

Freshmen Candidates Must File by Thursday For Five Class Offices

Candidates for five freshman class offices should file their names with Miss Mary Claude Scott or Miss Bobby Rheinlander in The Skiff office before noon Thursday, according to the Student Council election committee.

The election of freshman president, vice-president, secretary-treasurer and two Council representatives will be held from 9 a. m. to 12 o'clock noon Thursday, April 4, in the main hall of the Administration Building.

Freshmen must show their student body activity cards before they will be allowed to vote, Miss Scott says. Students who wish to be candidates for offices must have less than 24 semester hours and a 1.00 grade in-

dex (if they have been in T. C. U. before this trimester.) There are no other requirements for candidacy. The student's name and the office he is running for is the only information needed on the petition sheet.

Dramatics Club Will Present Play April 9-10

Dr. Volbach to Direct 'Shadow and Substance,' Three-Act Irish Drama

"Shadow and Substance," a three-act play by Paul Vincent Carroll, will be presented April 9 and 10 by Dramatics Club members under the direction of Dr. Walter Volbach.

Miss Pat Kelsey will play the leading role of "Brigid," and Morton Walker will portray the masculine lead of the "Very Reverend Thomas Canon Sherritt."

"Shadow and Substance," a modern Irish play, is equal to the American play "Our Town," Dr. Volbach says. "I consider it not only a hit, but also a play of great literary value," he adds.

Others in the cast include Bob Buschman as Dermot O'Flingsley; Miss Polly Terrill as Thomasina Cannon; Robert Durrett as "Father Corr"; Bob Matheny as "Father Kirwan"; and Jimmy Tinkle, Lawrence Bridges, and Misses Betty Benton and Rosemary Wynn.

Roy Joe Cate is assisting Dr. Volbach in directing. Miss Ann Kent is stage manager, and Miss Ann Zimmerman is assistant stage manager. Jimmy Tinkle is in charge of the set. "Shadow and Substance" was staged for the first time at the Abbey Theater in Dublin in 1937. A year later it was produced on Broadway.

"Only a few university theaters and Little Theaters have staged it in this country," Dr. Volbach says.

Graduates Hear Rev. Harrison

A plea for facing the problems of today's work on the plane of high moral law was made by the Rev. Oliver Harrison, minister of the First Christian Church of Corpus Christi, in his address to the midyear graduating class Feb. 24.

"Let us dare to hope that today's graduation may mean your passage through a gate whereby you may find the light of truth, the way of honor and the will to work for the welfare of all men," the Rev. Mr. Harrison told members of the class.

Degrees were conferred upon 38 seniors and five graduate students.

Honor graduates, those who were awarded degrees "with distinction," were introduced by Dean Cortel Holsapple. The four, in order of rank, were Miss Betty Jean Davis, Miss Rose Millon, Joe Timmons and Miss Marilyn Louise Ellis, all of Fort Worth.

Dramatics Club Gives 'The Little Foxes' Encore

Dramatics Club members gave a repeat performance of "The Little Foxes" Wednesday night in the Auditorium.

Council Approves 9 Committees

Nine committees for the spring trimester were approved by the Student Council at a meeting Tuesday.

Roy Cates was named chairman of the future-events committee. Misses Libby Duncan, Polly Terrill and Marylou Miller, and Lawrence Bridges were also appointed on the committee. The social committee includes Miss Terrill, chairman, and Miss Dorothy Lewis and Dave Randall. Miss Pat Perkins and Miss Janet Kroll were named associate members.

Miss Billie Rippetoe is chairman of the publicity committee of the Student Council. Others include Misses Beth James, Charlotte Childress and Perkins, and Ed Farrens. Associate members are Miss Kay Sims and Miss Alice Louden.

The Frog War Fund committee includes Chairman Barbara Medford, and Misses Kathryn Light, Bobby Rheinlander, Doris Knight and Mary Claude Scott.

Miss Scott is chairman of the election committee. Miss Mary Crites and Ducky Clements will also serve with her.

The student-faculty committee includes Miss Kroll, chairman, and Miss Phala Davis and Miss Hannah Groginski.

Miss Childress is chairman of the constitution committee. Miss Lucy Lincoln is also on the committee.

Miss Peggy Glover is chairman of the Inter-Club Council. She will be assisted by Miss Light.

The steering committee will be headed by Miss Groginski. Miss James and Randall will also be members of the committee.

Student President Nel Epperson appointed Norman Hoffman and Clifford Taylor as associate members of the Council at the meeting.

May 1 Deadline to Order Senior Class Invitations

Senior class invitations must be ordered before May 1, according to Miss Janet Kroll, president.

Orders are being taken now by Miss Jo Prater, class secretary. The invitations must be paid for at the time the order is placed, adds Miss Kroll.

Frog Vets Discuss Plans For All-Campus Dance

The Frog Vets met Tuesday and discussed plans for an all-campus dance Feb. 23. Time and place of the dance will be announced later.

On Hollywood Set 7 Months—

Prof. Sherer Praises French Resort

"Home was never like that!" reports Prof. C. A. Sherer, who returned to the campus Monday after spending seven months in Biarritz, France, where he taught in a GI school.

Biarritz is the Miami of France, and the wealthy and royal families of Europe have spent their summers there for many years—before the war. They built luxurious villas there, and these were taken over by the United States to be used as class rooms and as living quarters for the professors.

Professor Sherer shared "Villa Reverie," with six other professors. It is located in the suburbs of Biarritz, overlooking the Bay of Biscay,

and was built of Italian marble at a cost of \$380,000.

"I felt as if I were on a movie set all of the time. I've never seen anything like it before except in a movie," said Sherer.

"It was a beautiful place, surrounded by tall, stately pines, and when we first arrived it was also surrounded by about 5000 tank mines. The mines were soon removed, however, and blown up about a quarter of a mile out of town, the explosion demolishing the villa belonging to the Duke and Duchess of Windsor, just a block from our own."

