FACULTY PLEASE NOTE

This week a small poster will be placed in the special dining room requesting no smoking. The Administrative Committee has asked me to explain to the Faculty that since we do not permit students to smoke in the cafeteria we must ask that the same courtesy be observed in the small dining room.

REGARDING THE GRADUATING LIST

You have seen in the Skiff the tentative official list of candidates for completion of degree requirements as of May 29. Department heads are again requested to check to see if any of their majors have been omitted, that is those who should be included. Also check to see if any name appears which you are reasonably sure should not be included. As you know many details have to be checked and we must have all available and accurate information to present to the Classification Committee and the Deans at an early date.

CONCERNING RANCH WEEK PROGRAM

We have agreed to dismiss classes at 12:00 o'clock noon, Friday, April 8, through Saturday, April 9. The student leaders have agreed to do everything they possibly can to prevent any interference with our regular academic program up to the time classes are dismissed at 12:00 o'clock on Friday. We trust it will be successful, but if there is any interference with the academic program before Friday noon, we would appreciate having the information in writing, explaining the circumstances. The student leaders have stated they would like to have as many faculty members as care to do so to attend the Ranch Week events.

FOR THOSE WHO MAY BE INTERESTED

The Southwest Council of Student Christian Associations, in cooperation with Southern Methodist University and the Texas Council of Church-related Colleges, is happy to announce a faculty consultation on Religion in Higher Education for all colleges in Texas, Arkansas, and Oklahoma, at S. M. U. on April 30 and May 1, 1949. This is to be a working conference rather than a mass meeting. Faculty members who are interested may call Dr. Mundhenke or Miss Shelburne for more detailed information.
