Dear Brother:

Have time to write a few lines only. We are all well save myself, and I guess I will be able to weather it through, though at times it seems doubtful. Will you is at Grauberry just sweeping everything has not called for additions yet, but most all seem to be <sup>not in a right</sup> Councils, old bro. Cross among them. Will soon come to meet him talk of sending bro. John R. down. Our school is progressing finely have enrolled 102, but already we are losing some. Cox took off his boys Burnett went off with this what yet, they haven't come back yet. Berry went home last week also Hill several others have stopped can't think of who they are now. Will Treatwell asked me how much he owed said you said you would leave the acct. with me. We can't find the book. No one has sent any money yet to me. Will perhaps get enough money to take us home & recon playing from the oval they are offering to pay. Sister Polly came to see me a few days ago says she will be compelled to go home and that

will take several out of school - said also  
that she wanted a deduction of that term what  
must I make - said Mr. W. would give with mon-  
ey to pay all - that will be two weeks off for the  
larger ones. The Douglass that is Warren sent  
word that they had settled with Ran.

S. School is doing as well as could be  
expected. Bro. R. is too wary the little ones  
become wearied. Bro. G. Rawlins has been  
preaching Sunday nights since you left.  
Ran. left Saturday was a week. Brother  
Thomas - Can get a school for three  
months in Whiston which will take him  
away about my part of the school closes.

Says he will be a full dept. in charge of you.  
McKinney - Suppose he will visit you  
of the matter asking your advice. Sallie  
is doing finely, ironing, scouring, &c. &c. low  
water. Sallie is fishing some. That must  
stop. Wish when you can send of all