Professor Sherer made a number of trips into the Pyrenees and French Alps.

Radio Workshop Is Planned for Broadcasts

TCU Program on KFJZ At 9:15 P. M. Tuesdays

A T. C. U. Radio Workshop will be put in the spotlight at an organization meeting at 7 p. m. Monday in the Auditorium.

The Workshop is under the direction of Dave Randall and Dr. Walter Volbach, in connection with the School of Fine Arts. "All students interested in any type of radio work, from acting to administration, are invited to come to the meeting," says Dave.

The club will sponsor a 15-minute radio program once a week over KFJZ, according to Randall. It will be at 9:15 p. m. every Tuesday.

The programs will be by T. C. U. talent and will include news reports, dramatic skits, interviews with people connected with the University and musical variety shows.

The program, directed by Randall, has already been on the air for several weeks. Its first broadcast was Feb. 5, when a dramatic skit about Ranch Week was given. Other programs have included a musical review and an interview with Dr. Volbach about the production of "The Little Foxes"; a record dedication program to the February graduates; a round-table discussion by veterans about their return to college; and a dramatic skit dedicated to incoming freshmen.

Tuesdays-night's program was a musical show by the Swing Six, an orchestra featuring T. C. U. musicians and directed by Harvey Anderson.

There will be places open in the club for writers, directors, sound effects men, actors, singers and musicians—soloists or in groups.

"We also want people who are interested in the administrative end of radio work to join the club," Dave states, "people who want to go into positions as typing secretaries, radio reporters, treasurers or business managers."

Cast Is Selected For 'The Women'

The scripts have arrived, and casting has been completed for "The Women." Dramatics Club production scheduled for 8 p. m. March 29 in the Auditorium.

Miss Rosemary Adams will play the leading role of "Mary" in the sophisticated satire on women. Miss Alice Runge has been cast as "Sylvia"; Miss Jerita Foley, "Crystal"; Miss Nila Pierce as "Edith"; Miss Jeannie Russell as "Nancy"; Miss Pat Perkins as "Peggy"; Miss Marion Graham as "the Countess"; Miss Helen Brown as "Little Mary"; Miss Betty Rosemond as "Miriam"; and Miss Rosemary Wynne as "Jane."

Miss Ann Barham is directing "The Women," and says there will be no admission charge for the play.

Debaters Win Three Places

T. C. U.'s entries in the Savage Forensic meet at Durant, Okla., March 1 and 2 placed as follows: Charles Jones, first place in book reviewing; Ben Hearn, second place in extemporaneous speaking and impromptu speaking.

The senior debate team of W. R. Rucker and Ben Hearn finished second, behind Baylor.

All these places were won in fields of from 90 to 150 contestants. More than 200 colleges and universities from seven states were represented at the meet.

The Junior debate team of Tommy Hanna and Austin Denny lost in the sixth round, after winning four contests.

Prof. Lindley Speaker At ETST Religious Week

Prof. D. Ray Lindley, was Religious Emphasis Week speaker on the campus of East Texas State Teachers' College at Commerce March 4-8.

The Skiff Reconverts, Standard Size Again

Reconversion has reached The Skiff.

Today's issue is the first "standard-size" Skiff published since May 21, 1943. The Navy V-12 unit came to the campus July 1, 1943, and T. C. U. adopted an accelerated program, involving trimesters beginning July 1, Nov. 1 and March 1. The Skiff adopted the same schedule.

Since July, 1943, The Skiff has been published in tabloid size. Now, with the largest enrollment in the history of the University, the time has come to reconvert The Skiff again to standard size.

NEW STUDENTS have taken possession of the campus with the opening of the spring trimester. A group of those who have pushed enrollment figures to an all-time high was caught by the photographer as they were purchasing books. The four in the front row are (left to right) Ray Bristol, Marfa, sophomore; John A. Valamides, J. R. Lowry and Philip Hines, all Fort Worth freshmen.

Knowledge Goes King-Size

'Standing Room Only' in '46 Classes

The sardine in a can has nothing on T. C. U. classes these days. The favorite complaint of coeds in wartime—"There's not a man in my class!"—has changed suddenly to, "Did you ever see so many men?"

Professors, used to being greeted by a dozen feminine faces, are aghast to find class enrollment figures sometimes reaching three figures, men in the majority.

Miss Lola Lollar probably holds some kind of a record with 152 students in one biology class. Coming in a close second is Dr. Gayle Scott, who counts 120 heads each class session for a geology course.

Dr. Scott, who for years has made the basement of Clark Hall seem like home amid the fossils, has moved into the balcony of the Gymnasium since expansion has set in.

Over in Brite College, crowded classes are having the same space difficulties. Dr. Fred West has close to 90 students in a religion class.

Spring Enrollment Now Totals 2727

Enrollment, as of Wednesday morning, stood at 2727 for the spring trimester, according to President M. E. Sadler. This is the largest enrollment in the 73-year history of the University.

This total represents 1846 students in day classes and 881 in the Evening College.

Analysis of the figures has not been completed, but it is estimated that there are between seven and eight hundred veterans included in the total. The freshman class probably numbers nearly 900, including those who started Nov. 1 as well as those who began their college work March 4.

Winter trimester enrollment, on the corresponding day in November, totaled 1250 in day classes and 729 in the Evening College.

Prof. C. A. Burch is worrying over getting acquainted with all the students in his classes now. "I like small ones much better," he says.

Dr. John Lord, on the other hand, believes there is no disadvantage to teaching 100 students in an American national government class. He just smiles and says, "Yes, I like it."

The English department has solved the problem by spreading out the students and starting 23 afternoon classes.

As for student reaction, it varies from the disadvantage of stumbling over feet in crowded aisles to the advantage of not having to recite so often in the oversize classes.

As one coed put it, "The classes may be crowded and the men may outnumber us, but oh, how we love it!"

