Ethel Mills, '08. Ethel is the first of the '08 girls to "get off," but we suppose now that the ice is broken, others will follow in quick succession.

Roy Rowe, of '04-'05 football fame, was married to Miss Martin at Dalhart, December the first. The news leaked out down here only last week, or the event would have been listed sooner.

To all these friends and school-mates of ours the Skiff and the student body in general extend congratulations and the best of good wishes. We only fear that these examples aided by due encouragement from Prof. Faris will have an effect on the present student body. We hope, however, that such will not be the case. Matrimony while less "catching" than measles, is more serious and much harder to recover from, and an epidemic of it would surely break up the school. Parents need have no fear, however, for the faculty is taking all possible precautions.

MUSIC DEPARTMENT.

An effort is being made to secure Edward Baxter Perry, pianist and lecturer, to appear in Chapel some time in April. It will certainly be a privilege to hear him, and it is to be hoped that this splendid attraction can be offered to University students.

Students in general are invited to attend Prof. Wimberly's music-historical lectures, which are given in his class room from 11:30 to 12:30 Monday mornings. There is no admission fee to this course.

The various vocal organizations of the school have been asked to join in the monthly students' recitals of the future, and lovers of this kind of musical expression may expect a treat.

The January students' recital will be in Chapel tonight at 8:15 o'clock. The program below is evidence that the time will be pleasantly spent.

Program.

TRACK WORK.

Overtures have been made to those in charge for a track meet to be held in Waco in the latter part of April. One proposition is for a dual meet with Baylor; the other is a triangular affair, embracing A. and M., Baylor and T. C. U. In addition to this there is the Southwestern association meet which will probably be held at Georgetown this year, and which we must enter to hold our membership. These two events should be incentive for those aspiring for athletic honors to come out and try for the track team.

Wherever it has once been established track work takes equal rank with baseball and football—that is, it is one of the three major sports. Until now, this work has been sadly neglected at T. C. U., but with more and more attention being paid to it, all over Texas, the track is beginning to receive the attention its importance merits and T. C. U. cannot fall behind her sister colleges in this respect. We must have a track team, and YOU must help. There is no reason why any one should fail to try for the team. If you are a football player track work is just exactly what you need to keep you in trim and increase your capabilities for the coming season. A comparison of the track and football teams of institutions where both receive attention will bear out this statement—since a large proportion of the football team will also be found on the cinder path.

Likewise, those who have not engaged in athletics the track team offers opportunities. You do not know what you can do until you try. It may be only some slight defect in your stride, which a little coaching and training will remove, is all that keeps you from being a sprinter of high rank. This applies to all other events also. So when the call is made for candidates come out. A monogram is not a bad thing to have. Neither is a seat at the training table.

It is not known yet what action the association will take regarding the proposed meet in Waco. The dual meet "looks" the best because of the fact that the crowd would be practically as large as it would be if A. and M. were included. And, both contestants being local schools, much expense would be eliminated and—hello, athletic association. Of course it would be "nice" to meet A. and M., but we do that at the Southwestern meet, anyway. However, it's up to the council, we're only talking.

Christmas, and which was to the effect that they could not play on an outdoor court, it was decided that since an indoor court could not be obtained here, it would be impossible to play S. U. unless the teams met in Georgetown. Also it was decided that the court must be ruled. Manager Burford has written the Southwestern girls to this effect and an answer is expected in the near future.

A GREAT LECTURE.

The Art Department and the Woman's T. C. U. Club, who have so often given us the opportunity of hearing some splendid speakers, have in store for us another treat on the 16th of this month. They have made arrangements to bring to T. C. U., H. H. Powers, Ph. D., president of the Bureau of University Travel. He is to lecture on "Michael Angelo and the Sistine Ceiling," and his thorough knowledge of art and his extensive travels will make this most interesting.

Mr. Powers is perfectly at home in the entire field of European art and travel; and as one of our American critics says, "He has a perfect scholarship of art; a power to assess values such as few critics in America or Europe possess." Lorado Taft, the sculptor, after hearing one of these lectures, wrote: "It was the greatest lecture I ever heard. When he ceased speaking, I felt that the inspired word of this extraordinary man had given me one of the great hours of my life."

We consider this a rare opportunity for the art students; but it is a lecture that all the students would enjoy hearing and we trust that many will take advantage of the opportunity. V. L. B.

STAG SOCIAL.—CONTINUED

The bag-punching of Oscar Anderson was also a feature of note. He showed up in splendid shape. Then there was the "eatins" to which all did justice, followed by boxing, tumbling and finally a good old Texas stag dance.

