Congress of the United States  
House of Representatives  
Washington, D. C.

August 1, 1950

Mr. Amon G. Carter, President  
Fort Worth Star-Telegram  
Fort Worth, Texas

Dear Mr. Carter:

Thank you for your letter and the copy of a telegram which you have sent to President Truman, giving your views on the need for complete mobilization in these serious times.

I agree that the President should be given full stand-by authority to establish all necessary economic controls and shall so vote when the measure comes before the House.

It is good of you to contribute your thoughts and suggestions at this time. I enjoyed my visit with you last fall while I was with Senator Johnson and Senator Russell and I hope to see you again soon.

Sincerely yours,

  
Homer Thornberry