Ham & Eggs, Doughnuts Plentiful—No Beefsteak!

Tighten up your belt, Chum, particularly if you're the type that prefers a two-inch sirloin for dinner every evening.

In a brief survey of the eating spots on and off the campus, the nearest thing to a steak that was found was a hamburger. And that with the Southwestern Exposition and Fat Stock Show in full swing downtown, with nice fat baby beeves all over the place.

Mrs. Helen L. Orbeck, Cafeteria manager, says the beef shortage is worse than at any time during the war. Mrs. Orbeck hasn't been asleep at the stove, however, and she reports that T. C. U. has purchased three show beeves through Swift and Co., which will alleviate the situation for a short time, anyway.

Every tablecloth has a silver lining, though. Even if beef is momentarily (we hope) scarce, the pig's back and the packing house's got him. Bacon and eggs for breakfast are definitely back on the menu. There is plenty of ham, too. After reading this far, you'll probably agree.

Speaking of bacon and eggs, veteran

observers say the young student will order a roll and coffee for breakfast, but not the vet. He wants eggs. Perhaps he can still remember what he would have paid for a nice fresh egg on the desert, or some other front, while choking down the powdered variety.

In delicacies, it's the doughnut, plain and simple, that heads the list for the campus. The roll runs a close second.

Doughnut lovers should cross their fingers, however! With bakeries cutting down on wheat, a doughnut shortage might be next. Of course, they could always make the hole larger. But that, as well as this story, could go only so far.

Mixed Chorus Sings March 22

The annual T. C. U. Mixed Chorus concert, sponsored by the T. C. U. Women Exes, will be given at 8 p. m. next Friday at Paschal High Auditorium. The group is under the direction of Prof. William J. Marsh.

Soloists are: sopranos, Misses Betty O'Keefe, Betty Easley and Dorothy Forrester; Miss Hazel Hutton, alto; James Wood and Carter Johnson, tenors; Melvin Dacus, baritone; Miss Alize Inskeep and Miss Doris Jones, violinists; Paul Margan, flutist; and Cliff Roberson, pianist.

Ex-Chaplain to Speak At Homiletic Meeting

"Observations on the Mentally Ill of the Medical Division of the U. S. Army" will be the topic to be discussed by the Rev. Thurman Boswell, former U. S. Army chaplain and now pastor of the Irving Christian Church, at the Homiletic Guild meeting at noon Wednesday, in Room 2, Administration Building.

Misses Johnson, Carden, Get Life Saving Awards

Misses Ellen Johnson and Betty Carden were recently awarded their senior life saving certificates. Forty-four students passed the beginners' Red Cross swimming test, and 22 passed the intermediate test. A group of nurses also passed the tests.

TCU Students Can Get Free Bowling Instruction

Free instruction for T.C.U. students will be provided by the S. & T. Bowling Center from 3:30 to 5:30 p.m. each Thursday and Friday, it was announced this week. Miss Ann Dempsey will assist.

This Is It!

Another enrollment record has been broken at T. C. U., yet, with thousands of servicemen still to be released, the present peak may be passed when the school returns to the two-semester system next September and when more dormitory space becomes available.

What is the main motive behind this sudden desire for higher education? One of the most important reasons, usually overlooked, is that veterans, and recent high school graduates, realize more than ever the necessity of higher education to cope with the problems of leadership in government and business which face them in the near future.

Poor housing conditions, afternoon classes and long hours of sweating out registration and book store lines have failed to discourage the new enrollees. Faculty members will find few "good time Charlies" among students of this type, whose determination to get, or complete, their college education is the best indication of a better future that has come out of a chaotic postwar period.

To the students: The knowledge you seek is here, but you must look for it. Ask questions in class. The person sitting beside you doesn't know any more about the subject than you.

To the faculty: This is it! This is your chance to lay a solid foundation for the future... don't miss it!

The Student Council? What's That?

What is the Student Council, anyway? That's the \$64 question a veteran asked the other day when he accidentally walked in on a meeting.

And that's a good question, too. At least it was good enough to stump several Council members who happened to be around at the time.

The Council is the governing body on the campus, made up of class officers and special student representatives. It plans social affairs, holds elections and grants permits to use the juke box or the new public address system it has just bought for the school. It sends student representatives to other college affairs, and it's the power behind Ranch Week, Homecoming and football trips.

It also takes the blame for anything that doesn't go quite the way student body opinion thinks it should.

But student opinion doesn't come to Council meetings very often to express itself, even though they are all open to the public. In fact, last trimester less than eight non-Council members bothered to attend a meeting and give members first-hand accounts of what they thought about campus affairs.

It's about time someone remembers that "It's OUR Council, but it can't follow our ideas if we don't let it know we have some!"

The time and place of all Council meetings are posted on the Social Calendar in the Main Hall, Administration Building.

Don't Be Disappointed

New faces and post registration parties always give the early stages of the trimester a semifestive attitude. The prevailing excitement shrinks the first few weeks of the term.

However, there invariably follows a slump in activities. Freshmen are likely to think that they have been misled. But such is not the case—it's just that things have slowed down to the regular grind.

This slowing down is partly due to the upperclassmen, some of whom have learned the value of studying. Another reason for this slack season in excitement is that eventually the new faces don't look as new as they once did.

Just Enough for Scrimmage—

Eleven Now Shout "No! No!" On Unofficial Frog Grid Staff

To the errant football prospect who miscalcates a couple of times too often down in the Stadium these days, the horde of coaches, assistant coaches and assistant assistant coaches that descends upon him for retribution is conviction that miscalculation ain't discreet!

The miscreant has something, because T. C. U. has never in its history had, for sheer weight of numbers, the coaching staff it now boasts, even including unofficial members.