All enjoyed the evening and were very much pleased with the "new" social feature in T. C. U.

Southwestern's delegation of five men at the Ruston Conference was the largest of any Texas school.

PLATFORM CLUB.

The Platform Club met in regular session last Saturday night, and elected the following new officers: Bonner Frizzell, president; Clyde Hackney, vice-president; Braxton B. Wade, secretary; W. E. Sturgeon, treasurer; Douglas E. Tomlinson, sergeant-at-arms.

The last issue of The Texan was issued in memory of Judge Jas. B. Clarke, formerly Proctor of the University, and who died suddenly at the Bryan lecture in the University auditorium. Judge Clark had been with the U. of T. from its beginning.

U. of T. levies a fine of three dollars on every student who fails to matriculate on time. This plan might be worked to advantage here.

At the first of the new term basketball prospects looked rather clouded. Without a coach, the manager absent, and no captains elected there was no one to push the game. Add to this the extremely cold weather which has endured almost continually, thus preventing practice and it is little wonder that interest dwindled. But the return of sunshine yesterday aroused the hearts of the players. Manager Greene called a meeting of all players yesterday immediately after dinner and after discussion—in which not a single adverse talk was made, it was unanimously decided to continue playing.

Since, owing to the City League rules, both first and second teams must be permanently formed and the list of players turned over to the executive committee, Manager Greene appointed a committee composed of Edgar Bush and Oscar Drucke to act with himself in selecting the teams which would meet the Y. M. C. A. Thursday night. After supervision of the afternoon practice the following

The final wind-up was 25 to 22 in favor of second team. Altho the score indicates a close game, yet the reality was not nearly so much that way. Second team secured the lead at the start and held it thruout the game. T. C. U. kept the ball by far the larger part of the time, but the score was kept down by inability to throw successful goals. It was in this part of the game that the Y. M. C. A. excelled. The team is well drilled in signals and when they did secure the ball it was across the house; back again, under the basket and into it quicker than it takes to tell the story. On the other hand, T. C. U. beat this "system"—which is the real basketball—by main strength and all around physical superiority, together with the goal tossing of L. Drucke, he throwing eighteen of T. C. U.'s twenty-five points; Sowell took five of the remainder and Graves the other two.

This game, as was to be expected, was a walk-over for the Y. M. C. A. The first half ended with a score of 27 to 4 in favor of the Y. M. C. A., the second increased the association's score to 60, without Varsity's count being augmented.

"Horseshoes" were plentiful on both sides, that is horse shoes of a negative kind. Many shots by each side seemed certain and then the ball would twist out of the basket, Jordan in particular suffered in this way. Rhuman did particularly well, getting eight goals from twelve attempts in the first half and having about equal luck in the last round. King sustained his reputation of being the best guard in Waco, not a goal being thrown by his opponent. As for that, nobody on 'Varsity were fatigued by exertion of this kind. Varsity's total of four points all went to the credit of Knight. Varsity men played excellently in spurts. Greene and Graves both doing splendid defensive work at times.

Altogether, tho, the game was slow both sides seeming to hesitate in going after a loose ball.

The third game of the night was between Waco High School and Y. M. C. A. second and was the best of the three. From the start the game was hard-fought, both sides being active as cats. Especiall is the High School team to be credited with quickness of action and with splendid passing. During the greater part of the first half only one point separated the two

teams, each alternating in the lead. Finally, however, High School drew away the first half ending 11 to 8 in their favor. They started the second half on the jump and speedily ran the score up to about 20 and from that time only an occasional point resulted. Y. M. C. A. took a spurt in the latter part but failed to catch up, the final score being 23 to 18.

We are glad that basketball has been retained as a department of university athletics. One reason is because of its own excellence. It is a game, like football, that gives opportunity to all "makes" of players to bear a part. But especially does it appeal to those who love quickness of action and thought. Team work also is valuable, to almost the same degree as football, in fact, as compared with individual prowess, it is more to be desired. Then, too, we are glad to see that our boys are not "quitters" and we state right here that a 60 to 4 defeat is a greater victory than to withdraw from the league and drop the game.

For this one act embodies the "never say die" spirit which T. C. U. has always had and, we hope, always will have. BUT, this spirit should have more emulation, more support from the student-body. There were less than a dozen students unconnected with the teams at last night's games. And the admission was free. Come out and support the boys. They deserve it and the spectacle will be worth your while, besides.
