Mr. Amon G. Carter  
Fort Worth, Texas

Dear Mr. Carter:

I recieved a post card  
from Edward this morning  
written June 30, from camp 64.  
It is only a short message and  
was sent to the War Department  
by the Red Cross, and the War Dept.  
sent it to me. He said he  
was all right, had recieved no  
mail, and for me to send  
him food and a picture.  
That was all he said. It didn't  
fill the card even, so

evidently he had been told to make it brief so it would go through quicker. At the top of the card he printed "Rush Message" and all of the message was printed in pencil. However, I know Edward wrote it because he always prints the addresses and it looks just like it.

I hope you have heard from Amon Junior by now. If not, maybe you will in a day or two.

Sincerely yours,  
Mrs. Edward Batte