Spring training in football alone calls for the full-time services of five of the official numbers: Head Coach Dutch Meyer, Line Coach Mike Brumbeled, End Coach Abe Martin, Basketball Coach Hub McQuillen and Baseball Coach Walter Roach (who doubles up after baseball practice every afternoon.) When business is really good down Stadiumway, even Athletic Director Howard Grubbs gets in his hand.

The list reaches seven with Track Coach Ross Clark, and Prof. Tom Prouse, golf coach, rounds it out at an even eight.

Both Brumbeled and Roach are fairly recent returnees from sojourns in the U. S. Navy, Mike serving as an Athletic Officer at Pearl Harbor, and Roach in the same capacity at Corpus Christi and Memphis, Tenn. Clark recently hung up his uniform as an officer with the Army service forces.

Ex-Frogs Leonard Pugh, Derrell Palmer and Bruce Alford kick up the total to an unofficial 11, but Coach Meyer could still use some more help.

Note: Drugstore quarterbacks need not apply.

PICKED UP PASSING BY

- Lynn, Meet Lynn
- It's Greek to Me
- Papas in Spanish

The boy and girl had stood in line together for several hours, when they decided they might as well get acquainted. Said the boy, "My name is Lynn Lane." Said the girl, "My name is Lynn Lane." Mr. Lane is from Glen Rose, and Miss Lane is from Brownwood. No relation.

The tall, distinguished-looking man wandered down the hall in Foster Hall (he entered from the side door, which is strictly taboo) apparently unaware of feminine eyes peering at him from keyholes and doors slightly ajar. At last he found what he was looking for — Miss Shelburne's office — and soon afterward left in proper fashion by the front door, much to the disappointment of the girls on first. They were appalled, however, when they learned that Dr. Volbach may be seen almost any time on the third floor of the Administration Building.

A 6-foot blond ex-Army pilot, discharged only last week, and now classified "freshman," was discussing the merits of student life on the T. C. U. bus to another ex-G. I. "Here I have to come to school in G. I. clothes," he said. "Can't find a suit or a shirt in town. Half the time I don't know what my professors are talking about in class. I can't cripe at them like I did the Army. Believe me, this life is plenty rugged!"

Even T. C. U. traditions are getting to be jet-propelled these days. At least Jean Ann Wade claims they are. The story goes that the sure way for a girl to get engaged is for her to start work in the English office. So Jean Ann started work — one day before last trimester ended. One day after vacation started she got engaged, which is the fastest English office romance on record. "I said they still need student assistants in the department. With Henry Wardsworth Cupid working overtime, the line of applicants forms to the right, gals (Quit pushin'! Me first)!"

Shortages may be prevalent over the country, but Ann Zimmerman and Ruth Tankersley are hoping for an early end to the door knob shortage. Lacking a knob for their room in Jarvis, Ann and Ruth use a comb or toothbrush to open the door.

To work in the English office, you have to know everything. And if you don't believe it, just ask Mrs. Ruth Angell. Seems the other day she answered the office telephone, which was mistake No. 1. Mistake No. 2 was the farmer who was calling. A plane had just crashed in

his corn patch, and could T. C. U. please tell him what to do with it? As far as Mrs. Angell knows, there are no English rules covering airplanes!

Joe Tilly, new student manager of football, has a job on his hands when some of the big boys get rough with him. But Joe is more than equal to the occasion. He looks right in their eyes and says, "You had better watch your step, fellow, or I'll flatten you right here." Funny part about it is that Joe is just a little over 5 feet.

Greek is Greek at anytime but Greek at 7 o'clock IN THE MORNING is the worst form of Greek, in the studied opinion of seven early birds enrolled in Dr. W. V. Roosa's Greek class. Rumor — and facial expressions — indicates that this early hour does meet with general approval. Quote: "Why, 7 o'clock comes just shortly after midnight!"

Charles Webb and Bob Wortham were exchanging congratulations in Spanish class this week. Both are brand new fathers. Charles is the father of a baby girl and Bob is the father of a baby boy. Nice going, papas.

If Francis E. Barnes, religion major and Skiff reporter, doesn't get his stories in The Skiff, why should he worry. He's the editor of The Evening College News and if he wants his copy printed — it's printed!

Curtis Firkins Joins Vet Staff As Appraiser

With more and more veterans enrolled in school, the Vocational Rehabilitation Guidance Center in Clark Hall has found it necessary to expand its office force.

Besides a new stenographer and two trainees out of the Waco office, a new appraiser has been added for the school.

The appraiser, Curtis J. Firkins, will begin work March 15.

He received his B. A. and M. A. at the University of Illinois. In addition, Mr. Firkins has had several years experience in counseling, and through the war was a member of the staff of counselors of the Red Cross. In this position, he served 18 months in the fighting zones of the Pacific Theater.

Coeds Take Over Campus Officers, Adding Dignified 'Feminine Touch'

With male hands in the majority on board the old Scholar-Ship again these days, Frogland's reconversion is almost complete. But the tidal wave of veterans has yet to reach the student body skipper and her first mates.

Aye, lads, the president, vice-president, secretary and treasurer of the student body are all girls, and all seniors at that. In fact, of the 32 Student Council members, only five are boys!

Prexy Nel Epperson calls the meeting to order with a shake of her blonde head. Vice-president Polly Terrill checks up on her notes. Secretary Peggy Glover reads the minutes, and Treasurer Barbara Medford gets down to work on a report of affairs in the business office.

Nel has had plenty of experience

at the president stuff, though, for she has been skipper of both her freshman and junior classes. That isn't all of her list of "things I have done at T. C. U." either. She is junior favorite in the 1946 Horned Frog, and she was also a class favorite in her freshman year.

This is Polly's second term as student body vice-president, so she won't get any gray hairs from worrying about what she'll have to do this trimester. She already knows.

A speech-drama major, Polly has appeared in "Brief Music," "The Torch-Bearers" and "Pride and Prejudice" on the T. C. U. stage. She's a senior class favorite, and—apart from school—she models hats for the Chebeck Hat Studio in the Bewick Building, Fort Worth.

