

December 1, 1950

Miss E. Louise Zoller, Curator  
Will Rogers Historical Monument  
14253 Sunset Blvd  
Pacific Palisades, California.

Dear Miss Zoller:

Mr. Carter received your letter just as he was leaving for New York, signed the Contract of Gift of Personal Property in quadruplicate and asked that I return them to you.

He appreciated your sending the post cards and photograph indicating your selection of the sight for the Bust and thinks your choice a fine one.

Mr. Carter was extremely disappointed not to have had an opportunity to visit you while in California but he reported it one of the busiest meetings they had had for the American Petroleum Institute. As a director he did attend all the meetings and then left immediately for home inasmuch as he had this New York trip facing him plus all the Christmas activities he does each year.

Thanking you for your courtesy and cooperation, I am

Yours very truly,

Secretary to A. G. Carter.
