

Crockett, Texas  
April 13, 1943

Mr. Amon G. Carter  
 Ft. Worth, Texas

Dear Mr. Carter:

I received your kind and sympathetic letter Saturday and I wish to thank you for your thoughtfulness. I have received letters from different parts of Texas from people who has written me about my son and I just can't express my gratitude enough. I know that someday he will be coming home and I live only to see him return. I truly hope by now that you have heard the whereabouts

of your son in North Africa.  
I also have a son there. He  
has just landed there and  
seems to enjoy himself  
very much. We are going  
to have to have courage to  
see this thing through and  
we are going to have courage  
because we are Americans  
and can take it. I also sym-  
pathize with you and  
yours in your anxiety.

Respectively,  
Mrs. Pearl Burson