Secretary Peggy is also a senior term in office. She's a senior class favorite, and she was a favorite as a sophomore, too. She also has secretarial experience as secretary and treasurer of her sophomore class.

A geology major, Peggy is president of the Natural Science Club. "I've got black hair and blue eyes—guess," she says.

Since she's a business administration major, her job as student body treasurer is right down her accounting book, according to Barbara. She is social chairman of the B. & P. W. Club on the campus.

Incidentally, fellows, her brown hair and blue eyes won't do you any good. She's already engaged to Jim Chiles, who is in the N. R. O. T. U. Unit at the University of Texas. They'll be married in June. By the way, horses and Jim are her favorite hobbies.

Duchess "In the Pink" For Big TSCW Festival

There's a lot that meets the eye when you meet Kay Sims, junior from Paint Rock. And that's probably why she was chosen to represent T. C. U. as a duchess at the T. S. C. W. Redbud Festival in Denton tomorrow night.

The petite brunette, by way of introduction, is also sophomore class favorite in the 1946 Horned Frog, and she was vice-president of her freshman class.

Her gown for the "Tessie-land" ball has a pink satin top and a pink net skirt. And it's got drop-shoulders, too, the brown-eyed Kay will inform you.

Not that she'll actually say "you." It'll be her West Texas form of "ya'all" speaking.

An art major, Kay is a Spanish

minor. Her hobby, right now anyway, is sketching the girls at Foster Hall. She hasn't tried blackmail, yet, but she admits that it's an idea.

The 18-year-old rancher's daughter lists Mexican dishes as her favorite food, and she loves to ride horseback and swim. She doesn't think she'll follow her Brother Dunny's footsteps and be student body president. (He graduated in 1943.)

She is "5-feet-6," and her club activities include Los Hidaigals, Bryans, the Brushes Club, the Choral Glee and the Student Fine Arts Council.

Incidentally, she doesn't consider her "college career" unusual. "I guess I'm just an average citizen," she says, but there are mighty few who would agree with her about that.

Frog lashes

By "Kelly"

Some of you students who have a lot of afternoon classes, leaving time for recreation in the morning, will be interested to know that free golfing privileges have been granted by the Worth Hills Course each Monday morning, the free period ending at 1 p.m.

Alford, all-conference end and captain of the 1942 eleven, is assisting Coach Abe Martin with the dozen or so ends out for spring practice. A star for the AAFTC Skymasters last fall, Bruce is back in the University to complete his degree work, interrupted some time back by an assignment from his Uncle Sam. "I plan to finish up between professional football seasons," Bruce reports. After a busy day of classes, P. T. instruction and helping Abe with would-be ends, Bruce goes home and explains the finer points of football to Bruce, Jr., age 11 months, who ought to be playing with the Frogs in about 1964!

Highly promising nominees for goldom's "Duffer Cup" play are Frank Kring and Forrest Black, who are reported to have received runs from various Fort Worth courses "for damages inflicted to playing premises." Kring's comment: "Well, gosh, we're only amateurs!"

Outstanding among the passers in grid work-outs are Leon Joslin and Lindsey Berry. Some of the old-timers say the pair reminds them of Sammy Baugh and Davey O'Brien. Baugh was a year ahead of O'Brien; Joslin is a year ahead of Berry. Joslin is all like Baugh; Berry is short like O'Brien. Now if the two boys will stick it possible to keep the comparisons alive two years from now.

Frog baseballers got a lift Monday when Rabbit McDowell, former Fort Worth Cat infielder and veteran of Texas League play, worked out with Coach Walter Roach's candidates. Rabbit gave the infielders a lot of good tips that might come in handy when competition opens.

Two other "old-timers" who are helping the coaching staff with grid practice grid chores are Derrell Palmer and Leonard Pugh. Palmer, all-conference tackle and co-captain with Alford of the 1942 team, is leading Mike Brumbelow a hand with the tackles. Derrell played service football under Mike in Hawaii, and has signed with the New York Yankees of the new All-American League. Pugh, who played his last year as a guard and tackle with the Frogs of 1941, is helping Mike teach the flock of guard candidates how to do it. Pugh is working on a Master's degree.

Coach Hub McQuillan has the best solution for the basketball problem of the bean-pole type of player who has become so important in recent years. "Don't change the rules to handicap the tall boys," Hub says. "Just go out and get yourself one!"

Don't be surprised if Frog golfers do pretty well for themselves in the Stock Show tournament. Coach Tom Prouse has some pretty nifty swing-ers in his foursome who should be able to give any college team in these parts a good run for their money.

Eight Teams Expected for Intramural Softball
The intramural softball tournament will begin next week. Bill Smith, assistant to Prof. Tom Prouse, will be in charge. Prof. Prouse reports that applications are now being received.

Judged by the preseason interest, eight teams are expected to enter. There will be two leagues, four teams in a league, and the winner of each league will meet for the championship.

Frog Pitchers Looking Adequate

Roach Seeks Games To Test Purple Talent

Coach Walter Roach breathes easier this week—his heretofore doubtful Frog pitching staff has increased to a total of eight hurlers since the beginning of practice two weeks ago. He is happy in the belief that any one of them will be able to hold his own under fire in the race for the conference flag this year.

Heading the list of newcomers is James Ditto, returned serviceman. Ditto is a big right-hander, who is returning to school with a reputation as a speedball artist in the U. S. Navy.

Roach also announces that First Baseman Gus Bierman, who was not certain of being able to compete—because of other affairs, will definitely remain in action.

A proposed intra-squad game was rained out Tuesday, but Roach is seeking a practice game with a Fort Worth city loop team for either today or tomorrow, if weather permits, to ferret out his best combination and to add polish.

