

Judge Grosscup
in McClure for Feb-
on How to Save The
Corporation -
"What shall it profit
a nation to gain the world
and lose its soul?"

Wannacker, The German
sculptor, once spent two
years in a statue of The
Christ. When it was finished
he called in a little child
to see if she would recog-
nize it. "It is some great
man", she said - and Wan-
nacker knew that he had
failed. Disappointed and
saddened, he went to work
again; and after he had
thought six years over
more the task was finished.
Again he called a little child;
and while she looked upon
The statue, unconsciously she
murmured to her mur-
muring, "Suffer little children
to come unto me" - and the
sculptor knew this time he
had succeeded.
