Allen, Tex. July 27 1891

Dear Mama:

I return sister's most excellent letter. She does write a model letter. I fear they will not do so well in No. They here to get up and here breakfast at 5 o'clock. Sister will not improve on that kind of fare. I wish they could here stayed longer at Eureka. I think will be ready to come home by the time I wish to start to Vernon. But I shall say nothing about their returning. I want them to stay as long as they please, and can enjoy themselves.

We had a good meeting last night

There are four additions.

Aunt Angie came to meeting yesterday, and Grace last night.

These are the only ones who have been out. Aunt Angie looks very feeble. She was really not able to come out, but said she could not think of not seeing me. I took a little nap since dinner, and dreamt that the meeting had closed and I would get to go home before the Melissa meeting. We had ~~a~~ rain to day, which I suppose was the cause of the dream.

I am getting a little tired and somewhat home sick. Yesterday nearly wore me out. I was completely exhausted last night.

Such crowds and so hot. And I went out in the country for a late big dinner.

Love to all.

Lovingly, A. Glass.