He plans to use any or all of his mound crew, with Harry Mullins catching. At first will be either Bierman or Tom Orr; second, Hubert Joiner or Brown Childs; shortstop, Ed Allen; third, Benny McClure; in the outfield, George Stancoff, Bill Fullhart and Jimmy Jones.

The Purple will play their first regular game with Oklahoma University, when the Sooners come here for a two-game series Wednesday and Thursday.

Seven lettermen now occupy places on the baseball roster, which has been subject to frequent change since the start of practice March 1. Several squadmen from last season and men who gained experience on service teams back up the waves of the "T."

Coach Roach has two lettermen as a nucleus for his pitching staff—Preston Thompson and Earl Conrad—with Jimmy Talley, James Ditto, George Rowden, Richard Kramer, Don Thompson and Claude Scott rounding it out.

Letterman Gus Bierman is back at first base, and may divide time at that post with either Tom Orr or J. C. O'Neal.

At second base, Letterman Hubert Joiner will work with Brown Childs, Ben Benjamin, Bucky Clements and Ed Allen make up the list of aspirants at the shortstop slot.

James Barnett and Benny McClure have been holding down the third-base position, and either man may get the nod.

Outfield Well Fortified.
The outfield is well fortified with lettermen in Monroe Harrclson and Jimmy Jones, who are supplemented by Bill Fullhart, John Newton, Don Tinsley, Winford Carlisle, George Stancoff and George Towles.

Handling the pitchers behind the plate will be Letterman Harry Mullins, and Ralph Porter and Carl Koch.

New Trimester Officers Elected by Relations Club

INSTRUCTION

from Head Coach Dutch Meyer is handed out to some of the highly-rated grid material now engaged in spring practice. Left to right, on the Stadium rail, are Lindy Berry, Wichita Falls; Charley Johnson, Denison; Coach Meyer; Jim Lucas, Pecos; and Scott Ellis, Monahans.

Biggest Frog Grid Squad Packed With Talent, Experience and Lots of Competition for Jobs

The biggest squad in the history of T. C. U. reported for spring football practice last week. After two weeks of hard blocking and tackling, there are still 80 boys in the squad. The competition is keen at every post and the boys realize it will take plenty of hustle to earn a starting berth.

With 39 candidates for the backfield positions, Head Coach Dutch Meyer is having a job picking his starting foursome. There is talent galore at every spot and a good share of the men are big and experienced.

David Bloxson, a returnee from Houston, who hits 205 pounds and runs with plenty of power, is fighting it out with Elwood Turner, letterman from Tullia, for the fullback spot.

Scott Ellis, a broad shouldered boy from Monahans, is showing plenty of speed and deception in the right wing-back slot. Hubert Landrum, hard blocking back from Refugio, is giving Scott plenty of competition.

A. J. Coker from Comanche, Tom Bishop from Killen, and Wayne Roberts from Lubbock are other good prospects for the wingback positions.

George Mitcham, letterman in '45, who plays a good brand of football, can't be counted out of the picture.

The tailback position is loaded with good material. James Lucas, letterman in '41, seems to do everything well. Another good tailback is Lindy Berry, who is a freshman from Wichita Falls. Lindy is a fine passer and throws 'em off his right ear the way Coach Meyer likes to see it done. Leon (Continued on Page 4)

15 Thinly Clads Will Compete In Track Meet

Frogs to Be Handicapped Against Fast Competition In Fat Stock Show Events

Fifteen Frog track men will compete in 12 events today and tomorrow in the university division of the 23rd annual Southwestern Exposition Track and Field Meet at Farrington Field.

"Since the majority of the boys are freshmen who entered school March 1, we'll be greatly handicapped by lack of experience, conditioning and team work in the relays," says Coach Ross Clark, "but we'll do the best we can. The fast competition will be good for the squad."

By "fast competition" the coach was probably referring to Hurdler and Broad Jumper Ralph Tate of Oklahoma A. & M. and Rice's August Erfurth, another good timber topper. The University of Texas will be on hand with a flock of good sprinters (several cover 100 yards in 9.9), middle distance and distance men.

There are only three events the Frogs will not enter. They are the 440-yard relay, pole vault and javelin throw.

Fred Pool will run the 120-yard high hurdles, Albert Creech the 100-yard dash, Hutt Brown the mile run, David Gordon and Melvin Shumacker the quarter-mile, Bill Oglesby and N. H. Prewitt the 220-yard dash, Ben Hays and Pool the 200 and 220-yard low hurdles, and Phil McCarthy and Ed Donlon the half-mile.

The mile relay team will be made up of Buddy Stewart, Hays, Schumacker and McCarthy.

K. Shockley and Gariand Polk will try the broad jump, and Shockley the high jump. Tom Hudgins hurls the discus and Frank Wallin heaves the shot.

Six to Represent Purple in Golf

Three seniors and three freshmen led a field of 15 golfers through a 72-hole qualifying round match at Ridgela this week to earn the right to represent T. C. U. in the Southwestern Exposition Golf Tournament tomorrow at Meadowbrook Country Club.

Seniors Spud Cason and Webb Walker, and Freshmen Bill Flowers, James Bell and Jack Garrett paced the largest squad of candidates in Frogland's golf history through the 280-par tournament played under conference rules and in bad weather.

The third senior, Eddie Revercomb, suffered a badly sprained ankle midway through the try-outs and still has 36 holes to play.

A 1940 veteran and the only returning letterman, Revercomb carded a 157 at the halfway mark and can still tee off at 8:30 a. m. tomorrow in the Exposition Meet by finishing his final 36 holes in the qualifying round today.

In the event Revercomb's injury prevents his entering the tournament, Flowers, Bell, Cason and either Garrett or Walker will tee off for the Frogs.

Coach Tom Prouse plans 36 holes of match play next week to determine who's who for the top four positions on the team. Matches with Texas A. & M., S. M. U. and Baylor are in the planning stage for the latter part of March and the first two weeks in April.

James Barnett and Benny McClure have been holding down the third-base position, and either man may get the nod.

Outfield Well Fortified.
The outfield is well fortified with lettermen in Monroe Harrclson and Jimmy Jones, who are supplemented by Bill Fullhart, John Newton, Don Tinsley, Winford Carlisle, George Stancoff and George Towles.

Handling the pitchers behind the plate will be Letterman Harry Mullins, and Ralph Porter and Carl Koch.

"Howdys" Hung Out To Greet Newcomers

"Name. Age. Address. And, uh—phone number??? Oops, pardon, newcomer, but we Frogs like to be friendly round hyar." Yep, that's the kind of conversation that is being hung over the back booths at the Drug and across seats in class rooms these days as oldsters on the Hill put the welcome sign on new students and introduce them to the T. C. U. tradition of saying "Howdy" to one and all—even teachers.

A Navy Frog back on the campus is EUDELL ("SHORTY") MAY. The English office remembers him as the V-12er who won the 1944 Bryson Poetry Prize. He's a business major now, and just call him "Pop." Daughter Nancy Caroline will celebrate her 4-month anniversary this March.

Another business major (well, probably, anyway) is RICHARD OWENS, a Paschal graduate and more recently pride of the Army. He received his discharge in February, and his overseas tour of duty included Italy and Okinawa.

JEAN NEWSOME is following Sister Vesta's footsteps by coming to Frogland, but she doesn't think she'll go along with sis' major, which was art. Jean, incidentally, was a drum majorette at Paschal High last year, and she'll probably twirl for the Frog banner come this football season.

And there's a freshman named CARLOS N. GWINN making tracks in the sands of Frogland this trimester, too. But don't let the "Carlos" fool you into taking shumba lessons, girls. He's as Irish as St. Patrick and the Blarney Stone combined.

WILLIAM FLOWERS is taking advantage of his physical education major with a golf scholarship. He's a freshman from Technical High.

"GeeEye" BETTY MARIE BOOT-EN is an ex-Army nurse on the campus. She served in Paris, Brussels and in England.

EARL TRACY got in two months at T. C. U. before the National Guard took him in 1940. Although he was an officer, he's mum about his rank because, "The war's over, and it don't mean a thing."

Freshman LE CREATH RENFRO takes the long way home. He studies at T. C. U. in the morning and then shoots out to the airport after school to work as a mail clerk.

T. C. U. is college No. 3 for BETTY JO COPELAND. She's an art major and has attended Ward Belmont and the University of Texas. Incidentally, she was chosen "Miss Fighting Lady" by the ship's crew last year.

A drummer with Army hands for the past five years, TOMMY PONDS is now a business administration major. He's looking for a spot with a local band to keep on the boogie beam, however.

The Treadway twins, JANE and JEAN, are taking in the campus together. They are roommates in Jarvis Hall, they dress alike, and they're both journalism majors. As for boy friends, "We have one apiece," says Jane.

CARL JOHNSTON from Houston is a sophomore music major. He recently exchanged his membership in the 101st Airborne Division for membership in the T. C. U. band, orchestra and chorus.

Like most freshmen, MARY FOX is having a hard time deciding on her major subject. With her, it's a toss-up between math and home economics. Freshman PAT CATES from Dallas isn't having any trouble about what to take, however. She's majoring in journalism because her father is a newspaperman.

If anyone is looking for a trip around the world (well, sort of), just go see TONY DAVILA from Tucson, Ariz. He was overseas for three years and one day, and he has been to France, England, Germany, South America, Australia and Japan—to mention only a few of his Army haunts.

ALVIS HARDIE is another ex-serviceman who is carrying books again. He spent five years in the Navy and was in Tokyo Bay when the armistice was signed.

FORREST BLACK, ex '42, has returned to the Hill as a senior to complete work on his degree in physical education. Black, who was with an anti-aircraft battalion in the Pacific, says he will spend three-quarters of his time studying and the other quarter playing golf. (It says here, anyway.)

Heavy claims for being the "longest-termer" on the campus are being made by BILLY JONES and LEONARD PUGH, both recently discharged from the AAF. Pugh, now working on his M. A. in physical education, swears that he was a freshman in T. C. U. in 1936, and Jones, senior physical education major, was sporting a freshman topper in 1937. Neither of the two ex-gridders will give any ground as to his exact age.

Although he's not back in school yet, DERRELL PALMER, ex-Frog footballer of 1942 and recent ex-Marine, is having a tough time keeping his fingers out of the college pie. Palmer is currently helping out with spring training and plans to get in a

little more book larnin' before showing off for New York this fall as a pro prospect.

Comedy to Highlight Faculty Tea

"A Marriage Proposal," a one-act comedy by Anton Tchekoff, will be presented by the Dramatics Club for the Faculty Women's Club's Fine Arts tea at 2:30 p.m. Tuesday in Foster Hall.

Miss Polly Terrill, Bob Buschman and Morton Walker make up the cast.

Miss Jerita Foley is stage manager.

Miss Spiller to Wed Charles Wright

Miss Rilla Spiller and Charles Wright will be married in Menard, the home of Miss Spiller, April 12. Miss Spiller is a former student and Wright is a freshman.

The couple will make their home here, while Wright continues his work in the University.

Natural Science Club To Name Officers

The Natural Science Club met yesterday for the purpose of reorganization. Club membership is now on an honorary, or scholastic, basis. New officers were elected at the meeting, to be announced next week. The club also discussed plans for an all-campus dance to be held soon.

The engagement of Miss Charlotte Perkins of Nachodoches to Al Reader was announced recently. He is a premed student.

X-RAY tests were taken by new students (GI's excepted) during registration days. Shown here is Miss Roberta Bolin, Fort Worth, being tested by Miss Mary Jane LaRue, Tarrant County health worker.

Tennis Practice To Start Monday

Tennis, like spring, is just around the corner. Dr. Fred West, one of the top amateur racquet wielders of the nation, has again volunteered his services as coach and will receive applications for the team at any time in his office at Brito College.

If enough candidates sign up, Coach West plans to start work-outs Monday afternoon on one of the city courts. Since construction of the new men's dormitory will eliminate all but two of the tennis courts, only two of T. C. U.'s matches will be played at home.

The only definite match date set so far is with Texas A. & M. at College Station April 10. S. M. U. and Baylor will probably provide competition for the home games.

At present, West has only five boys on his roster; Sidney Marks, a junior, Freshmen Hap Manning and Jack Levenson and Sophomores Bill Robinson and Raymond Robbins. Robbins and Robinson lettered in 1945. All have good high school and tournament records.

After a squad list is drawn up and the boys have a few weeks of practice, West plans to enter the top five in the River Oaks tournament in Houston April 15.

Biggest Frog Grid Squad Packed With Talent

(Continued From Page 3)

Joslin, letterman from last year, is going to have his hands full beating James and Lindy out of that position.

Filling the center position is going to be the hardest job for Coach Meyer. Doug Brightwell, who lettered there last year, has been shifted to guard. Jim Cooper is the only letterman center left, but Jim, for his size, is as good as they come. The most promising new prospect at the pivot post is Tom Orr, from Poly High, who is six feet, three inches and weighs 210 pounds.

Capt. Fred Taylor and Beekie Ezell, lettermen in '45, seem to have a firm hold on the end positions, but Bill Kemplin from Gainesville, an unheralded boy who has plenty of hustle, will likely play plenty of football next fall.

Another good end prospect is Tommy Webb from Waxahachie. Tommy is the tallest man on the squad and weighs 205 pounds. He is a fine pass catcher.

Norman Morrill and Ray Newton, lettermen of last year, are doing a good job at the guard posts, but there are many good looking new prospects. M. E. ("Stumpy") Owens is very much in the race for the position. Stumpy played for Line Coach Mike Brumbelow in the Navy in Hawaii.

Other guards who are pleasing the

coaches are Arthur Renaud of Fort Worth, Jim Cook of Graham, and Allen Pike of San Angelo.

The tackle positions are being held down by last year's lettermen, J. C. Oneal, Henry Rose, and John Cook. Some of the better looking new prospects are John Polzen from Taylor, and Hubert Eoff from Comanche.

Because of the wealth of material that each school in the Southwest Conference will have next fall, a new two-team system will probably be adopted. There will be an "A" and "B" squad.

The "B" squad, made up of boys who aren't quite good enough to make the "A" squad, will play the "B" squad of another school the day before the two "A" squads of the same schools play.

The "B" squad player can be elevated at any time to the "A" squad. Coach Meyer believes this will keep the boys hustling because they all want to play.

A list of the squad by positions follows:

- Tailbacks**
James Lucas, Pease; Leon Joslin, Waxahachie; Lindy Berry, Wichita Falls; Tom Hodgins, Fort Worth; Coker, Grose, Fort Worth; Leroy Berger, Amarillo; Rowland Hill, Fort Worth.
- Wingbacks**
Scott Ellis, Monahans; Wayne Roberts, Lubbock; Robert Landrum, Refugio; Charles Jackson, Denton; William Sweet, Fort Worth.

Bill Venner, Terrell; George Mitcham, Worth; Ned Shotwell, Lufkin.

Fullbacks
David Blossom, Houston; Elwood Tullis, Jimmy Hunt, Fort Worth; Ralph Harold White, Fort Worth; Jim Burns, Joe Carney, Comanche.

Blocking Backs
Tom Bishop, Killean; Pat Wright, A. J. Coker, Comanche; Horace Houston, Springs; Carl Koch, Kansas City; Jay Well, Fort Worth; Spud Shearer, Day Center.

Centers
Tom Orr, Fort Worth; James Cooper, radio; Mike Wright, Bowie; Holt Jackson, W. B. Nappu, Texas; John right, Fort Arthur; Charles Pressley, Day Center.

Tackles
J. C. Oneal, Anna; John Cook, Frank Baker, Phillips; Bill Anderson, W. B. Nappu, Texas; Edwin Kapp, Cox, Jackshorn; Edwin Kapp, Cox, Henry Rose, New Braunfels; John Taylor, Weldon, Waxahachie; Ray Bryan, Big Springs; Grade Kain, Mike Hubert Eoff, Comanche; Bill McClure, Burns.

Guards
Norman Morrill, San Francisco; Allan San Angelo; Clifton Gaffey, Colorado; Wickersheimer, Lufkin; Don Tinley, Worth; Charles Perkins, Oswego, Kan.; Tommy Webb, Waxahachie; Ray Stump, Fort Worth; Douglas Brightwell, Alvin; Arthur Renaud, Fort Worth; M. E. Owens, City; John Stoneham, Plainview; Jim Graham.

Ends
Fred Taylor, Denton; Jim Jones, Worth; Bill Kemplin, Gainesville; Bobby James Vuk, Fort Worth; Beekie Ezell, my Nails, Fort Worth; Shirley Anderson, Tommy; Weldon, Waxahachie; Harry M. Norman Bradshaw, Fort Worth; Bob York, Pa.

Twenty girls attended a "Sp Day Clinic" in Denton Saturday, leges participating in the clinic: T. W. C., T. S. C. W., and T. C. U. The group from T. C. U. was guest of Dr. Anne Shelly Dugas.

Open House Out For Intramurals

The Intra-mural Open House will not be held this year. In the past the Open House took place during the first week in March, but Prof. Tom Prouse says that, because of the break between trimesters, it was impossible to organize the competition in time to avoid a conflict with other spring sports.

"I'd rather not have the Open House if it's going to be a flop," he adds.

For many years the affair has been one of the most entertaining and successful events on the campus and Prof. Prouse wants to keep the good record.

Next year, when the Hill is back on a semester basis, Prof. Prouse is planning a better-than-ever Open House.
